City of Conway
Council Agenda

Council Meeting Date: Tuesday, August 12th, 2014

5:30pm – Committee Meeting: No Committee Meeting

6:30pm - Council Meeting

Call to Order: Mayor Tab Townsell

Roll Call: City Clerk/Treasurer Michael O. Garrett

Minutes Approval: July 22nd, 2014

Employee Service Awards

1. Report of Standing Committees:

A. Economic Development Committee (Airport, Conway Corporation, Conway Development, Chamber of Commerce)

1. Consideration to approve Addendum #1 for the ground lease agreement for the Conway Municipal Airport.

2. Consideration to approve the construction management plan for the FAA 2014 AIP grant for the Conway Municipal Airport.

B. Community Development Committee (Planning, Zoning, Permits, Community Development, Historic District, Streets, & Conway Housing Authority)

1. Resolutions requesting the Faulkner County Tax Collector place to place certified liens on certain properties as a result of incurred expenses by the City.

2. Consideration to approve the Pine Street acquisition and relocation expenses for the Community Development Block program.

3. Consideration to approve a new Historic District Commission member to fill a vacancy ending December 31, 2014.

4. Ordinance to accept grant proceeds and appropriate funds for the Historic District Commission to be administered by the Planning and Development Department.

5. Consideration to approve a request of payment for a rent subsidy related to the Conway Western Arterial Loop Project, South Interchange right of way acquisition of Tract 75.

6. Consideration to enter into an agreement with Metroplan for the adaptive signal control corridors (Dave Ward Drive).
7. Resolution to accept maintenance, operations, and right of way of State Highway 60 Spur (South Donaghey Avenue) from the Arkansas Highway and Transportation Department.

8. Ordinance to rezone property located at 1525, 1625, & 1801 Washington Avenue and 1618 Clifton Street from MF-3 to S-1.

9. Ordinance to rezone property located at the 1600 Block, South Salem Road directly east of 1674 South Salem Road from A-1 to R-1.

10. Consideration of a conditional use permit request from Sheena Ivory to allow in-home child care for property that is located at 604 South Davis Street.

11. Consideration of a conditional use permit request from SiteExcell to allow a 100 foot tall stealth cell tower for property that is located at 2600 Dave Ward Drive.

C. Public Services Committee (Sanitation, Parks & Recreation & Physical Plant)

1. Consideration to approve the bid for a 2014 Ram Baler for the Conway Sanitation Department.

D. Personnel

1. Ordinance appropriating funds for expenses related to civil service commission entry level and promotional fire fighter and police officer testing.

Adjournment
TO: Mayor Tab Townsell
CC: City Council Members
FROM: Josh Zylks, Airport Manager
DATE: August 4, 2014
SUBJECT: Addendum #1 / Ground Leases

Attached is the first addendum for the airport ground leases at the new Conway Municipal Airport at Cantrell Field.

This addendum, which will apply to all ground lease holders, ensures equal lease terms for every ground lease tenant.

Please advise if you have any questions or need any additional information.

Thank you for your consideration.
FIRST ADDENDUM

WHEREAS, Allison Leasing, LLC., hereinafter referred to as Lessee, and the City of Conway, hereinafter referred to as Lessor, have entered into a lease agreement on the 19th day of June, 2014, by which the Lessee has been granted authority to construct and use a property designated in said lease for a corporate aircraft hangar and

WHEREAS, the parties have agreed that said lease should be amended or this addendum should be added to provide that all rights and benefits granted to any other Lessee on the Conway Airport currently or in the future are to be added to and become a part of the above mentioned lease and to that end and for the mutual promises and considerations hereinafter set forth the parties agree as follows:

1. That the Lessee is hereby granted and afforded all current benefits and all future benefits granted to any other Lessee and/or tenants of the Conway Airport property.
2. That this addendum is to become a part of the original lease.
3. That any portion of the original lease mentioned above that is contrary to the terms of this addendum are hereby changed to conform to this addendum.
4. This addendum applies to the current lease mentioned above and any amendments, changes, renewals or additions to said lease unless specifically changed or altered in said amendments, changes, renewals or additions.

WITNESS OUR HANDS on this ____ day of ________________, 2014.

City of Conway

ACKNOWLEDGMENT

STATE OF ARKANSAS

COUNTY OF FAULKNER

On this day before the undersigned, a Notary Public, duly qualified and acting in and for the county and state aforesaid, personally appeared John W. Allison, for and on behalf of Allison Leasing, LLC., satisfactorily proven to be the person whose name appears in the foregoing instrument, and state that they have executed the same for the consideration, uses and purposes therein stated.

In witness whereof, I hereunto set my hand and seal on this ___ day of ________, 2014.

