RE: Nuisance Abatement at 9 West Rockwood Drive, Conway AR
Cost of Clean-Up, Amount Due: $152.32

To whom it may concern:

Because you failed or refused to remove, abate or eliminate certain conditions on the aforementioned real property in the City of Conway, after having been given seven (7) days notice in writing to do so, the City of Conway was forced to undertake the cleanup of this property to bring it within compliance of the Conway Municipal Code.

The City of Conway is requesting payment for all costs expended in correcting said condition. If after thirty (30) days from the receipt of this letter notifying you of the cost to correct said condition, such payment has not been remitted to the City, the City has the authority to file a lien against real estate property for the cost expended after City Council approval.

At its September 24th, 2013 Meeting, 6:30 p.m. located at 810 Parkway Street, the City Council will conduct a public hearing on three items:

1. Consideration of the cost of the clean-up of your real property.
2. Consideration of placing a lien on your real property for this amount.
3. Consideration of certifying this amount determined at the hearing, plus a ten percent (10%) penalty for collection & filing fees, to the Tax Collector of Faulkner County to be placed on the tax books as delinquent taxes and collected accordingly.

None of these actions will be necessary if full payment is received before the meeting date. Please make check payable to the City of Conway and mail to 1201 Oak Street Conway Arkansas 72032 with the attention to Barbara McElroy. If you have any questions, please feel free to call me at 501-450-6191.

Cost of Clean-Up, Amount Due: $240.43

Dear Mr. Desilva,

Because you failed or refused to remove, abate or eliminate certain conditions on the aforementioned real property in the City of Conway, after having been given seven (7) days notice in writing to do so, the City of Conway was forced to undertake the cleanup of this property to bring it within compliance of the Conway Municipal Code.

The City of Conway is requesting payment for all costs expended in correcting said condition. If after thirty (30) days from the receipt of this letter notifying you of the cost to correct said condition, such payment has not been remitted to the City, the City has the authority to file a lien against real estate property for the cost expended after City Council approval.

At its September 24th, 2013 Meeting, 6:30 p.m. located at 810 Parkway Street, the City Council will conduct a public hearing on three items:

1. Consideration of the cost of the clean-up of your real property.
2. Consideration of placing a lien on your real property for this amount.
3. Consideration of certifying this amount determined at the hearing, plus a ten percent (10%) penalty for collection & filing fees, to the Tax Collector of Faulkner County to be placed on the tax books as delinquent taxes and collected accordingly.

None of these actions will be necessary if full payment is received before the meeting date. Date of Violation: February 25, 2013
Violator Name: Steven and Suzanne Johns
Address of Violation: 2002 Prince Street
Violation Type: Rubbish/trash, appliance/furniture, dilapidated structure
Warning #: CE6558

Description of Violation and Actions Taken:
On 2-25-13, I was contacted by a resident of Watkins Street about the conditions of the house located at 2002 Prince Street. I went to the listed address and found that the house was vacant and appeared to be in the foreclosure process, due to postings on the property. The property was in violation of the Conway Nuisance Abatement Code; sections 3.5.1, 3.5.3 and 1.7.1, for rubbish/trash, appliance/furniture and dilapidated structure. I issued a warning for the listed property owners as found in Arkansas County Data. The letters were sent both regular and certified mail on 2-26-13. The property was rechecked on 3-25-13 with no progress made. Code Enforcement Assistant Barbara McElroy spoke to Mr. Johns by phone on 3-26-13. Mr. Johns stated during this conversation that he did not have the time or money to clean the property up. Johns was informed at this time that the matter would go before the city council in order for the City of Conway to take action to clean the property up. Pictures were taken of the property on 3-27-13 that show the conditions of the property and are on file for review. The property is still owned by the Johns’. The bank, Bank of America, has not taken ownership of the property at this time.

CITY OF CONWAY AND FAULKNER COUNTY COUNCIL ON AGING
2013 GRANT CONTRACT AGREEMENT

THIS AGREEMENT made and entered into on this 24th day of September, 2013, by and between the CITY OF CONWAY, Faulkner City, State of Arkansas, as the Implementor of the Community Development Block Grant Program (hereinafter referred to as “City”), and the Faulkner County Council on Aging (hereinafter referred to as the “Subrecipient”).

