MEMORANDUM

TO: MAYOR TAB TOWNSELL

FROM: RONNIE HALL, P.E.
CITY ENGINEER

DATE: February 6, 2008

REFERENCE: 2008 Street Projects

The Street Department work crews are scheduled to complete the following 2007 Street Projects by the end of March 2008:

1. **Blaney Hill Road** - Reconstruct road to 24' asphalt w/ 6' gravel shoulders from Stone Road to Skinner Hill Rd with overlay of exist pavement to western city limits.

2. **Richland Hills Road Overlay** - Hilton Dr. to Richland Hills Cove.

3. **Siebenmorgen-Courtway-Freyaldenhoven Roundabout** - Construct new box culvert (3 barrels 12' x 5' box culvert) under Siebenmorgen Road & complete west leg of Roundabout.

Following this work they will be available to begin a new project. It would help us if the street overlay list could be finalized soon allowing us to perform the preparation work for the overlays during the wet winter and spring months and make more staff available for street projects during the summer.

**2008 STREET FUND PROJECTS**
I have attached a summary sheet listing several street overlay and street reconstruction projects. Our budget includes $473,000 for street overlays and reconstruction. The following projects in my opinion need to be funded to properly address the maintenance of the street infrastructure:

1. **Farris - Bruce Roundabout** - $80,000 - The existing four way stop at this location backs up several blocks during peak hour traffic. The roundabout should allow traffic to move freely thru this intersection.

2. **Donaghey Street Overlay** - Washington to Meadowlake - $62,000
   The existing pavement along this section of street is failing as can be seen by the cracking section of asphalt and the depressions developing along the vehicle wheel path. The heavy volume of traffic will destroy the integrity of the existing pavement if the street is not repaved soon. The strength and durability of the street is dependent on the thickness of sound asphalt pavement. If the pavement is allowed to deteriorate we will lose the strength the existing asphalt pavement provides.

3. **Exchange Avenue Overlay** - Dave Ward to Runway - $85,000
   Heavy industrial loads are causing the failure of the pavement along Exchange Ave. As described above, the overlay
is needed before the existing pavement section deteriorates further. The repairs of this road would give a more favorable impression to the current and potential industrial residents regarding the city's commitment to maintain the access to their facilities.

4. **Commerce Street Overlay** - Exchange to Harkrider - $58,000 - As described above heavy industrial loads are causing the failure and is needed before the existing pavement section deteriorates further. The repairs of this road would give a more favorable impression to the current and potential industrial residents regarding the city's commitment to maintain the access to their facilities.

5. **OAK ST. STREETSCAPE** - Chestnut to Court - $78,834 - This project would continue the sidewalk improvements along Oak street eastward to Court Street. The cost presented does not address any drainage or flooding issues. City crews would perform the work (market value of $167,648) with the estimated cost of $78,834 for materials and outside contractors only. Asphalt paving of this section of street is included in the estimate.

6. **Joint County/City Projects** - County Judge Preston Scroggins has offered to joint venture the improvement of three roads that are generally 50% in the county and 50% in the city. The Judge has offer to perform the repairs to the subgrade and placement of crushed stone base course and pay for 50% of the asphalt paving on the following roads:

1. **Lower Ridge Road** - Victory Ln. thru East German Ln. (2,600 feet) - 50% of the asphalt cost is $33,000
2. **Bill Lucy Dr.** - along north side Simon School (2,600 feet) - 50% of the asphalt cost is $24,000
3. **Middle Road** - East German Lane to Skunk Hollow Road - (5,000 feet) - 50% of asphalt cost is $62,500

These roads are in poor condition and certainly need attention. This gives us an opportunity to get these streets improved at minimal cost.

### IMPACT FEE & CARTS FUNDED PROJECTS

The following projects are presently programmed for funding from non street fund sources:

1. **Harkrider** - Fleming to Spruce - Four lane median divided roadway with 208’ diameter roundabouts at Siebenmorgen and at Winfield. The project also includes a pedestrian underpass on the north side of Siebenmorgen Road. This project is estimated to cost $4,600,000 with 80% federal funding thru Metroplan and 20% local match. The AHTD is presently acquiring ROW for this project. The relocation of a 16” waterline must be completed before this project can get underway. It is estimated that the waterline relocation will not be completed until late fall.

2. **Tyler Street** - Eve Lane to Willow Wind Subdivision - 36' curbed street with sidewalk on south side. $836,935 - Funded with street impact fees. Bid opening in February
3. **Salem Road** - Nutter Chapel Rd. to north boundary of the "Greens @ Nutter Chapel PUD". This project is needed to prevent the further destruction of the pavement along this section of Salem or along Nutter Chapel Rd by the "Greens" construction traffic. This section of road has already been damaged by the construction traffic to the Subdivision along South Salem. The improved road will provide an appropriate western connection to the Favre Lane Project for access to Ellen Smith School and the subdivision along South Salem (Southwind, Spring Valley & Bradley Place) – The estimated cost of a 36 foot curbed street with sidewalk on one side is $839,850. Possible funding for this project could be Prepayment of the "Greens" impact fee ($700,000) supplemented with revenue from Sales Tax.

