MEMO

TO: Mr. Bryan Patrick – Development Director
FROM: Lynn Hicks – Building Official / Assistant Director of Permits, Inspections and Codes Enforcement
DATE: 12-23-08
SUBJECT: Recommendation for Appointments to the City of Conway Building Code Board of Appeals

Section 112 of the City of Conway Building Code states,

“112.1 General. In order to hear and decide appeals of the orders, decisions or determinations made by the building official relative to the application and interpretation of this code, there shall be and is hereby created a board of appeals. The board of appeals shall be appointed by the governing body and shall hold office at its pleasure. The board shall adopt rules of procedure for conducting its business.”

“112.2 Limitations on authority. An application for appeal shall be based on a claim that the true intent of the code or the rules legally adopted there-under have been incorrectly interpreted, the provisions of this code do not fully apply, or an equally good or better form of construction is proposed. The board shall have no authority to waive requirements of this code.”

“112.3 Qualifications. The board of appeals shall consist of members who are qualified by experience and training to pass on matters pertaining to building construction and are not employees of the jurisdiction.”

The above noted language in the City Code requires the creation of a Building Code Board of Appeals.
The following persons have expressed interest in serving on the appeals board and I would like to recommend their appointments by the City Council for terms as noted:

DATE: January 6, 2009

TO: Mayor Tab Townsell, City Council Members

FROM: Planning and Development Department

SUBJECT: New Board of Zoning Adjustment Members

There are vacancies on the Board of Zoning Adjustment due to the expiration of the terms of two members on December 31, 2008. The members whose terms expired are Scott Allen Jones and Junior Storie. At least one member must be appointed from the membership of the Planning Commission and Mr. Storie was this member.

According to the 2008 amendment to the Blue Ribbon Commission recommendations regarding the operation of boards and commissions, “[s]ervice on boards or commissions whose standard length of service is less than four years is limited to two terms if reappointed.” The Board of Zoning Adjustment term is three years. Mr. Jones has served one term beginning in 2006 and is willing to serve another term if reappointed.

During the rescheduled December 22, 2008 Planning Commission meeting, Richard Kirkman was selected to be the Planning Commission representative on the Board of Zoning Adjustment if approved.

In summary, these two Conway residents are presented for your consideration for two vacancies on the Board of Zoning Adjustment:

- Scott Allen Jones, reappointment, three-year term (expiring December 31, 2011)
- Richard Kirkman, required Planning Commission representative, three-year term (expiring December 31, 2011)

KNOW ALL MEN BY THESE PRESENTS:

That Stanley Russ, grantor, for and in consideration of ONE HUNDRED FIFTY THOUSAND DOLLARS ($150,000) and other valuable considerations, cash in hand paid, the receipt of which is hereby acknowledged, subject to prior recorded mortgages and easements, if any, do hereby grant, bargain, sell and convey to the City of Conway, Arkansas (Grantee) successors and assigns forever an exclusive easement for the purposes of constructing, maintaining and improving a public street within said easement together with the rights, easements and privileges in or to said lands which may be required for the full enjoyment of the right herein granted, and for other purposes consistent with the use of said easement across, through and over the lands situated in Faulkner County, Arkansas, said easement being more particularity described as follows:

A strip of land situated in the NE 1/4, NW 1/4 Section 30, T-5-N, R-13-W, Faulkner County, Arkansas, said strip being more particularly described as follows:

Commencing at the Southeast Corner of said NE 1/4, NW 1/4 Section 30, thence N88°09'40"W, along the south line of said NE 1/4, NW 1/4 Section 30, 221.45 feet to the Point of Beginning; thence 270.94 feet along the arc of a curve to the left having a radius of 630 feet and a chord bearing N29°12'42"W, 268.85 feet; thence N41°31'55"W, 509.57 feet; thence N34°09'47"W, 115.07 feet; thence N22°58'27"W, 149.90 feet; thence N35°06'20"W, 350.77 feet; thence N49°55'20"W, 257.31 feet; thence N20°41'02"W, 45.24 feet to a point on the north line of said NE 1/4, NW 1/4 Section 30; thence along said north line N88°13'03"W, 55.29 feet to the easterly right of way line of Ronald Lane and a point 25.00 feet from the Northwest Corner of said NE 1/4, NW 1/4 Section 30; thence along said easterly right of way line S01°17'08"W, 351.97 feet; thence S88°12'06"E, 240.91 feet; thence S37°24'34"E, 393.44 feet; thence 123.97 feet along the arc of a curve to the left having a radius of 985 feet and a chord bearing S37°55'34"E, 123.89 feet; thence S41°31'55"E, 509.57 feet; thence 224.66 feet along the arc of a curve to the right having a radius of 570 feet and a chord bearing S30°14'26"E, 223.21 feet to a point on the south line of said NE 1/4, NW 1/4 Section 30; thence S88°09'40"E, 63.74 feet along said south line to the Point of Beginning and containing 3.85 acres more or less.

The granting of said easement shall give the Grantee the permanent right of privilege to construct and maintain or otherwise improve the street, sidewalk and storm drainage system within said easement and allow for construction and maintenance of public utilities within said easement.

A 10' foot wide temporary construction easement will be allowed adjacent to the above described easements. The temporary construction easement shall remain valid only until the street construction is completed or no later than December 31, 2009.

The Grantor, grants this easement with the following additional considerations and understanding:

1. Access to the adjacent property along the proposed roadway will be allowed along said roadway.

2. Driveways with double 8 foot wide gates will be constructed at locations
along the roadway as selected by the grantor.