WITNESSETH

WHEREAS, the City of Conway has received a Community Development Block Grant from the United States Department of Housing and Urban Development (HUD) under Title I of the Housing and Community Development Act of 1974, as amended (42 USC 5301 et seq.) (The Act); and

WHEREAS, pursuant to such Grant, the City of Conway is undertaking certain programs and services necessary for the planning, implementation and execution of such a Community Development Block Grant Program; and

WHEREAS, the City of Conway desires to engage the Subrecipient to render certain services, programs, or assistance in connection with such undertakings of the Community Development Block Grant Program, situated in the Project Area described in Appendix A.

NOW, THEREFORE, the parties hereto do mutually agree as follows:

1. **Scope of Service:** The Subrecipient shall receive $200,000.00 to perform all the necessary services provided under this Contract in accordance with and respecting the following project:

   Acquisition of an existing facility for use as the Conway Senior Wellness and Activity Center (formerly known as the Conway Senior Citizens Center).

   The Subrecipient shall do, perform, and carry out, in a satisfactory manner, as determined by the City, the goals, objectives, and tasks set forth in Appendix A, and incorporated herein by reference.

2. **Term of Contract:** The services of the Subrecipient are to commence on January 1, 2011 and shall be undertaken and completed in such sequence as to assure their expeditious completion in the light of the purposes of this Contract unless so otherwise specified in the Contract in Section 8 (General Terms and Conditions) or in Section 9 (Special Terms and Conditions). This Agreement shall remain in effect until Subrecipient has spent all funds, or until this Agreement is otherwise terminated. However, the obligations of Subrecipient under Section 5 (Program Income) shall continue for any additional time period during which Subrecipient may receive or remain in control of program income. An Assignment of Proceeds and grant of Lien may not be terminated without written consent of City. Subrecipient shall comply with the requirements of 24 CRF 570.503(b) (8) and/or any Assignment of Proceeds and Grant of Lien, at the City’s sole discretion. Time is of the essence in the Agreement.
3. **Compensation:** The Subrecipient shall be paid a total consideration of $200,000.00 for full performance of the services specified under this Agreement. Compensation shall be allowed on a reimbursement basis, only after expenditures have been incurred by the Subrecipient in conformity with the approved and executed budget document, which is attached to this Contract as an Appendix A, incorporated herein by reference.

In every case, payment will be made subject to receipt of a requisition for payment from the Subrecipient specifying and certifying that such expenses have been incurred and expended in conformance with this Contract and that the Subrecipient is entitled to receive the amount requisitioned under the terms of this Contract.

The Subrecipient shall not claim reimbursement from the City for that portion of its obligations, which has been paid by another source of revenue.

The Subrecipient shall notify the City in writing of all authorized personnel who shall be empowered to file requests for payment pursuant to this Agreement.

4. **Use of Funds:** Use of funds received pursuant to this Agreement shall be in accordance with the requirements of the Housing and Community Development Act of 1974 (as amended), 24 CRF Part 570 and other regulations governing the Community Development Block Grant Program, and any amendments or policy revisions thereto, which shall become effective during the term of this Agreement. A copy of said regulations is incorporated by reference. In addition, the Subrecipient agrees to comply with other applicable laws, including the National Environmental Policy Act of 1969 (and the implementing regulations of 24 CRF 58), the National Historic Preservation Act of 1966 as amended (16 USC 470), Section 504 of the Rehabilitation Act of 1973 (29 USC 794) (and the implementing regulations at 24 CRF 8), the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975 (42 USC 6101) (and the implementing regulations at 24 CRF 146), the prohibition against using debarred contractors at 4 CFR 570.609, and Executive Orders 11063, 11246, 11375, 12086, and 12259.

Further, any funded activity must be designed or so located as to principally benefit lower income persons, aid in the presentation or elimination of slums, or blight, or meet urgent community development needs, as defined in the program regulations.

Subrecipient agrees to comply with the uniform administrative requirements specified at 24 CFR 570.502 and 24 CFR 570.610, including:

Subrecipient is prohibited from using funds provided herein for political activities, sectarian or religious activities, or lobbying activities.