My Commission Expires

/ / /  

Notary Public
TO: Mayor Tab Townsell
CC: City Council Members
FROM: Josh Zylks, Airport Manager
DATE: August 4, 2014
SUBJECT: Construction Management Plan Approval

I have attached the Construction Management Plan for the FAA 2014 AIP grant for your approval. We have to approve the Construction Management Plan separately because it contains the contract with the Quality Assurance Testing Firm for the project, Thomas & Associates.

The costs for this Quality Assurance testing are covered under the FAA 2014 AIP grant, which the City Council previously approved.

Please advise if you have any questions.

Thank you for your consideration.

APPENDIX B  QA TESTING FIRM CONTRACT AND QUALIFICATIONS

APPENDIX C  MATERIAL TESTING REPORT FORM (EXAMPLE)

APPENDIX D  FAA FORM 5370-1 CONSTRUCTION PROGRESS AND INSPECTION REPORT (EXAMPLE)
I. INTRODUCTION

This program serves as a guide for the quality management of the construction phase of the airport improvements outlined in the Contract Documents for Airport Improvement Program Project 3-05-0089-007-2014. The project includes construction of additional corporate apron paving, additional t-hangar apron paving, and the construction of an access road to the t-hangars. The Sponsor will conduct quality assurance operations via engineering supervision, construction observation, and materials testing in accordance with FAA Advisory Circular 150/5370-12 "Quality Control of Construction". The Contractor will provide quality control operations. The Sponsor is the City of Conway, the Engineer is Garver, the QA Testing Firm is Thomas & Associates, and the Contractor is Weaver-Bailey Contractors, Inc.

The Engineer will provide construction observation and engineering supervision while the QA Testing Firm will conduct materials testing for acceptance and quality assurance. The Engineering supervision and construction observation qualifications are included in Appendix A. The Sponsor’s contracts with the QA Testing Firm are included in Appendices B. The technical specifications containing construction materials that require quality control testing include:

P-501 Portland Cement Concrete Pavement

III. CONSTRUCTION OBSERVATION

The Engineer will provide the required construction observation for the construction phase of the project with engineering supervision and field personnel that are qualified to observe the work described in the Contract Documents. Qualifications of the engineering supervision and construction observation personnel are included in Appendix A.
The Engineer's Construction Observer, Project Engineer or Project Manager shall be on the project site at least at beginning of these following critical operations:

1. Construction of Portland Cement Concrete Pavement.

Construction observers shall be fully qualified to make interpretations, decisions, and field computations and have knowledge of the testing requirements and procedures contained in the specifications. The construction observer shall have the authority to reject unsatisfactory workmanship and materials that are not in conformance with the specifications. The construction observer's primary duties are as follows:

1. Checks activities to ensure compliance with the plans and specifications. Informs the contractor of any work that is in noncompliance.
2. Ensure that all testing required by the specification is performed. All commercially produced products, such as pipe and reinforcing steel, that are used on the project will be accompanied by numerical test results or a certification from the manufacturer that the material meets the applicable standards.
3. Visits the testing laboratory to determine if it has the equipment and qualified personnel necessary to conduct the tests required by the specifications.
4. Ensures that tests are performed at the frequency stated in the specifications. Determines when and where tests will be taken and witnesses tests. If not indicated in the specifications, a sufficient number of tests are performed to verify that the construction is acceptable.
5. Reviews test reports and certifications for conformance with the specifications. Each test report for material in-place, at a minimum, will contain the following:
   a. Test performed and date.
   b. Applicable standard or project specification.
   c. Test location.
   d. Test result.
   e. Action taken on failing tests.
   f. Lot size and location and adjusted contract price when statistical acceptance procedures are specified or when provisions allow for reduced payment.
6. Maintains a file of test reports and certifications.
7. Informs the contractor of deficiencies so corrections can be made and retesting performed prior to covering any substandard work with additional material.
8. Documents quantities of materials used on the project by actual measurements and computations in a field notebook or computer printouts retained in a folder. For materials paid for on a weight basis, a summary of the material placed each day will be kept in the field notebook. The notebook and/or computer printouts, supported by the original set of weight tickets, are the basis for payment.
9. Maintains a set of working drawings on the job site that can be used to prepare "as-built" drawings.
10. Reviews payment requests from the contractor.
11. Maintains a diary that contains daily entries made and signed by the resident engineer. Each entry should include the following, plus any additional pertinent data:
a. Date and weather conditions.
b. Names of important visitors.
c. Construction work in progress and location.
d. Size of contractor’s work force and equipment in use.
e. Number of hours worked per day for contractor and subcontractor.
f. The substance of important conversations with the contractor about conduct, progress, changes, test results, interpretations of specifications, or other details.

12. Submits copies of FAA Form 5370-1, Construction Progress and Inspection Report, or equivalent form to the appropriate FAA Airports Division/District/Field Office upon request.

