RE: Nuisance Abatement at 445 Louise Lane, Conway AR  
Cost of Clean-Up, Amount Due: $7294.48

To whom it may concern,

Because you failed or refused to remove, abate or eliminate certain conditions on the aforementioned real property in the City of Conway, after having been given seven (7) days notice in writing to do so, the City of Conway was forced to undertake the cleanup of this property to bring it within compliance of the Conway Municipal Code.

The City of Conway is requesting payment for all costs expended in correcting said condition. If after thirty (30) days from the receipt of this letter notifying you of the cost to correct said condition, such payment has not been remitted to the City, the City has the authority to file a lien against real estate property for the cost expended after City Council approval.

At its December 11th, 2012 Meeting, 6:30 p.m. located at 810 Parkway Street, the City Council will conduct a public hearing on three items:

1. Consideration of the cost of the clean-up of your real property.  
2. Consideration of placing a lien on your real property for this amount.  
3. Consideration of certifying this amount determined at the hearing, plus a ten percent (10%) penalty for collection & filing fees, to the Tax Collector of Faulkner County to be placed on the tax books as delinquent taxes and collected accordingly.

None of these actions will be necessary if full payment is received before the meeting date. Please make check payable to the City of Conway and mail to 1201 Oak Street Conway Arkansas 72032 with the attention to Barbara McElroy. If you have any questions, please feel free to call me at 501-450-6191.

Sincerely,

Barbara McElroy

Resolution No. R-12-____

A RESOLUTION APPROVING AND AUTHORIZING THE ISSUANCE OF NOT TO EXCEED $6,200,000 PUBLIC FACILITIES BOARD OF THE CITY OF CONWAY, ARKANSAS (CONWAY CHRISTIAN SCHOOL PROJECT) REFUNDING REVENUE BONDS, SERIES 2012

WHEREAS, upon the request of Conway Christian School (the “School”), the City Council of the City of Conway, Arkansas (the “City”), has determined that it would be in the best interest of the City to approve and recommend to the Public Facilities Board of the City of Conway, Arkansas (the “Board”), the issuance of the Board’s Refunding Revenue, Series 2012 for the purpose of refunding the Board’s Educational Facilities and Refunding Revenue Bonds (Conway Christian School Project) Series 2006 (the “Series 2006 Bonds”) and certain additional bank loans of the School (collectively, the “Prior Obligations”), the proceeds of which were used to finance the acquiring, constructing and equipping certain improvements to the School’s campus.

NOW, THEREFORE, be it resolved by the City Council of the City:

Section 1: The City Council of the City, hereby approves and recommends to the Board the issuance by the Board of its Refunding Revenue Bonds (Conway Christian School Project), Series 2012 in one or more series of tax exempt or taxable bonds in an aggregate principal amount not to exceed $6,200,000 at an average interest rate not to exceed 4.50%, for the purpose of refinancing the Prior Obligations.

Council Members
Conway, AR 72032

Dear Council Members:

The Planning Commission's nominating committee completed its task of interviewing applicants for the two positions that become vacant at each year's end when two of the ten commissioners complete their term of service. The two commissioners rotating off the Planning Commission are Craig Cloud and Kimberly Gardner. From a pool of twenty applicants, the Nominating Committee voted to submit the following two candidates to the full Planning Commission for its approval to recommend them to the city council for appointment to the Planning Commission.

1. Marilyn Armstrong, 1910 Amelia Drive (Ward 3) — 5-year term
2. Stan Hobbs, 4 Thousand Oaks Circle (Ward 2) — 5-year term

A representative can attend the City Council meeting at which the nominations will be considered and will be pleased to share details of the selection process that culminated in the recommendation of the nominees to the Planning Commission at its regular meeting on Monday, November 20, 2012. The representative will endeavor to answer any questions the Council may have about the process. The Planning Commission decision to recommend these nominees for confirmation to the Council was unanimous.