5. **Program Income**  Program income (defined at 24 CFR 570.500) derived from the project, if any, shall revert to the City for use in the Community Development Block Grant Program.

If Subrecipient executes an Assignment of Proceeds and Grant of Lien to the City, specifying the terms of reversion of proceeds from possible future sale of real property, it is incorporated by reference and made a part of this contract as Appendix A.

6. **Assignment**  Without written consent of the City, this Agreement is not assignable by the Subrecipient, either in whole or part.

7. **Alteration**  No alteration or variation in the terms of this Agreement shall be valid unless made in writing and signed by the parties hereto.

8. **General Terms and Conditions**

   A. The Subrecipient agrees to submit program status reports to the City on at least an annual basis or more frequently if requested and other reports as may be required.

   B. The Subrecipient agrees to maintain racial, ethnic, gender, head of household, household income, and household size data showing the extent to which these categories of persons have participated in, or benefited from the project, and to submit this information to the City within 30 days of the request form the City.

   C. The Subrecipient agrees to keep all necessary books and records, including property, personnel, and financial records, in connection with the operations and services performed under this Agreement, and shall document all transactions so that all expenditures may be properly audited. If the Subrecipient received between $5,580 and $100,000 in combined federal assistance during its fiscal year, it agrees to obtain either an audit conducted in accordance with OMB Circular A-133 or a program-specific financial audit. If the Subrecipient receives $100,000 or more in combined federal assistance, it agrees to obtain either (1) an audit conducted in accordance with OMB circular A-133, or (2) if it participates in only one federal program, a program-specific financial audit.

   D. The Subrecipient agrees that the City or any authorized representative has access to and the right to examine all records, books, papers, or documents related to the project.

   E. The Subrecipient hereby severally warrants that all project records, books, papers and documents will be retained for a period of not less than four (4) years after the project terminates and grants the City the option of retention of the project records, books, papers and documents.
F. The Subrecipient agrees to obtain all necessary permits for intended improvements or activities.

G. The Subrecipient agrees to purchase necessary flood insurance if its project is located in a flood hazard area and the nature of the project requires such insurance.

H. The Subrecipient, if its program involves housing, agrees to affirmatively further fair housing.

I. The Subrecipient hereby severally warrants that it will establish and adopt safeguards to prohibit members, officers, and employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties. Further, no member, officer, or employee of Subrecipient who exercises any functions or responsibility with respect to the program during his or her tenure or for one year thereafter, shall have any financial interest, direct or indirect, in any contract of subcontract, or the proceeds thereof, either for themselves or those with whom they have family or business ties, for work to be performed in connection with the program assisted under this Agreement.

J. The undersigned person signing as an officer on behalf of the Subrecipient, a party to this Agreement, hereby severally warrants and represents that said person has authority to enter this Agreement on behalf of said Subrecipient and to bind the same to this Agreement, and, further that said Subrecipient has authority to enter into this Agreement and that there are no restrictions or prohibitions contained in any article of incorporation or bylaw against entering into this Agreement.

K. The City shall not be responsible or liable for any debts, actions, obligations, negligence, or liabilities committed or incurred by the Subrecipient, its staff or clientele; and the Subrecipient hereby agrees to define, hold harmless and indemnify the City from and against any and all liabilities for debts, obligations, and negligence. No payment, however, final or otherwise, shall operate to release the Subrecipient from any obligations under this Contract.

L. The Subrecipient hereby certifies that, in the implementation of projects funded by this Agreement and in all of its other operation, it will comply with all requirements of Section 504 of the Rehabilitation Act of 1973 (29 USC 794) (and the implementing regulations of 24 CFR 8), the Americans with Disabilities Act of 1990 (PL 101-336), and all state and local laws requiring physical and program accessibility to people with disabilities, and agrees to defend, hold harmless, and indemnify the City from and against any and all liability for any noncompliance on the part of the Subrecipient.