4. **Museum Road** - Siebenmorgen Road to Lower Ridge Road - (1,543,959) Bid opening in late Fall (waiting on adequate accumulation of Street Impact Fee)

**SALES TAX - CORRIDOR IMPROVEMENT PROJECTS**

Revenue from the 50% of the ½ cent sales tax is now accumulating for major street projects. The initial project approved for funding from this revenue is **Salem Road** - Meadowlake Rd. to U.S. 64 at the new I-40 interchange. The estimated cost for a 36’ curbed street with sidewalk on one side is $2,746,765. The plans are being prepared now and Right of Way acquisition needs to be completed in February so that we can open bids in early March.

Funds will be available for other corridor improvement projects by mid year. It would be desirable to proceed with the plans for the next projects in order to give the utility companies time to adjust or relocate their facilities and us time to get any right of way issues resolved.

If we focus on improvement of the intersections, we can have a significant impact on improvement of traffic flow without undertaking the major street reconstruction. Projects that would reduce congestion by adding lanes at intersection included the following:

1. College Avenue - Salem to Hubbard (5-Lanes) ($750,000)
2. College Avenue - Country Club Road - Possible Roundabout ($400,000)
3. Donaghey Ave at Dave Ward - (Rt. Turn Lane + Dual Left on Donaghey)
4. Prince - Salem Intersection (add Rt. Turn Lane)
5. Farris Road - Dave Ward to Bruce
6. Salem Road - Dave Ward to College
7. College Ave - Hubbard to Donaghey
8. Prince - Salem to Western
February 20, 2008

Council Members
Conway, AR 72032

Dear Council Members:

A request for a conditional use permit for two duplexes for property located at the northwest corner of Washington Avenue and Fleming Street with the address 1606 Fleming Street and with the legal description:

Hutto Addition Block 5, Lots 9 and 10, LESS AND EXCEPT the west 80 feet thereof

was reviewed by the Planning Commission at its regular meeting on February 19, 2008. The Planning Commission voted 9 – 0 that the request be sent to the City Council with a recommendation for approval with the following condition:

1. Demolition to follow ADEQ requirements

The Planning Commission Chairman requests that the City Council add the following condition as it was inadvertently omitted:

2. Two duplexes allowed (four dwelling units maximum); OR one duplex on each future lot

Submitted by,

Junior Storie, Chairman
Planning Commission
AN ORDINANCE APPROPRIATING FUNDS FOR THE SALEM ROAD SIDEWALK IMPROVEMENTS (SADDLETOP TO CARL STUART); AND FOR OTHER PURPOSES:

WHEREAS, the low bid was accepted from Ho Jo Excavating for the Salem Road Sidewalk Improvements (Saddletop to Carl Stuart) in the amount of $99,641; and

WHEREAS, The source of funding from this project is the In Lieu of sidewalk fees (01.306) $99,641 will be taken from the General Fund In Lieu of Sidewalk Fees Account (01.306) and transferred into the Street Fund Salem Road Sidewalk Improvement project account.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CONWAY, ARKANSAS THAT:

SECTION 1. The City of Conway shall appropriate $99,641 from the General Fund In Lieu of Sidewalk Fees Account (01.306), into the Street Fund Salem Road Sidewalk Improvement project account

SECTION 2. All ordinances in conflict herewith are repealed to the extent of the conflict.

PASSED this 26th day of February, 2008.

APPROVED:

AN ORDINANCE APPROPRIATING FUNDS TO REPLACE THE ROOF AT THE PHYSICAL PLANT DEPARTMENT; DECLARING AN EMERGENCY; AND FOR OTHER PURPOSES.

WHEREAS, the City of Conway has an immediate need to replace the roof at the Physical Plant building for which funding has not previously been appropriated by Council action;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CONWAY, ARKANSAS THAT:

SECTION 1. The City of Conway shall appropriate an amount not to exceed $________ as a General Fund Balance (01.990) appropriation for the replacement of the Physical Plant roof (01.109.915).

SECTION 2. All ordinances in conflict herewith are repealed to the extent of the conflict.

SECTION 3. That this ordinance is necessary for the protection of the public peace, health and safety, an emergency is hereby declared to exist and this ordinance shall be in full force and effect from and after its passage and approval.

PASSED this 26th day of February, 2008.

APPROVED:

Re: 2008 ¾ Ton 4X4 Truck

Dear Mayor Townsell,

Bids were submitted at 10:00 am, Monday February 11, 2008 at Conway City Hall for 2008 ¾ Ton 4X4 Truck. Three bids were submitted:

- Bale Chevrolet $24,130.23
- Lander's Chevrolet-Hummer $27,691.00
- Lander's Chevrolet-Hummer $28,916.00

I recommend the bid from Bale Chevrolet for $24,130.23. It was the bid that met or exceeded all specifications that we required.

