Adjournment
Memo

To: Mayor and City Council Members
From: Lauralee Wilcox McCool, CDBG Director
Date: 6/28/2010
Re: Consideration of Consolidated Plan outsourcing

Conway is considering a consortium with Bentonville, Fort Smith, Jacksonville and West Memphis for development of our five year Consolidated Plan. The Consolidated Plan sets the priorities of the city for five years regarding the use of CDBG money. This is a required document by HUD.

The consortium has agreed on a vendor. Western Economic Services, LLC, of Portland Oregon, is the selected contractor. Conway’s obligation will be $21,238.52.

Of the remaining CDBG entitlement cities in Arkansas, Bentonville, Springdale, Fayetteville, Pine Bluff, Texarkana and Hot Springs all have current con plans and will not have to do another one for a year or two. Little Rock is soliciting proposals for a contractor. North Little Rock is completing a plan in house.

I respectfully ask the council to approve Conway’s portion of the consortium agreement with WES, Inc for preparation of the Analysis of Impediments and conditionally approve our entering an agreement with a firm for the Consolidated Plan.
Synopsis of Proposed Zoning Ordinance Amendments Creating a T-2 Rural Zone and Supporting Revisions

The proposed ordinance creates a new zone, the T-2 Rural Zone and amends the Zoning Ordinance in support of this new zone. The T-2 Rural zone is intended to be applied to those areas in the Conway Territorial Jurisdiction within two miles of the Conway City Limits, agreed municipal boundaries, or as allowed by state law. This synopsis will strive to explain the proposed new zoning district and supporting amendments.

Section 1: Classification of Zoning Districts.
This section clarifies the general introductory paragraph and creates the new T-2 Rural District.

Section 2: T-2 Rural Zone Specific Regulations
This section creates the specific regulations of the T-2 Rural Zoning District. This zone will regulate inappropriate land use within the Territorial Jurisdiction. Basically, any residential use is allowed by right. Any use more intensive than residential will require a conditional use permit. This permit will be sought like any other CU permit within the city. These regulations would help ensure a quality of life for residents in the territory and adjacent city. Gas, oil, and mineral exploration is pointed out as one important protection for residents with the Territorial Jurisdiction.

Lot dimensions, setbacks, building height, etc. are not regulated for large lot subdivisions or tracts of land. A large lot subdivision in the Territorial Jurisdiction is defined in the Subdivision Ordinance as a subdivision having lots with greater than 150 feet of street frontage.

No building permits or inspections are required. Likewise, the Animal Control Ordinance is not enforced in the territory.

Signage will be regulated as per the Conway Sign Ordinance, Section 1301 of the Zoning Ordinance.

A pre-existing non-conforming use (grandfathered) shall lose it’s legal standing upon closure or vacancy. Before a business may reopen, it must seek a conditional use permit.

Section 3: Sign Ordinance Amendments
This section makes changes to the sign ordinance to add the new T-2 Rural zone. T-2 signs shall be regulated like signs within the City limits. For example, a commercial business may have a monument sign up to 8 feet in height and up to 64 square feet in area per side. Sign permits would be required.

Section 4: Continuation of Nonconforming Buildings
This section clarifies language concerning the pre-existing nonconforming status of structures in relation to the new T-2 Rural zoning district. Actual structures not in compliance with standards such as setbacks etc., shall be allowed continued use. However, non-residential uses in the Territory will lose their pre-existing non-conforming status upon closure or vacation of the building. For example, if a business closes, ceases operation, or vacates a building they must seek a conditional use permit before another business may resume at the property.
AN ORDINANCE AMENDING THE CONWAY ZONING ORDINANCE O-94-54 CREATING ZONING DISTRICT T-2 RURAL ZONE FOR THE PURPOSE OF ZONING WITHIN THE CONWAY TERRITORIAL JURISDICTION; CORRECTIONS, DELETIONS, AND AMENDMENTS IN SUPPORT OF A NEW TERRITORIAL JURISDICTION ZONE, REPEALING ANY ORDINANCES IN CONFLICT; DECLARING AN EMERGENCY; AND FOR OTHER PURPOSES:

SECTION 2. T-2 Rural District

A new zoning district is desired to regulate zoning beyond Conway City limits within Conway’s Territorial Jurisdiction. As allowed by Arkansas State Code, Conway has zoning authority up to two miles beyond the City limits. This zoning district shall be designated as T-2 Rural District. Language shall be added and/or amended as follows with existing zoning districts reordered and resequenced in proper order. T-2 land uses shall be added to Addendum A in accordance with basic uses as presented below:

SECTION 401.7 - Special Zoning Districts

General Description

Special zoning districts do not readily conform to standard Residential, Office, Commercial, Institutional, or Industrial classifications. These special districts allow a greater degree of land use functions, design, and/or unique geographical criteria.

1. T-2 Rural District

A. Purpose
The T-2 Rural Zone is a zoning district within Conway’s Territorial Jurisdiction consisting of less densely populated areas in open or cultivated states, some low density residential developments, and scattered commercial and industrial uses. Typical buildings are farmhouses, agricultural buildings, and single-family residences. Streets are typically rural in nature with open ditches with the exception of higher density residential developments with curbed and guttered streets.

B. Permitted Uses

The permitted uses for this district are set forth below. If the the letter “X” appears the listed use is allowed by right. Where the letter “C” occurs, the use is permitted subject to acquiring a conditional use permit as set forth in Article 901 – Section 901.2. If no “X” or “C” appears within the chart, the use is not permitted.