M. Nothing contained in this Agreement is intended to, or shall be construed in any manner to, create or establish an employer-employee relationship between the parties, nor shall any employee of the Subrecipient by virtue of this contract be an employee of the City for any purpose whatsoever, nor shall any employee of the Subrecipient be entitled to any of the rights, privileges, or benefits of City employees.
The Subrecipient shall be deemed at all times an independent contractor and shall be wholly responsible for the manner in which it performs the services required of it by the terms of this contract. The Subrecipient assumes exclusively the responsibility for the acts of its employees as they relate to the services to be provided during the course and scope of their employment.

N. The Subrecipient agrees to participate in training to become informed about the regulations governing the Community Development Block Grant Program, especially with regard to changes in the regulations, provisions requiring nondiscrimination on the basis of disability, and provisions regarding relocation.

O. The City of Conway’s obligation is limited to Subrecipient receipt of Federal Funds from Housing and Urban Development and Community Development Block Grant funds.

P. The City of Conway may charge fees/assessments to beneficiary who are not Low to Moderate Income individuals and families

Q. City of Conway may assess property owners for City of Conway costs of project, which was constructed in part with CDBG funds-for portion paid with non-CDBG funds.

R. The Subrecipient will maintain all receipts and documentation. Any bank account with CDBG funds is subject to outside audits.

9. **Special Terms and Conditions:**

A. It is expressly understood and agreed that either party shall have the right to terminate this Agreement or reduce the compensation amount upon 15 days written notice to the other party. However, Subrecipient may not terminate its obligations under Section 5 (Program Income) and may not terminate an Assignment of Proceeds and Grant of Lien without written consent of the City. All reports or accountings provided for herein shall be rendered whether or not they fall due within the contract period.

B. Further, the City reserves the right to terminate this contract upon written notification to the Subrecipient under any of the following conditions:

1) Notification by HUD to the City that said project is ineligible because of project location, services provided, or any other reason cited by HUD;

2) Notification by HUD to the City that said project is deficient and that continued support of the project is not providing an adequate level of services to low income and minority people; or

3) Written notification from HUD to the City that the program funds made available to the City are being curtailed, withdraw, or otherwise restricted.
C. The City also reserves the right to terminate this Contract or to reduce the contract compensation amount if the Subrecipient:

1) Fails to file required reports or to meet project progress or completion deadlines;

2) Materially fails to comply with any provision of this Agreement (which may result in suspension or termination in accordance with 24 CFR 85.43 or OMB Circular A-110, Attachment L);

3) Expense funds under this Agreement for ineligible activities, services or items;

4) Implements the project prior to notification from the City that the federal environmental review process has been completed;

5) Violates Labor Standards requirements; or

6) Fails to comply with written notice from the City of substandard performance under the terms of this Agreement.

10. Other Provisions:

A. Equal Employment Opportunity

The following provision (1) and (20) are applicable to all contracts and subcontract; provisions (3) through (7) are applicable to all non-exempt construction contracts and subcontracts, which exceed $10,000:

During the performance of this contract, the Subrecipient agrees as follows:

(1) The Subrecipient shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, sex, age, handicap, disability, sexual orientation, ancestry, national origin, martial status, familial status, or any other basis prohibited by applicable law. The Subrecipient shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, age, handicap, disability, sexual orientation, ancestry, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of any or other forms of compensation, and selection for training including apprenticeship. The Subrecipient agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Subrecipient will, in all solicitations or advertisements for employees placed by or on behalf of the Subrecipient, state that all qualified applicants
will receive consideration for employment without regard to race, color, creed, religion, sex, age, handicap, disability, sexual orientation, ancestry, national origin, marital status or any other basis prohibited by applicable law.

(3) The Subrecipient will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers’ representatives of the Subrecipient’s commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The Subrecipient will comply with all provisions of Executive Order 11246, Equal Employment Opportunity, of September 24, 1965, as amended by Executive Orders 11375 and 12086, copies of which are on file and available at the City, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The Subrecipient will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended, by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by HUD and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and others.

(6) In the event of the Subrecipient’s noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the Subrecipient may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, as amended, or as otherwise provided by law.

