Donaghey Corridor Study
Summary of Recommendations

Conway Planning and Development Department
June 2010

Note: Donaghey Corridor Study and supporting materials available online at http://www.conwayplanning.org/Special Projects/SP-Frame.html

Current / Interim

1. Issue conditional use permits for quiet office use on parcels that meet criteria listed on page 30 of study. (See Appendix C for a complete list of eligible parcels.)
2. Require adaptive reuse of viable structures. (See pages 7-8 and 30.)
3. Allow on-street parking on Caldwell, Robinson, South, and Robins on an as-needed basis. (See page 31.)
4. Construct complete sidewalks on both sides of Donaghey. (See page 30.)
5. Paint sharrows and/or place share-the-road signage in accordance with the Bicycle Master Plan. (See page 30.)

Long-Range

1. Expand Donaghey westward between Prince and Bruce to create a more urban streetscape complete with broad sidewalks and on-street parking. (See page 34.)
2. Expand Donaghey both westward and eastward between Bruce and Dave Ward to create a parkway complete with four travel lanes, typical neighborhood sidewalks, and a landscaped median. (See page 36.)
3. Create a Specific Plan (SP) district that standardizes design and form throughout the Corridor. (See pages 39-40 for design and form charts.)
4. Include allowable land uses in the Specific Plan. (See page 41.)

Ongoing

1. Monitor sites granted conditional use permits to determine the effects the permitted uses are having on neighborhood cohesion and traffic flow and volume.
2. Work with stakeholders on an ongoing basis to determine whether changes are necessary to the long-range plan. The plan should be revisited and updated regularly.

AN ORDINANCE CLOSING A RIGHT OF WAY LOCATED AT BETWEEN LOTS 65-74 OF CREEKWOOD SUBDIVISION AND LOTS 1-7 OF CHARLES PLACE SUBDIVISION KNOWN AS THE OLD DONAGHEY RIGHT OF WAY; AND FOR OTHER PURPOSES;

WHEREAS, a request was duly filed with the City Council of the City of Conway, Arkansas on the 8th day of June, 2010, asking the City Council to vacate and abandon the right of way known as the Old Donaghey Right of Way in the City of Conway, Faulkner County Arkansas.

WHEREAS, after due notice as required by law, the council has, at the time and place mentioned in the notice, heard all persons desiring to be heard on the question and has ascertained that the easement or the portion thereof, hereinafter described, has heretofore been dedicated to the public use as an easement herein described; has not been actually used by the public generally for a period of at least five (5) years subsequent to the filing of the plat; that all the owners of the property abutting upon the portion of the right of way to be vacated have filed with the council their written consent to the abandonment; and that public interest and welfare will not be adversely affected by the abandonment of the right of way.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CONWAY ARKANSAS:

Section 1. The City of Conway, Arkansas releases, vacates, and abandons all its rights, together with the rights of the public generally, in and to the property known as the Old Donaghey Right of Way in the City of Conway, Faulkner County Arkansas designated as follows:

Being Lots 65-74 of Creekwood Subdivision as shown on Plat of Records in Plat Book D, Page 19 and Lots 1-7 of Charles Place Subdivision as shown on Plat Book I Page 128 and also known as the Old Donaghey Right of Way, of Faulkner County, Arkansas.

Section 2. Centerpoint Energy has no conflict, Conway Corporation has no objection to the closures as long as the property remains a utility easement, AT&T does has cable lines in this area; therefore this right of way will remain a utility easement.

Section 3. A copy of the ordinance duly certified by the city clerk shall be filed in the office of the recorder of the county and recorded in the deed records of the county.

PASSED this 22nd day of June, 2010.