IV. CONSTRUCTION MATERIALS QUALITY ASSURANCE TESTING

Thomas & Associates (herein called the "QA Testing Firm") will provide the required material testing for the construction phase of the project. The QA Testing Firm will be under contract with the Sponsor and will be responsible for providing the construction materials quality assurance testing in accordance with the technical specifications and this Construction Management Plan. The QA Testing Firm will coordinate directly with the Resident Engineer/Observer. Qualifications and accreditations of the QA Testing Firm and its personnel are included in Appendix B.

The QA Testing Firm will perform the tests described on the following "Construction Material Quality Assurance Tests" table. They will report the test results to the Resident Observer as soon as available using the Construction Materials Test Results forms at Appendix C. Typically, results shall be provided to the Resident Observer verbally within one hour and electronically within one working day.

The Resident Engineer/Observer will initiate appropriate action for all failing tests. The QA Testing Firm may submit other standard report forms for the Engineer's approval. The proposed form shall include all required information. Additionally, the QA Testing Firm shall provide a monthly summary of all material testing completed and clearly indicate which tests are retests of previously failed, quality assurance tests. The QA Testing Firm shall be responsible for distinguishing in their billing the quality assurance testing required due to previously failed tests.

The Resident Engineer/Observer will evaluate the test results against to the specified acceptance criteria for the applicable test. The Resident Engineer/Observer will notify the Contractor of the test results, whether the results meet the acceptance criteria, and the appropriate action required by the Contractor. The Resident Engineer/Observer and the QA Testing Firm will maintain records of test results.

The Resident Engineer/Observer will use the "Construction Materials Testing Results Form" in Appendix C to provide a Construction Materials Quality Control Summary to the FAA upon request. The summary will contain a list of all tests performed showing the date, location, pass or fail, results of retests, and whether or not the test is eligible or ineligible under the AIP program. The summary will include a certification that all testing was in accordance with this Construction Management Program.
The Engineer will prepare a summary of materials not passing and the penalty called for by the technical specifications. The Engineer will submit the summary to the FAA upon request and will indicate when and to what extent penalties are imposed.

Should test results or observations indicate noncompliance with the Plans and Specifications, the following communication and follow-up action will be implemented, as applicable:

1. Verbal notification to the Construction Observer and Construction Superintendent.
2. Calibration check on equipment used to determine the noncompliance item, if applicable.
3. Confirmation of noncompliance through retesting and/or follow-up observations.
4. If a solution to the nonconformance issue is not reached in a reasonable time frame, additional qualified contractor personnel will be contacted to assist in identifying and correcting the problem.
5. If a severe nonconformance problem is detected and a reasonable solution cannot be implemented in a reasonable time frame, the Construction Superintendent will consult with the Project Engineer and the applicable work will be suspended.
6. The work will commence only after the Construction Superintendent and Project Engineer concur that a solution to the problem has been found and successfully implemented.

* For all nuclear testing, two random readings are required for each test sublot.
** In lieu of testing, the Engineer may accept certified state test results indicating that the material meets specification requirements.
*** "As specified by the Engineer"
**** One set of laboratory compacted specimens shall consist of three test “portions” prepared from the same sample increment.
APPENDIX A

ENGINEERING SUPERVISION & CONSTRUCTION OBSERVATION QUALIFICATIONS
Blake Roberson, PE  
Project Manager  

Blake Roberson is a Project Manager in our Aviation Group with ten years of experience. Blake’s responsibilities include design coordination, plan preparation, specification preparation, client contact, and construction management. Blake has experience working at numerous Arkansas air carrier and general aviation airports. Blake’s airport and site development project experience includes runway extensions, parallel taxiway extensions, pavement overlays, runway safety area improvements, utility installation, hangar construction, pavement rehabilitation, ramp expansion, property acquisition, and parking lots.

Conway Municipal Airport Design – Phase 1, Conway, Arkansas.  
Project Leader responsible for providing management and oversight, including project planning, design, property acquisition support, and coordination to design and oversee construction of a new airport in Conway. The airfield will include a 7,000-foot runway with full instrument approaches, a full-length parallel taxiway, terminal, fuel, and parking facilities.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.  
Project Leader responsible for bidding, design, and construction management.

Conway Municipal Airport Terminal Design and Construction, Conway, Arkansas.  
Project Leader responsible for providing design services for a 6,300-square-foot terminal building to serve the Conway Municipal Airport. Building amenities include a pilots’ lounge, office space for airport management, a line room for airport staff, and a large conference room for use by local industry.

Project Leader responsible for management, design, and oversight to build a new regional airport. Responsibilities include grading and drainage design, preliminary plans and design, and Stage 1 plans. The airport will feature a 5,003-foot runway, a full parallel taxiway, apron tie-down space for nearly 30 aircraft, T-hangars, a terminal area with space for a general aviation terminal building, fueling facilities, space for T-hangar development, associated vehicular parking, and an access road.

