MEMO

From: Bryan Patrick

To: Mayor and City Council

Amendment to the Zoning Ordinance to Revise Notification Requirements for Conditional Use Permits, Re-Zonings, and Zoning Variances; Also Omit Requirement for Applicant Created Ordinance

Certified Letter with Return Receipts
A request for a conditional use permit, re-zoning, and zoning variance requires three notifications; a newspaper public notice, a public hearing sign on the property, and certified letters to property owner’s within 200 feet of the property boundaries. The certified letter requirement was written many years ago. Newer and less expensive mailing options now exists.

An amending ordinance has been prepared to change the certified letter requirement to a first class letter with certificate of mailing. This would reduce the costs of mailing notification while still providing the ability to confirm delivery.

Typical cost of mailing for certified letter vs. First class with certificate of mailing:
First Class with Certificate of Mailing = $1.60
First Class Certified with return receipt = $5.75
Cost Savings 20 letters - 20@5.75=$115 20@1.60=$18.40; Cost savings of $96.60

Applicant Created Ordinance as Part of Rezoning Application
This amending ordinance would also do away with the requirement for an applicant prepared ordinance as part of a re-zoning application. Currently, a rezoning applicant must prepare and submit an ordinance for the property in question. This requirement was written when ordinances were typewritten and was a time saving measure for City workers. Ordinances are now prepared on computer in a standard format. This requirement is no longer necessary and adds confusion to the submittal process.

Amendment to the Zoning Ordinance to Require a Conditional Use Permit to operate a Child Care Facility in Office Zoning Districts

Several Council members have requested a change to the Zoning Ordinance to require the approval of a day care operation through the Conditional Use Permit process in all office zoning districts.

Currently, Child Care is allowed by right in O-1 (General Office) and O-2 (Quiet Office).

The amending ordinance also makes a “housekeeping” correction to the Zoning Ordinance. There are conflicting matrices concerning Child Care in C-1 (Downtown Commercial). Section 401.5 - Commercial and Office Districts, C. Use Regulations, 1. Permitted Uses, Child Care, indicates that a Conditional Use Permit is required to operate child care facilities in C-1. Addendum A list this use as allowed “by right”. Section 1 of the proposed ordinance would correct the commercial district matrix to match the matrix found in Addendum A.

Dear Council Members:

Scott Hayes request for a Conditional Use Permit to allow MF-1 density in an R-2A zoning district for property located at the northeast and southeast corners of Monroe and Factory Streets with the legal description

Lots 14, 15, 16, and west half of Lot 17, Block 4, Harkrider Addition; and Lots 12 and 13, Block 5, Harkrider Addition.

was reviewed by the Planning Commission at their regular meeting on January 21, 2014. The Planning Commission voted 5 – 3 to forward this request to the City Council without recommendation. The applicant and area property owners met after the Planning Commission meeting. The two parties would like to request an additional condition be placed on the conditional use permit request. The condition would state that "The permit is only applicable to Scott and Robin Hayes. The permit is not transferable and does not "run with the land"." Building triplexes with a conditional use permit would raise the number of units allowed from five (5) units to nine (9) units. The following two items were discussed as possible conditions.

1. Number of dwelling units allowed.
2. Type of structure – Triplexes required (as opposed to a 6-unit apartment building).

Sincerely,

Jeff Allender, Chair