(7) The Subrecipient will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraph (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor, issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended, so that such provisions will be binding upon each subcontractor or vendor. The Subrecipient will take such action with respect to any subcontract or purchase order as HUD may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event an Subrecipient becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by HUD, the Subrecipient may request the United States to ensure into such litigation to protect the interests of the United States.
B. Equal Opportunity in Participation

Under the terms of Section 109 of the Housing and Community Development Act of 1974, and in conformance with City policy and all requirements imposed by or pursuant to the Regulations of HUD (24 CFR Part 570.601 and 507.602) issued pursuant to Section 109; no person in the United States shall on the ground of race, color, creed, religion, sex, age, handicap, disability, sexual orientation, ancestry, national origin, marital status, familial status, or any other basis prohibited by applicable law be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with Community Development Block Grant Program funds:

Specific (not exclusive) Discriminatory Actions Prohibited:

The Subrecipient may not directly or through contractual or other arrangements, on the ground of race, color, creed, religion, sexual orientation, ancestry, national origin, marital status, familial status, age, handicap, disability, sex or any other basis prohibited by applicable law:

a. Deny any facilities, services, financial aid, or other benefits provided under the program or activity.

b. Provide any facilities, services, financial aid, or other benefits, which are different, or are provided in a different form from that provided to others under the program or activity.

c. Subject to segregated or separate treatment in any facility, or in any matter or process related to receipt of any service or benefit under the program or activity.

d. Restrict in any way access to, or the enjoyment of any advantage or privilege enjoyed by others in connection with facilities, services, financial aid, or other benefits under the program or activity.

e. Treat in individual differently from others in determining whether the individual satisfies any admission, enrollment, eligibility, membership, or other requirement or condition, which the individual must meet in order to be provided any facilities, services, or other benefit provided under the program or activity.

f. Deny any person with the legal right to work an opportunity to participate in a program or activity as an employee.

The Subrecipient will conform with the rules and regulations set forth under Section 3 of the Housing and Urban Development Act of 1968, (12 USC 1701u), as
This Act requires that, to the greatest extent feasible, opportunities for training and employment be given to lower income residents of the project area, and contracts for work in connection with the project be awarded to business concerns, which are located in, or owned in substantial part by, persons residing in the same area of the project. In all solicitations for bids, the contractor must, before signing the contract, provide a preliminary statement of the work force needs and plans for possible training and employment of lower income persons. When a Subrecipient utilizes the bidding procedure to let a bid, the invitation or solicitation for bids shall advise prospective contractors of the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, and the clause shall be inserted as a component part of any contract or subcontract.

If a Subrecipient solicits or requests an invitation for bids, every effort feasible will be made to contact minority-owned and women-owned business enterprises for a response to the solicitation or invitation for bidders.

D. Nondiscrimination in Federally Assisted Programs.

The Subrecipient will comply with Title VI of the Civil Rights Act of 1964 (PL 88-352, 42 USC 2000d et seq.) and the Fair Housing Act (42 USC 3601-20). In accordance with City policy and Title VI of the Civil Rights Act of 1964 (PL 88-352), in the sale, lease or other transfer of land acquired, leased or improved with assistance provided under this Agreement, the deed or lease for such transfer shall contain a covenant prohibiting discrimination upon the basis of race, color, creed, religion, sex, handicap, disability, sexual orientation, ancestry, national origin, marital status, or familial status, in the sale, lease or rental, or in the use of occupancy of such land or any improvements erected or to be erected thereon. The Subrecipient will comply with Title VIII of the Civil Rights Act of 1968 (PL 90-284) as amended and will administer all programs and activities related to housing and community development in a manner to affirmatively further fair housing.

E. Labor Standards.

Except with respect to the rehabilitation of residential property designed for residential use for less than eight households, the Subrecipient and all subcontractors engaged in contracts in excess of $2,000 for the construction, completion, rehabilitation, or repair of any building or work financed in whole or in part with assistance provided under this Agreement are subject to the federal labor standards provisions which govern the payment of wages and the ratio of apprentices and trainees to journey workers. Under the terms of the Davis-Bacon Act, as amended, the Subrecipient is required to pay all laborers and mechanics employed on construction work at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor, and shall pay overtime compensation in accordance with and subject to the provisions of the Contract Work Hours and Safety Standards Act (40 USC 327-332), and the Subrecipient shall comply with all regulations issued pursuant to these Acts and with other applicable Federal laws and regulations pertaining to labor standards, including the Copeland
“Anti-Kickback” Act. Provided, that if wage rates higher than those required under the regulations are imposed by State or local laws, nothing hereunder is intended to relieve the Subrecipient of its obligation, if any, to require payment of the higher rates.