Saline County Regional Airport – Stage 2 (Paving and Lighting Design and Construction), Bryant, Arkansas.  
Aviation Engineer responsible for designing the airfield pavement phase for the new airport, which included two stages. The first involved paving half of the airfield with a 2-inch asphalt section. The second stage included lighting, utilities, and paving the entire airfield to 4-inch thickness. The airport features a 5,000-foot runway, tie-down space, fueling facility, T-hangars, private hangars, full parallel taxiway, security fencing, and access road.
Saline County Regional Airport Parallel Taxiway Construction, Bryant, Arkansas.
Project Leader responsible for the construction phase for a parallel taxiway and terminal area fencing project. Responsibilities included coordinating with the commission, grant closeout, site visits, pavement management plan, and construction support and administration.

Heber Springs Municipal Airport Taxiway and Apron Rehabilitation, Heber Springs, Arkansas.
Project Leader responsible for bidding, design, and construction management. This project included applying a rejuvenator seal coat, crack cleaning and sealing, and pavement marking on the parallel taxiway and apron.

Bill and Hillary Clinton National Airport Runway 18-36 Extension, Little Rock, Arkansas.
Project Leader responsible for managing construction for the first stage of a 1,100-foot extension of the general aviation runway located on the west side of the airfield. Responsibilities also included reviewing submittals and coordinating construction activities with the construction observer. Extending the runway included extending two taxiways, relocating the perimeter road, constructing the relocated runway safety area, installing the associated lighting and navigational aids, relocating water and sewer mains, and relocating a city street.

Monticello Municipal Airport Terminal Area Fencing, Monticello, Arkansas.
Project Leader responsible for design, bidding, and construction support services to construct approximately 5,400 linear feet of 7-foot chain link fence in the terminal area with a barbed wire extension, one 20-foot automatic sliding cantilever gate and operator system, three 20-foot manual double-swing gates, and two 4-foot pedestrian gates.

Woodruff County Runway Sealcoat and Marking, Augusta, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance to seal coat the runway, taxiway, and apron and to remark the runway pavement with non-precision markings.

Houston Executive Airport Construction Support, Houston, Texas.
Aviation Engineer responsible for construction document support to construct a new green-field, privately-owned, public-use airport. Responsibilities included shop drawing review, construction document preparation, and on-site construction observation.
Jordan Culver, PE
Project Manager

Jordan Culver is a Project Manager in our Aviation Group with seven years of experience. Jordan is experienced in managing production teams, handling client relations, coordinating with the FAA and state agencies, and serving as a direct contact for clients and contractors during project construction. Jordan is also a LEED Green Associate and is an ADB Certified Airfield Professional for Airfield Lighting.

Hot Springs Memorial Field Terminal Apron and Taxiways Expansion and Rehabilitation, Hot Springs, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on the first two construction phases of this multi-phase project that included constructing a segment of new taxiway parallel to Runway 13, realigning Taxiway "A" to connect with Taxiway "D," providing a complete parallel taxiway for Runway 5-23, and expanding the terminal apron for more aircraft parking.

Hot Springs Memorial Field Runway 13-31 Rehabilitation, Hot Springs, Arkansas
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on this multi-phase project that included narrowing Hot Springs' crosswind runway from 150 feet to 100 feet, completely removing and replacing pavement structure at two high traffic volume intersections, shifting the crown to the revised centerline, and constructing a bituminous overlay for the length of the runway.

Rogers Municipal Airport Parallel Taxiway “A” Construction, Rogers, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on the final three construction phases of this multi-phase project that included constructing a new parallel taxiway on the airfield’s east side. The project included removing the old parallel taxiway that did not meet the runway to parallel taxiway separation requirements. The project included complex phasing and multiple night and weekend closures of the runway to allow construction inside of the runway safety area.

Jimmie Austin Seminole Regional Airport Taxiway, Apron, and Access Road, Seminole, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on this project that included constructing taxiway and apron north of the terminal and existing airport development. The new taxiway and apron will provide airfield access to future hangars and airport development proposed on the airport layout drawing.

Wilburton Municipal Airport Runway 17-35 Lighting, Wilburton, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant administration on this project that included installing new LED-type medium intensity runway lights on Runway 17-35 as well as airport lighting control vault equipment. Prior to the project, the airfield was an unlit airfield without an electrical vault.
Randy Evans
Construction Observer

Randy Evans is a Construction Observer with more than 20 years of experience. Randy’s responsibilities include ensuring that the contractor and subcontractors are working in accordance with plans and specifications, that survey work has proper controls for accurate placement of structures and grades, and that on-site materials are properly stored and inventoried. Randy also maintains daily weather, contractor’s forces, and work completed and contract time used records; reviews the results of project site testing; monitors work schedules; and alerts the design staff to potential problems in construction and scheduling conflicts.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for the relocation of Lollie Road and earth work construction.

Conway Municipal Airport Design – Phase 3, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing fill and embankment placement, QA testing, and checking contractor’s paperwork.