Please advise if you have questions or need additional information.

Sincerely,

Cheryl Harrington
Sanitation Director

AGREEMENT

This Agreement is entered this _____ day of _______________, 2008, between the City of Conway, Arkansas, and the Conway Housing Authority.

WITNESSETH:

WHEREAS, the Conway Housing Authority (hereafter, “CHA”) desires to maintain and improve the security of its premises and to serve the respective needs and to provide for the maximum mutual benefit of the parties hereto; and

WHEREAS, this objective is to be accomplished by the controlled interaction of the City’s police officers with tenants and guests of CHA; and

WHEREAS, the Conway Housing Authority desires to prevent and control crime, restore and/or maintain order, and reduce citizens’ fear of crime within the CHA.

NOW, THEREFORE, IN CONSIDERATION OF THE COVENANTS SET FORTH HEREIN, THE PARTIES AGREE AS FOLLOWS:

1. SERVICES

The City shall provide one fully equipped community policing officer, with police vehicle, on a full-time basis to for the Conway Housing Authority. The Chief will select a qualified candidate. The officer will be selected based upon their qualifications to perform assigned duties. Should said community policing officer be requested by CHA to work any hours beyond the normal complement of the officer’s pay period, said overtime hours will be subject to reimbursement by CHA to the City of Conway.

2. CONSIDERATION

In consideration for providing the above-described services, the Conway Housing Authority shall pay to the City the sum of $30,000.00, which represents an amount that will offset the costs associated with the City providing one officer. The compensation shall be paid by the Conway Housing Authority to the City of Conway in full, between January 1, 2008 and December 31, 2008.

3. TERMS

The initial term of this Agreement shall be for a period commencing January 1, 2008, to and including, December 31, 2008. Absent termination by one of the parties hereto, or amendments mutually agreed upon by the parties, this Agreement shall automatically be renewed for additional terms of one year. This Agreement and all performances and obligations required hereunder may be terminated by the Mayor of the City of Conway or the executive director of the Conway Housing Authority at any time and for any cause provided
that the terminating party provides the other party with written notice of termination immediately upon the date of termination.

4. **PERSONNEL**

   The officer provided by the City shall be considered an employee of the City. Notwithstanding anything contained in this Agreement the officer shall at all times be subject to the policies and procedures of the Conway Police Department. The City shall be responsible for the selection of an officer. The City shall be responsible for the special training of the officer as required for participation in this program, and the scheduling of such officer. As required for the police department’s performance evaluation system, CHA’s Executive Director will provide letter input relating to the assigned officer’s performance. Additionally, to insure the assigned Officer’s working hours and days of work are aligned with the needs of the housing authority’s resident’s needs and priorities, a resident survey, inquiring about such hours and working days and other such dimensions, will be conducted on an annual basis and provided to the Chief of Police for his review no later than December 15th of each calendar year. Based upon such survey results, and collaboration with the CHA Executive, Officer working hours and days of work will be aligned with such findings.

5. **INSURANCE**

   City and Conway Housing Authority acknowledge that the City of Conway, as a requirement of this Agreement, shall not be required to have additional insurance.

6. **ASSIGNMENT AND SUBCONTRACTING**

   This Agreement and the performance of services required hereunder shall not be assigned or subcontracted by either party without the written consent of the other party.

7. **NOTICES**

   Notices hereunder shall be given by first-class mail or personal service. Notice to the City shall be delivered or addressed to the Mayor, City of Conway, 1201 Oak Street, Conway, AR 72032. Notice to the Conway Housing Authority shall be delivered or addressed to the Executive Director, Mary Boyd, 335 S. Mitchell, Conway, Arkansas, 72034.

Conway Housing Authority                                            City of Conway

Memo

To: Mayor Tab Townsell

CC: Conway City Council

From: Brian Knopp, Parks Director

Date: February 15, 2008

Re: Unauthorized Boat Docks / Piers at Lake Beaverfork

The Conway Parks Department received application from
The Conway Parks Department would like to recommend that the boat dock / pier owned by
Richard L. Gavin and to be used for the Treasure Hills Property Owners Association Park be
approved under the following stipulations:

1) Payment of two (2) years boat dock / pier fees totaling $413.00, this would be last
year’s and this coming year’s annual fees.
Due to the fact that both structures were built and being used prior to the City of
Conway Council approval we feel that this is a fair and just request.

2) This would be in addition to any penalties or fines the City Council wishes to impose
for building an illegal boat dock.
Boat dock for:

TREASURE HILLS PROPERTY OWNER'S ASSOCIATION
IN 5-ACRE COMMUNITY PARK

I hereby certify the plans conform to the following minimum design load requirements:

Live load – 50#/SF
Dead load – 30#/SF
Wind load – 20#/SF

The structure is a platform only so roof load requirements do not apply. Handrails and
guardrails are provided at the walkway. No railing is provided at the dock.

All lumber must be treated. The 4x4 posts must penetrate min. 3’ below firm lake bottom
and set in concrete
