(F) Rough Inspection. Before any interior electrical wiring shall be concealed from view, or in the event said wiring is in conduit, before such conduit shall be concealed from view, the person, firm or corporation installing same shall give notice to the inspector who shall, as soon as possible after receipt of said notice, schedule the inspection of said work, and no such work shall be concealed from view before the expiration of forty-eight (48) hours from the receipt of said notice, unless the electrical inspector shall make his inspection and approve such work, before the expiration of the forty-eight (48) hours.

(G) Final Inspection. (1) Before any electrical current shall be used upon any electrical wiring of any character the electrical contractor or his master electrician shall notify the city inspector's office that the job is ready for final inspection. The city inspector shall schedule the inspection for the following work day or as soon as conditions permit. If the electrical inspector finds the installation has been constructed in accordance with the rules and requirements of the Code, he shall record the approval of the inspection on the appropriate form provided by the city inspector's office. Such approval shall state the name of the inspector and the date of the inspection.
(2) When final inspections are requested it will be necessary for the electrical contractor to arrange for the structure or structures to be inspected to be open in order that the inspection can be made. Occupied structures or structures containing personal property will not be entered by inspectors unless accompanied by owner or owner's representative.

(H) This ordinance shall not be construed to relieve from or lessen the responsibilities of any person, firm, or corporation owning, operating, or installing electrical wires, appliances, construction or equipment, for the damage to property or persons injured by any defect therein, nor shall the city or any agent thereof be deemed to assume any such liability by reason of the inspection authorized herein of the certificate of inspection issued by the electrical inspector.

Section 2. That this ordinance shall not take effect until April 1, 1981, but shall be in full force and effect from and after said date.

Section 3. That all ordinances or parts of ordinances in conflict with this ordinance are repealed to the extent of that conflict.

Section 4. That an emergency is hereby declared to exist and this ordinance shall be in full force and effect from and after its passage.