Conway Municipal Airport Design – Phase 4, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing embankment placement, fence placement, ditch and concrete paving, soil cement stabilization, and earthwork.

Tulsa International Airport Runway 18L-36R – Construction Observation, Tulsa, Oklahoma.
Construction Observer responsible for providing construction phase services. Responsibilities included observing concrete placement and paving.

Conway Bike Trail along Tucker Creek, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for this 12-foot-wide asphalt pathway that includes bridge crossings and parking lot tie-ins and extends 2.5 miles through the city.

North Salem Road Extension, Conway, Arkansas.
Construction Observer responsible for providing construction phase services to extend 0.6 miles of roadway on new alignment, including curb and gutter, sidewalk, wheelchair ramps, and intersection improvements at both ends. The roadway connected Meadowlake Drive to U.S. Highway 64. The project was constructed in cooperation with Arkansas Highway and Transportation Department for the new I-40 interchange project in northern Conway.

Harkrider Street Roundabouts and Pedestrian Improvements, Conway, Arkansas.
Construction Observer responsible for providing construction phase services to construct two two-lane roundabouts and a pedestrian underpass for Hendrix College students. This project was a joint effort between Arkansas Highway and Transportation Department, City of Conway, and Hendrix College.
APPENDIX B

QA TESTING FIRM CONTRACT AND QUALIFICATIONS
CONTRACT

THIS AGREEMENT Made this _____ day of ________, 20___, by and between the City of Conway, acting through its duly authorized representatives, party of the first part, hereinafter called the "OWNER", and:

Thomas & Associates, Inc.

party of the second part, hereinafter called "TESTING FIRM".

WITNESSETH:

That for and in consideration of the payment hereinafter mentioned, to be made and performed by the OWNER, the TESTING FIRM hereby agrees with the OWNER to commence and complete the construction materials testing for Schedule 2 for the project "Stage 2B - Paving and Lighting" at the new Conway Municipal Airport.

The TESTING FIRM, having examined the Technical Specifications and the Construction Materials Quality Control Plan, hereby agrees to furnish all tools, appliances, equipment and specified materials, and perform all necessary labor for "Construction Materials Quality Control Testing" for "2014 Paving" at the new Conway Municipal Airport, in strict accordance with the Technical Specifications and the Construction Materials Quality Control Plan at and for the unit prices agreed to herein.

The number of tests shown on the Unit Price Schedule is estimated. The actual number of tests performed will be determined by the Engineer. Some tests may not be performed. The quantity of tests to be paid for will be the actual number of tests performed in accordance with the Technical Specifications and the Construction Materials Quality Control Plan and accepted by the Engineer.

The TESTING FIRM agrees to perform the work in accordance with the Construction Materials Quality Control Plan and all provisions attached hereto and made a part hereof as though copied in full herein, for and at the prices agreed upon herein.

During the performance of this contract, the TESTING FIRM, for itself, its assignees and successors in interest, agrees as follows:

1. The FAA, Airport Owner, Comptroller General of the United States or any of their duly authorized representatives shall have access to any books, documents, papers and records of the TESTING FIRM which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts, and transcription. The TESTING FIRM shall maintain all required records for 3 years after the Airport Owner makes final payment and all other pending matters are closed.

2. Compliance with Regulations. The TESTING FIRM shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred C-1
to as the Regulations), which are herein incorporated by reference and made a part of this contract.

3. Nondiscrimination. The TESTING FIRM, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The TESTING FIRM shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

4. Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the TESTING FIRM for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the TESTING FIRM of the TESTING FIRM’s obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

5. Information and Reports. The TESTING FIRM shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Airport Owner or the FAA to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a TESTING FIRM is in the exclusive possession of another who fails or refuses to furnish this information, the TESTING FIRM shall so certify to the Engineer, Airport Owner or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information.

6. Sanctions for Noncompliance. In the event of the TESTING FIRM’s noncompliance with the nondiscrimination provisions of this contract, the Engineer shall impose such contract sanctions as it or the FAA may determine to be appropriate, including, but not limited to:

6.A withholding of payments to the TESTING FIRM under the contract until the TESTING FIRM complies, and/or:

6.B cancellation, termination, or suspension of the contract, in whole or in part.

7. Incorporation of Provisions. The TESTING FIRM shall include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The TESTING FIRM shall take such action with respect to any subcontract or procurement as the Engineer, Airport Owner or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event TESTING FIRM becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the TESTING FIRM may request the Engineer to enter into such litigation to protect the interests of the Engineer,
and in addition, the TESTING FIRM may request the Airport Owner to enter into such litigation to protect the interests of the Owner and, in addition, the TESTING FIRM may request the United States to enter into such litigation to protect the interests of the United States.

8. Disadvantaged Business Enterprise Policy. It is the policy of the Department of Transportation (DOT) that disadvantaged business enterprises as defined in 49 CFR Part 23 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 23 apply to this agreement.