Submitted by,

Craig Cloud, Chairman
Planning Commission

MEMORANDUM OF AGREEMENT
BETWEEN
BOARD OF TRUSTEES OF THE UNIVERSITY OF ARKANSAS, ACTING FOR AND ON BEHALF OF THE UNIVERSITY OF ARKANSAS COOPERATIVE EXTENSION SERVICE AND City of Conway

Relative to: Horticulture Program Funding

This agreement is entered into this first day of January 2013, by and between the Board of Trustees of the University of Arkansas, acting for and on behalf of the University of Arkansas Cooperative Extension Service (hereinafter referred to as UACES) and City of Conway (hereinafter referred to as City).

PURPOSE: The purpose of this agreement is to establish the terms of UACES to provide educational programming in the City of Conway. Educational priorities and activities are planned with the input of the County Extension Council and are offered at locations and times appropriate to meet the needs of the citizens who receive them. In return, the City agrees to pay an annual appropriation for the programs delivered.

UACES agrees to:

Provide educational programming in the area of Urban Horticulture; related community and leadership development and related 4-H youth development.

Maintain a staff necessary to fulfill the programming efforts in the City of Conway, as requested by the City in agreement with Uniform Funding.

City of Conway Government agrees to:

Pay an assessment of $ 25,000.00 for educational programming.

Payment in four equal installments, as invoiced, due on or before the last working day of March, June, September and December.

In the event a vacancy occurs in a funded position, UACES will attempt to fill the vacancy in a timely manner. However, any carryover funds as a result of a vacancy will be retained in a UACES account for use in support of this City program.

This agreement shall remain in effect through December 31, 2013
This agreement may be terminated by either party at any time by providing written notice to the other party within 30-days advance notice. Amounts due or paid by the City will be pro-rated, thus allowing for payment only for the time period in which the contract was in place.

Dear Mayor Townsell;

The right of way negotiations by OR Colan & Associates along with Plan revisions have resulted in the following offers appearing to be acceptable to the property owners:

Tract 4 – Mercantile Bank – 1,385 SF Right of Way + Sign Relocation and joint access agreement to eliminate Prince St. Driveway and utilize driveway on adjacent Thomas James Property.
Proposed settlement amount $27,750.

Tract 5 – Thomas F. James Property (Little Caesars Site) – 240 SF of Right of Way + Sign Relocations (No relocation required for Freds & Ace Pylon sign) and allow joint access to adjacent Mercantile Bank Site.
Proposed settlement amount $23,000.

Tract 6 – Williams/Martin Partnership (Sonic) – 1,764 SF Right of Way + Sign relocations.
Proposed settlement amount $18,000.

Tract 8 – Mizan Rahman and Elizabeth Barnett (Conway Gardens) – 1,382 SF Right of Way + fence relocation + driveway modification due to change in access + allow building footprint to remain at current building location.
Proposed settlement amount: $16,400 – Right of Way
$8,390 – Decorative Fence
Total Amount $24,790
+ Provided documents to allow a building setback from the new right of way so than the front (south) side of the existing building can be the south side of any new structure on that site.
+ Construct new concrete driveway connecting Holiday Drive with rear drive near north end of site.

Tract 18 – Regions Bank – 2,467 SF Right of Way + Sign Relocation + Landscape Replacement + Parking Lot Modifications.
Proposed Settlement Amount $34,853 Right of Way
$160,000 Sign + Landscaping + Site Modifications
Total Amount $194,850

I am requesting approval of the above offer amounts and added work.
Please advise if you have questions or need additional information.

Sincerely,

Bids were received for this equipment in November of 2011 with Hugg & Hall being awarded the bid for a Volvo Trackhoe with a 6 month delivery time & loaner provided until delivered. When received in May 2012 the equipment width exceeded specs and would require a permit for all moves and the equipment was unbalanced and rocked excessively when operated. We returned the unit as unacceptable and have rented a trackhoe since that time.