3. A 6' high black “wrought iron” type fence with spear type tops shall be constructed along the eastern side of the described above parcel.

4. The city will provide sanitary sewer service and to the two residences located on the NE 1/4, NW 1/4 Section 30, T-5-N, R-13-W. The sanitary sewer will be connected to the existing house sewer line.

5. Use of the property by the contractor performing the road work will be limited to the area granted herein or as otherwise granted by the grantor.

6. Street lights similar to the street lights located along the streets in the adjacent Meadows Corporate Center will be provided along the street within the easement herein described.

7. A decorative Rock column with wrought iron panels similar to the Meadows entrance off Sturgis Road will be constructed at the intersection of the new road with Stanley Russ Road.

8. The city will name the new street “Nina Lane”.

9. A five strand barbed wire fence or better will be constructed by the city along the common boundary between the Stanley Russ Property and the Meadows Corporate Center and along the east side of Ronald Lane from the Meadows Corporate Center Boundary to Mary Ellen Drive.

TO HAVE AND TO HOLD the same unto the said City of Conway and to its successors and assigns forever.

AND said grantor covenants with said Grantee, its successors and assigns, that they will forever warrant and defend the title to said easement and rights against the claims of all persons whomsoever with the exception of aforementioned prior recorded mortgages and easements.

IN WITNESS WHEREOF, we have set our hand and seal on this ____________ day of _____________, 2009.

REFERENCE: Salem Road Railroad Overpass
            Tiffany Industries Right of Way

The proposed Salem Road Railroad Overpass requires 1.99 acres of street right of way from the Tiffany Industries Property. This property is located on the south side of the Union Pacific Railroad and east of Salem Road.

The Arkansas State Highway & Transportation initially appraised the property @ $0.97 per square foot for the required right of way and $9,400 for a temporary easement for a total amount of $93,400. Tiffany countered with a settlement amount of $180,000. The AHTD increased their offer to $110,000 ($1.15 per square foot or $50,000 per acre). Tiffany again countered with a $180,000 offer to settle. The city paid $50,000 per acre to Johnny Irby, J.J. Maggie and the other property owners for right of way along the Salem Road Extension project.

The AHTD is now requesting that the city determine if it wishes to increase the offer to Tiffany for more than the $50,000 per acre. If no increase is recommended by the City, the AHTD is requesting the city’s concurrence in making $50,000 per acre the final offer and failure to accept this offer will result in the right of way acquisition proceeding to condemnation to acquire the right of way.

The AHTD recommends that $50,000 be the highest offer.

Direct Deposit: Employees may have pay directly deposited into their bank account if they provide advance written authorization to the City. Employees will receive an itemized statement of wages when the City makes direct deposit.

Pay Errors: The City will make every effort to ensure that employees are paid promptly and accurately. In the unlikely event that there is an error in the amount of pay, the employee should bring it to the attention of the Payroll Department as soon as possible. If the error was the fault of the City, corrections will be made as soon as possible. If the error was a result of the employee, corrections may be made in the next paycheck cycle.

OVERTIME/COMPENSATORY TIME

All overtime work must always be approved by the Department Head before it is performed. Overtime work is calculated in accordance with the Fair Labor Standards Act (FLSA).

As a Government entity, the City of Conway may pay overtime pay to employees for appropriate hours worked or award compensatory time (“comp time”) to employees to be utilized as paid time off at a later date. Department Heads are responsible to oversee the schedules for hours worked and the awarding of overtime pay or compensatory time for their departments.

Eligibility: Only employees in non-exempt positions qualify for overtime pay or compensatory time. Firefighters are eligible for overtime pay or compensatory time when they have actually worked more than 106 hours in their standard expected work period. Police department employees assigned to 12 hour shifts are eligible for overtime pay or compensatory time when they have actually worked more than 80 hours in their standard expected work period. All other employees are eligible for overtime pay or compensatory time when they have actually worked more than 40 hours in a workweek. A workweek is defined as 12:00 am (Midnight) Sunday through 12:00 am (Midnight) the following Saturday.

Although you may have received pay for time not worked in a work period (such as by the use of sick, vacation, administrative or comp time), to be eligible for overtime consideration, you must have actually worked more than your standard expected work period.

Emergency Call Outs and/or Off Duty Court Duty: Non-exempt employees who are called out for emergency work or for required Court duty during their off duty time will be eligible for overtime pay or compensatory time the period of time worked during the emergency or at Court even if they have not physically worked their standard work period. The department head is responsible for scheduling and managing required emergency work and Court appearances.

Minimum amount of time: The minimum amount of overtime work eligible for time and one-half is 30 minutes. Therefore, if you work 30 minutes “over”, you will earn 45 minutes of comp time. The smallest amount of comp time that can be scheduled is one-half hour (30 minutes).

Usage of Compensatory Time: Comp time can be used for vacation or for illness when you do not have sick time available. It can also be used to supplement disability payments from our Workers’ Compensation Insurance carrier. However, your supervisor or Department Head must approve all scheduling of comp time before it is used. Comp time cannot be transferred or sold to another employee.

Maximum Amount of Compensatory Time: The maximum amount of comp time that can be earned varies based upon the type of job. Certain “public safety”, “emergency response” and “seasonal” positions (Law Enforcement Officers, Firefighters and Dispatchers) are eligible for a maximum of 480 hours comp time. Other positions are limited to 240 hours of comp time.