Incident Report

Date of Violation: 4-26-10
Violator Name: Brandon and Natalie Collins
Address of Violation: 335 Natchez Trail
Violation Type: Tall grass
Warning #: CE0644

Description of Violation and Actions Taken:
On 4-26-10 I went to 335 Natchez Trail to do a recheck on the property from an earlier violation for dilapidated structure (warning # CE0277 written on 3-1-10). When I arrived at the residence, I found that it was in violation of the Conway Nuisance Abatement ordinance, section 3.2.4, for tall grass. I issued a warning (CE0644) to the owner of the residence for the tall grass violation. The warning was sent to the owner through both regular and certified mail on 4-27-10. The certified letter was never signed for. A recheck of the property was conducted on 5-7-10, with no progress made on the tall grass violation. I scheduled for the property to be mowed by the city at this time. The property was mowed by city work crews on 5-11-10 with pictures taken before and after cleanup was completed. Pictures are on file for review. A bill was then sent to the property owner through regular and certified mail. The residence is currently vacant due to a fire. However, we did get a good address for the property owners and sent letters/bills to this residence. The address is 26 Kensington Drive in Conway.

AN ORDINANCE PROVIDING FOR THE REGULATION OF OFF-STREET BICYCLE PARKING AND LOADING FACILITIES, AND TO SPECIFY THE REQUIREMENTS FOR OFF-STREET BICYCLE PARKING AND LOADING FACILITIES; DECLARING AN EMERGENCY; AND FOR OTHER PURPOSES;

WHEREAS, the City of Conway desires to promote the safety and general welfare of the community; and

WHEREAS, increasing the safety and capacity of public and private parking areas is possible by requiring off-street parking or off-street loading facilities for bicycles; and

WHEREAS, minimizing adverse effects of off-street parking and off-street loading facilities on adjacent properties through the requirement of design and maintenance standards is warranted due to a growing community of bicyclists; and

WHEREAS, providing adequate and safe facilities for the storage of bicycles is promoted by the National League of Bicyclists;

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CONWAY, ARKANSAS THAT:

SECTION 1. That Ordinance O-94-54, the City of Conway Zoning Ordinance, as adopted on the 27th Day of September 1994, is hereby amended by readopting by reference Article 1101.7, Paragraph D, Subparagraph 5, “Parking,” which was approved following notice as required by law, such amendment consisting of the amended text of which not less than three (3) copies have been and now are filed in the office of the City Clerk of the City of Conway, Arkansas.

SECTION 2: That all ordinances and part of ordinances of a permanent and general nature in effect at the time of adoption of this ordinance and not included herein, are hereby repealed where they are in conflict with this ordinance.

SECTION 3: It being immediately necessary for the preservation of the public peace, health, and safety of the City of Conway, Arkansas, and the inhabitants thereof, an emergency is hereby declared to exist; by reason thereof this ordinance shall take effect and be in full force and effect from and after its passage and publication.

A re-adoption of ARTICLE 1101: DEVELOPMENT REVIEW, Part Seven, Paragraph D, Subparagraph 5: “Parking” in order to include provisions for bicycle parking areas, features, and standards.

5. Parking
   a. Orientation
      i. Parking areas located in the front setback or between the principal structure and any public street, including corner lots are strongly discouraged. Parking should be provided to the side and rear of the building, with no more than one (1) parking aisle on the side of any structure. Any available and allowed on-street parking shall be exempt from this requirement.
      ii. Continuous access, head-in parking is not permitted as off-street parking. Vehicles shall not back out onto public streets.
      iii. It is recommended that primary entry drives on large-scale developments include a minimum six (6) foot wide landscaped median to separate incoming and outgoing traffic.
   b. Design
      i. Parking lots shall be designed with a hierarchy of circulation:
         1) Major access drives with no parking, framed by use of one or more of the following: building facades, sidewalks, low walls, trees, and/or shrubs. Maximum of forty (40) feet in width.
         2) Major circulation aisles with little or no parking, generally adjacent to the building(s) being served, and typically wide enough to allow for drop-offs and pick-ups. Maximum of thirty-four (34) feet in width.
         3) Narrower parking aisles to reduce speeds and allow for direct access to parking spaces. Maximum of twenty (20) feet in width.
      ii. To break down large expanses of paved surface, parking areas with greater than forty-eight (48) spaces shall be organized into a series of smaller modules of no greater than forty-eight (48) spaces each. Parking areas within large-scale developments may incorporate up to 96 spaces per module. These modules should be separated and defined by circulation aisles and landscape strips and/or islands consisting of trees and low shrubs.
iii. Bicycle Parking Space Size, Access Aisles, and Vertical Clearance