9. DBE Obligation. The TESTING FIRM agrees to ensure that minority business enterprises as defined in 49 CFR Part 23 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, all TESTING FIRMs shall take all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. TESTING FIRM shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

The OWNER agrees to pay, and the TESTING FIRM agrees to accept, as full and final compensation for all work done under this agreement, the price agreed upon herein, said payments to be made in lawful money of the United States at the time and in the manner set forth in the Specifications.

For the consideration above expressed, the TESTING FIRM agrees to perform the work in a timely matter during the construction of the project.

RE: Nuisance Abatement at 2002 Prince, Conway AR
Cost of Clean-Up, Amount Due: $140.21

Dear Mr. & Mrs. Johns,

Because you failed or refused to remove, abate or eliminate certain conditions on the aforementioned real property in the City of Conway, after having been given seven (7) days notice in writing to do so, the City of Conway was forced to undertake the cleanup of this property to bring it within compliance of the Conway Municipal Code.

The City of Conway is requesting payment for all costs expended in correcting said condition. If after thirty (30) days from the receipt of this letter notifying you of the cost to correct said condition, such payment has not been remitted to the City, the City has the authority to file a lien against real estate property for the cost expended after City Council approval.

At its August 12, 2014 Meeting, 6:30 p.m. located at 810 Parkway Street, the City Council will conduct a public hearing on three items:

1. Consideration of the cost of the clean-up of your real property.
2. Consideration of placing a lien on your real property for this amount.
3. Consideration of certifying this amount determined at the hearing, plus a ten percent (10%) penalty for collection & filing fees, to the Tax Collector of Faulkner County to be placed on the tax books as delinquent taxes and collected accordingly.

None of these actions will be necessary if full payment is received before the meeting date. Please make check payable to the City of Conway and mail to 1201 Oak Street Conway Arkansas 72032 with the attention to Missy Schrag. If you have any questions, please feel free to call me at 501-450-6191.

Sincerely,

Missy Schrag

RE:  Nuisance Abatement at 1327/1329 Robins, Conway AR
Cost of Clean-Up, Amount Due:   $863.10

Dear Mr. Patrick,

Because you failed or refused to remove, abate or eliminate certain conditions on the aforementioned
real property in the City of Conway, after having been given seven (7) days notice in writing to do so, the City of
Conway was forced to undertake the cleanup of this property to bring it within compliance of the Conway
Municipal Code.

The City of Conway is requesting payment for all costs expended in correcting said condition. If after thirty
(30) days from the receipt of this letter notifying you of the cost to correct said condition, such payment has not
been remitted to the City, the City has the authority to file a lien against real estate property for the cost expended
after City Council approval.

At its August 12, 2014 Meeting, 6:30 p.m. located at 810 Parkway Street, the City Council will conduct a
public hearing on three items:

1. Consideration of the cost of the clean-up of your real property.
2. Consideration of placing a lien on your real property for this amount.
3. Consideration of certifying this amount determined at the hearing, plus a ten percent (10%) penalty for collection & filing fees, to the Tax Collector of Faulkner County to be placed on the tax books as delinquent taxes and collected accordingly.

None of these actions will be necessary if full payment is received before the meeting date. Please make
check payable to the City of Conway and mail to 1201 Oak Street Conway Arkansas 72032 with the attention to
Missy Schrag. If you have any questions, please feel free to call me at 501-450-6191.

Sincerely,

Missy Schrag

To: Mayor Tab Townsell and Conway City Council
From: Lauralee McCool Director, Community Development Dept.
Date: 8/7/2014
Re: Pine Street Acquisition and Relocation Expense

The Community Development Department is pleased to announce that agreements have been made with the owners of 1421, 1423 and 1425 Factory Street properties for the voluntary acquisition of these parcels by the City of Conway. This acquisition is consistent with and part of the Pine Street Revitalization project that has been approved by City Council in the Cities CDBG Annual Action Plan, from which funding will come. Approval of this acquisition will allow the City to move forward with design and implementation strategies for the remainder of the block, adjacent to the Spruce Pocket Housing Project, Conway Cottage Courts, currently under pre-development.

As part of the acquisition, relocation services are needed for one family occupying the property located at 1423 Factory, whom qualifies under the Uniform Relocation Assistance and Real Property Acquisition Policies Act (URA). The total acquisition cost for all three properties total $75,000, and the relocation assistance is estimated not to exceed $13,800, for a total cost of $88,800 which is under budget for this project. All Environmental Reviews have been completed, and contracts signed pending your approval.

If you have any additional questions concerning this, you may contact Scott Grummer at 501-450-6105 or scott.grummer@cityofconway.org

(501) 450-6100
(501) 450-6145 (f)
Please provide the following information for consideration to a City of Conway Board/Commission.