The JCB machine and Hyundai appear to be a class lower than the CAT and about the same as the Volvo that had significant operation problems with a 42” bucket. In addition, our equipment maintenance personnel have the electronic equipment to diagnose problems with the CAT equipment. The other machines would require utilizing dealer personnel and equipment for machine diagnosis. It is our opinion that the Cat 315 SL is superior to the other machines in operating characteristics, ability to secure prompt and reliable parts and service.

We request award of this bid to Riggs Equipment for the Cat 315SL.

Re: Conditional Use Permit for Drive Thru Window at Pharmacy on College

Dear Mr. Townsell:

Thanks to the Council for the extension to December 11th. I previously advised that the parties needed additional time to negotiate. As a result of those negotiations, my clients, Larry Sparks, Ed Glover and Gayle Fowlkes wish to withdraw the application for conditional use permit.

I will not be appearing at the scheduled meeting on December 11, 2012 unless it is absolutely necessary.

Sincerely yours,

Larry E. Graddy

Johnson PUD Appeal

Mr. Keller Johnson is appealing the Planning Commission’s August denial of his PUD request. The Planning Commission heard opposition mostly from neighbors to the south who live in Westin Estates. Concerns were noise, lighting, and possible drainage issues. The neighbors want to see the quiet office zoning remain.

The original plan submitted to the Planning Commission was more vague and did not show actual home designs placed on the lots. The applicant has now resubmitted a new plan that shows better definition and home plans. The commercial area on the north side of the property has been decreased. The number of homes has been decreased from 33 to 27. Although the plan has changed from the August presentation to the Planning Commission, it is still very much the same except for better definition and a decrease in commercial area and number of homes.

The Planning Commission Staff Report has been included. The staff recommended conditions are the same, but have been revised to match the new plan. The conditions actually voted on by the Planning Commission are included in the typical Council letter. The question of the desired land use; C-2 or O-2, should be decided.

SITE DATA
Location. West Business Ave (Southeast corner of College and Prince St)
Legal Description. On file
Site Area. 12.15 Acres
Existing Structures. Office building at northwest corner of property.
Current Zoning. O-2 (Quite Office)
Requested Zoning: PUD (Planned Unit Development)
Overlay District. None

STAFF COMMENTS
This request is for a Planned Unit Development. This property was originally developed as a professional office park. The applicant would like to develop the property as a mixed use, new-urban style development with retail/office on the north and residential on the south.

Projected Traffic Impacts. If the property were developed as allowed with professional offices, around 800 vehicle trips per day could be expected. If the request for PUD is approved as submitted, 350 vehicle trips per day could be expected from the residences, and depending on the commercial space use, anywhere from 500-1000 cars per day could be expected.

Street Improvements. There are no street improvements scheduled in the area at this time.

Utility Infrastructure. There are adequate utilities in the area to serve development.

Flood / Drainage. A large portion of this property is shown on the FEMA flood insurance maps as being in the floodway and floodplain. In order to develop the property as proposed, a flood hazard study, revise the flood areas, but it would appear that the revisions were never finalized. FEMA approval must be obtained before the eastern portion of the property can be developed.

Conway 2025. Several recommendations in the Conway 2025 plan would add support for this development:

“In 2025, Conway has a number of walkable/livable “villages” that were developed using planning tools such as Traditional Neighborhood Development and form-based zoning.”

“In 2025, mixed use developments are prevalent throughout Conway. The city has moved away from its previous “subdivision ordinance” style of planning.”
PUD Specific Requirements

- **Relation to Utilities and Major Roads** - A PUD shall be located in relation to utility systems, drainage systems, and major roads so that neither extension or enlargement of public facilities shall be at the public’s expense. The proposal does not affect any major public utility or public road expense.