1) Required bicycle parking spaces shall be at least 2 feet by 6 feet each.
2) An access aisle of at least 5 feet shall be provided in each bicycle parking facility.
3) Such areas shall have a vertical clearance of at least 6 feet.

iv. The "Inverted U" bike rack, at a minimum of thirty inches (30") in width, shall be the required bicycle parking rack throughout the City of Conway, although other racks may be proposed provided that they meet the following performance requirements:

1) Support the frame of the bicycle and not just one wheel
2) Allow the frame and one wheel to be locked to the rack when both wheels are left on the bike, as well as allow the frame and both wheels to be locked to the rack if the front wheel is removed
3) Allow the use of either a cable or U-shaped lock
4) Be securely anchored to the ground or building so as to prevent the rack from being removed
5) The surfacing of such facilities shall be designed and maintained to be mud and dust free.

c. Location of Parking areas

i. Off-street parking shall be located within one-thousand feet of the structure to be served, measured as a straight line between the nearest points of the parking area and the structure.

ii. Off-site Parking

1) If off-site parking areas are provided, they shall provide a complete pedestrian infrastructure connecting the parking area and the structure being served.
2) Off-site be located on property zoned to allow the same principal use as said structure.

iii. All off-street parking areas shall have direct access to a street or alley.

iv. Bicycle parking areas shall be visible, secure, accessible, easy to use, and convenient.

1) Cyclists should easily spot short-term parking when they arrive from the street. A highly visible location discourages theft and vandalism. Avoid locations "off on the side" or "around the corner."
2) The parking area should be convenient to building entrances and street access, but away from normal pedestrian and auto traffic. Avoid locations that require bicycles to travel over stairs.
3) For security, locate bicycle parking within view of passers-by, retail activity, or office windows. These areas should also be well lit for theft protection, personal security, and accident prevention.

d. Required Spaces
The purpose of required parking is to provide a sufficient number of spaces which accommodate the majority of traffic generated by the range of uses which might locate at a given site over time. In response to this long-term emphasis, the City’s required parking numbers correspond to broad use categories, not specific uses.

i. Automobiles: category minimums and maximums
   1. Residential
      a. Minimum 1.5 spaces per dwelling unit
      b. Maximum 2.0 spaces per dwelling unit
   2. Lodging
      a. Minimum 1.0 spaces per lodging room
      b. Maximum 1.1 spaces per lodging room
   3. Office/Institution
      a. Minimum 2.8 spaces per 1,000 ft²
      b. Maximum 4.2 spaces per 1,000 ft²
   4. Retail/General Business
      a. Minimum 3.4 spaces per 1,000 ft²
      b. Maximum 4.8 spaces per 1,000 ft²

Re: Approval to use Lights over the Lake budget funds

Each year the Conway Parks Department hosts Lights over the Lake at Beaverfork Lake around the 4th of July. Lights over the Lake is a fireworks show that is free of charge to the community. It is held in conjunction with a patriotic program put on by the Conway Symphony Orchestra.

The Conway Parks Department would like to request that the city council approve the spending of the funds that were budgeted in our 2010 operating budget for this event. The fireworks cost $5,500 and then there are a few miscellaneous costs associated with the event such as portable toilets ($400).

The Conway Parks Department did not cut the $8,000 in this line item during the departmental budget cuts due to the fact that this event is a community event that has been enjoyed for years by the citizens of Conway as a family event free of charge.

Thank you for your consideration.