List community/civic activities. Indicate activities in which you (or your nominee) are or have been involved.

- Antioch Baptist Church
- Ducks Unlimited
- Volunteering - Storm Cleanup, Senior Citizens Ctr.
- American Red Cross - Blood Donor

Indicate why you (or your nominee) are interested in serving on this board or commission and what other qualifications apply to this position.

After living in Conway for over twenty years, I’ve seen the growth and progress that has been made. I hope to provide valuable input and ideas for the many projects in and around the district. Some of the projects, such as the Robinson Historic District Expansion and Donaghey Corridor, will directly affect me, as both a citizen and property owner.

What contributions do you hope to make?

- Ideas, as the area transitions from residential to a mixed-use. Also, knowledge I have gained from doing rehabilitation on several homes.

Please feel free to attach to this application any additional information.

The City of Conway strives to ensure all City Boards/Commissions are a representative of our diverse community. To assist in these endeavors, please provide the following information on a voluntary basis:

    South Interchange
    Right of Way Acquisition

Dear Mayor Townsell:

The renter, Daisy Butler Passmore, was displaced from Tract 75 (Brownlee Property), and request payment for eligible rental subsidy in the amount of $12,600 for the difference between their previous housing cost and the current housing cost as presented on the attached form.

This amount is computed by our right of way acquisition consultant, OR Colan & Associates, based on eligible compensation for person relocated by a highway construction project.

Please advise if you are in agreement with this request.

Funds for the property acquisition have been previously identified as the street project sales tax revenue.

Thanks,

Ronnie Hall, P.E.

Adaptive Signal Control on Dave Ward Drive

Dear Mayor Townsell:

In January, the Metroplan Board approved the City of Conway's application for funding under the System Optimization Group Category for Adaptive Signal Control System deployed along Dave Ward Drive.

Under agreement with AHTD and FHWA, Metroplan has hired an on-call engineering firm to perform the engineering services for the Adaptive Signal Systems and the City of Conway will actually bid the project. The engineering consultant will: 1) provide an operational analysis of the corridor, 2) a system engineering report, 3) prepare the bid package for the City, 4) assist the City with construction inspection, and 5) complete a before and after analysis of the corridor. Tasks 1 & 2 must be completed and approved by Metroplan and FHWA before proceeding to the remaining tasks.

Before a notice to proceed can be issued to the consultant, the city must provide the estimated 20% match for engineering services and complete the attached agreement. The total required match for engineering services is estimated at $27,000. This amount will be adjusted after Task 1 & 2, with the city being billed for any additional match if necessary.

Sincerely,

Casey R. Covington
CARTS Study Director

Cc: Finley Vinson
Project Agreement
Between
Metroplan and the City of Conway
For Engineering Services
For Adaptive Signal Control Corridors (Dave Ward Drive)

Agreement made as of ____, August, 2014, between Metroplan, A Council of Local Governments, 501 W. Markham, Little Rock, AR 72201 and the City of Conway, Arkansas, City Hall, 1201 Oak St., Conway, AR 72032.

This agreement is made pursuant to the City of Conway submitting an application to Metroplan for funding under the System Optimization Category for Adaptive Signal Control System for Dave Ward Drive and Metroplan Board Resolution 14-01 adopted January 29, 2014; awarding the project funding under the category.

No therefore, Metroplan and City of Conway agree as follows:

1. Metroplan Responsibilities
   1.1. Hire a consulting engineering firm(s) in accordance with Federal-aid requirements to provide engineering services which include preliminary engineering, and construction engineering for the Project.
   1.2. Manage the consultant contract and maintain accounting records for federal reimbursement.
   1.3. Provide 80% of the project funding through STP-Attributable funds and request the 20% Match from the city.

2. City of Conway Responsibilities
   2.1. Provide Metroplan with 20% of the cost of the consultant contract, AHTD administration cost, and Metroplan administrative cost.
   2.2. Assign a full time staff members to the project, actively participating in the projects development and providing timely reviews of draft material.
   2.3. Be responsible for 100% of all project cost incurred should actions of the city result in the project being declared non-reimbursable by FHWA or if the project is canceled.

3. Duration
   3.1. This Agreement is effective upon authorization of the Metroplan Executive Director and the Mayor of the City of Conway. The agreement shall continue in full force and effect until project completion.

   4.1. This Agreement may be amended by mutual written agreement of the parties. No waiver by any party of any terms or conditions of this Agreement shall be deemed or construed waiver of any other terms or conditions, nor shall a waiver of any breach be deemed to constitute a waiver of any subsequent breach whether of the same or a different provision of this Agreement.
4.2. This Agreement shall be administered by the Metroplan Executive Director or his/her designee and the City of Conway or his/her designees. Each party shall notify the other of its designee, and at any time thereafter of a change in designee.

IN WITNESS WHEREOF the parties have executed this agreement.