- **Internal Street Network** - A PUD shall include an internal system of streets, parking aisles, and/or cross access drives that can safely and efficiently accommodate vehicular traffic generated by the PUD. The proposal would utilize an existing street as its main ingress/egress. A second Prince Street access is also planned. The existing street was designed to commercial standards and is 32 feet wide. This could allow one row of parallel parking along the east side. Connecting streets and alleys provide access to the residential lots.

  The alleys (marked with a star on the plan, page 18) could provide future connectivity to the adjoining western property. One, or both of these alleys should be increased to 30 feet in width to provide a stub out(s) to the adjoining property.

  A 60 foot wide drive is sketched in on Lot 2. Driveways are limited to 40 feet in width maximum. The proper location and width will be determined during development review.

- **Sidewalk System** - Unless there are outstanding reasons that warrant otherwise, all internal streets within the PUD shall include pedestrian sidewalks. Sidewalks should be included throughout the development and along Prince and College.

- **Common Space** - The incorporation of plazas, courtyards, and other outdoor spaces for people to gather is encouraged. A common space is included as a part of the green space. A park and pavilion lot is shown between West Business Drive and the walking trail green space.

- **Green Space** - PUDs over 3 acres in area shall dedicate a minimum of 20% of the development as green space. Green space is defined as permeable area set aside for open space or landscaping. This proposal shows a large green space along the creek on the east. Other smaller additional green space are shown in the residential area. To meet the 20% green space requirement, 2.4 acres must be set aside. The submitted proposal meets this requirement.

- **Property Owners Association** - PUDs may require the formation of a property owners association to oversee the upkeep of common area and green spaces. A property owners association will need to be created to collect dues for upkeep and maintenance of the common areas.

- **Required Meetings** - A PUD request requires two specific meetings in addition to the Planning Commission public hearing; a development review meeting, and a public informational meeting. The development review meeting was held on August 9. This meeting is a technical meeting between the applicant and city officials to determine any technical development issues.

  Several concerns were pointed out concerning; utility locations, residential sprinklers, fire truck clearances, floodway revisions, right of way for a roundabout at Prince and College, and streets and alleys abutting neighboring properties. The included PUD plan is a revised plan based on comments from the technical meeting.

  On August 15, a public informational meeting will be held at an office building on the property at 465 West Business Drive. This report was written on August 13, and addendum will be provided with any updates.

- **Signage** - Unless specified otherwise, a PUD is subject to current Conway sign regulations. However, as part of the PUD’s final development plan, signage may deviate from these requirements. The applicant has not requested any sign variances as part of the PUD.

- **Platting, Development Review** - Platting and staff development review will be required upon approval of the PUD prior to issuance of building permits.
Staff Suggested PUD Conditions (Revised for Nov. 27, 2012 City Council Meeting)

The Commission may set conditions it feels will make the project compatible with the surrounding area. A list of possible conditions is presented below. The Commission should examine these suggested conditions and delete, modify, or add to as needed.

1. Platting shall be required. The plat shall show properly established floodway/floodplain.

2. Setbacks. Building setbacks must be established and shown on plat.

3. (Lot numbers revised for new plan. Lots 28, 29, and 30 shall be allowed O-2 (C-2?) land uses. Lots 1-27 shall be single-family residential dwellings. These uses are defined in the Conway Zoning Ordinance.

4. A property owners association must be formed in order to provide maintenance for common green space areas.

5. Additional right of way shall be dedicated as requested by the City Engineer for the construction of a roundabout at Prince and College.

6. (Revised for new plan) The street as shown between lots 6, 7, and 8 shall be stubbed out to the west to provide future connectivity. The southwest 20 foot alley shall be widened to a 30 foot full street. A cross access agreement shall be created allowing future access to the adjoining western property.

7. Development review is required on all commercial and office structures. Proper ingress/egress, driveway widths, etc. shall be determined during this review.

8. Sidewalks shall be constructed throughout the PUD and along Prince Street and College Avenue.

9. (Added based on August public hearing comments) An 8 foot wooden privacy fence shall be constructed along the south property line from lots 7 to 15.