Resolution No. R-14-___

A RESOLUTION TO ACCEPT MAINTENANCE, OPERATIONS, AND RIGHT OF WAY OF STATE HIGHWAY 60 SPUR (SOUTH DONAGHEY AVENUE) FROM THE ARKANSAS HIGHWAY AND TRANSPORTATION DEPARTMENT,

WHEREAS, the Arkansas Highway and Transportation Department no longer has need for State Highway 60 Spur as a highway route; and

WHEREAS, the Arkansas Highway and Transportation Department is prepared to donate the Highway 60 Spur right of way to the City of Conway; and

WHEREAS, the City of Conway is willing to assume responsibility for the maintenance and operation of Highway 60 Spur to provide expedient development, access management and permitting; and

WHEREAS, the Arkansas Highway and Transportation Department has agreed to overlay the existing asphalt of Highway 60 Spur to improve the substandard pavement to an acceptable condition from the University Park Apartments driveway to Pinnacle Ridge Road (with the exception of the roundabout at Favre Lane).

NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CONWAY, ARKANSAS, THAT:

SECTION 1. The City of Conway hereby approves acceptance of the Highway 60 Spur right-of-way from the Arkansas Highway and Transportation Department conditional upon the agreement of the Arkansas Highway and Transportation Department to provide an asphalt overlay as described above.

Conway, AR 72032

Dear Council Members:

Sheena Ivory request for a Conditional Use Permit to allow in-home child care for property that is located at 604 South Davis Street with the legal description

Lot 26, Colonial Acres Subdivision

was reviewed by the Planning Commission at their regular meeting on July 21, 2014. The Planning Commission voted unanimously to forward this request to the City Council with a recommendation for approval with the following conditions attached.

1. The conditional use permit is applicable to Sheena Ivory only. The permit may not be transferred to another day care operation at this location.
2. Hours of operation are 6:00 a.m. to 7:00 p.m., Monday through Friday.
3. Signage is limited to a 2 foot by 2 foot non-illuminated wall sign.
4. No outdoor sound system allowed.

Sincerely,

Jeff Allender, Chair
Planning Commission

East for a distance of 505.66 feet to the Point of Curvature of a curve to the right that has a delta angle of 90 deg. 41 min. 31 sec., a radius of 40.00 feet, and a chord bearing and distance of South 42 deg. 48 min. 08 sec. East for 56.91 feet, thence 63.31 feet along the arc of said curve to the right to the Point of Tangency; thence South 01 deg. 59 min. 47 sec. West for a distance of 102.99 feet to the Point of Curvature of a curve to the left that has a delta angle of 87 deg. 00 min. 53 sec., a radius of 75.00 feet, and a chord bearing and distance of South 41 deg. 30 min. 39 sec. East for 103.27 feet; thence 113.90 feet along the arc of said curve to the left to the Point of Tangency; thence South 85 deg. 01 min. 06 sec. East for a distance of 67.09 feet to the Point of Termination of said centerline of easement on the West Right-of-Way line of Farris Road, containing 1.26 acres, more or less.

was reviewed by the Planning Commission at their regular meeting on July 21, 2014. The Planning Commission voted 6 – 2 to forward this request to the City Council with a recommendation for approval with the following conditions attached. Planning Commissioners Jerry Rye and Jeff Allender voted against the motion to approve the conditional use permit request.

1. All prescribed conditions per the Conway Zoning Ordinance shall be met along with the two specific conditions below.
2. An 8-foot tall wooden privacy fence shall surround the enclosure. Any security fencing shall be behind this wall out of sight.
3. 2” caliper d.b.h. Evergreen trees shall be planted around the perimeter of the privacy fence on the west, north, and east as shown on submitted plans.

Sincerely,

Jeff Allender, Chair
Planning Commission

MUST HAVE EXEMPTION (TAX) CERTIFICATE BEFORE BILLING.
AN ORDINANCE APPROPRIATING FUNDS FOR THE CITY OF CONWAY CIVIL SERVICE EXPENSES; AND FOR OTHER PURPOSES:

Whereas, The City of Conway has a need to pay for expenses related to Civil Service Commission entry level and promotional fire fighter and police officer testing at a cost of $14,000, and expenses to amend the Conway Civil Service Rules and Regulations in the amount of $2,500 for which funding has not previously been provided.

Whereas, budgetary authority for such expenditure has not previously been provided;

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CONWAY, ARKANSAS THAT:

Section 1. The City of Conway shall appropriate $14,000.00 for expenses related to the Civil Service Commission entry level and promotional fire fighter and police officer testing; and $2,500.00 for expenses to amend the Conway Civil Service Rules and Regulations from the General Fund – Fund Balance Appropriation Account (001.119.4900) to the Civil Service Account (001.119.5770).

Section 2. All ordinances in conflict herewith are repealed to the extent of the conflict.

PASSED this 12th day of August, 2014.