F. Flood Disaster Protection.

This Agreement is subject to the requirements of the Flood Disaster Protection Act of 1973 (PL 93-234). Use of any assistance provided under this Agreement for acquisition or construction in an area identified as having special flood hazards shall be subject to the mandatory purchase of flood insurance in accordance with the requirements of Section 102(a) of said Act.

G. Clean Air Act and Federal Water Pollution Control Act (Applicable to Contracts and Subcontracts, Which Exceed $100,000).

The Subrecipient shall comply with and require each subcontractor to comply with all applicable standards of the Clean Air Act of 1970 (42 USC 1857 et seq.), as amended, the Clean Air Act of 1990, the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended, and the regulations of the Environmental Protection Agency with respect thereto, at 40 CFR Part 15, as amended from time to time.

Neither the Subrecipient program nor the funds provided therefore, nor the personnel employed in the administration of the program shall be in any way or to any extent engaged in the conduct of political activities in contravention of Chapter 15 of Title 5, United States Code.

I. Lead-Based Paint.

Any grants or loans made by the Subrecipient for the rehabilitation of residential structures with assistance provided under this Agreement shall be made subject to the provision for the elimination of lead-based paint hazards under 24 CFR Part 35. Subrecipient will comply with the requirements of 24 CFR 570.608 for notification, inspection, testing, and abatement procedures concerning lead-based paint. Such regulations require that all owners, prospective owners, and tenants of properties constructed prior to 1978 be properly notified that such properties may contain lead-based paint. Such notification shall point out the hazards of lead-based paint and explain the symptoms, treatment, and precautions that should be taken when dealing with lead-based paint poisoning.

J. Special Assessments.

Subrecipient will not attempt to recover any capital costs of public improvements assisted in whole or in part with funds provided under Section 106 of the Act or with
amounts resulting from a guarantee under Section 108 of the Act by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements unless: (1) funds received under Section 106 of the Act are used to pay the proportion of such fee or assessment that relates to the capital costs of such public improvements that are financed from revenue sources other than under Title I of the Act; or (2) for purposes of assessing any amount against properties owned and occupied by persons of moderate income, the grantee certifies to the Secretary of HUD that it lacks sufficient funds received under Section 106 of the Act to comply with the requirements of subparagraph (1).

K. Acquisition, Rehabilitation, and Demolition of Real Property and Displacement of Persons and Businesses

Subrecipient will comply with the “Count of Conway Community Development Block Grant Program Plan for Minimizing the Displacement of Persons As a Result of Community Development Block Grant Funded Activities” and the “City of Conway Community Development Block Grant Program Residential Antidisplacement and Relocation Assistance Plan.” Subrecipient will conduct any acquisition, rehabilitation, or demolition or real property, and any negotiations for acquisition, rehabilitation, or demolition of real property in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, Section 104 (d) of the Act, and the implementing regulations at 49 CFR 24 and 24 CFR 570.606. Unless specifically permitted in Appendix A, Subrecipient will not cause either temporary or permanent involuntary displacement of persons or businesses. If Subrecipient causes the involuntary temporary or permanent displacement of any person or business as a result of Community Development Block Grant activities, it shall comply with the City’s “Plan to Assist Persons Actually Displaced by Community Development Block Grant Activities,” and Subrecipient shall provide all notices, advisory assistance, relocation benefits, and replacement dwelling units as required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, Section 104(d) of the Act, and the implementing regulations at 49 CFR 24 and 24 CFR 570.606.

Subrecipient hereby agrees to defend, to pay, and to indemnify the City from and against, any and all claims and liabilities for relocation benefits or the provision of replacement dwelling units required by federal statutes and regulations in connection with activities undertaken pursuant to this Agreement.

L. Lobbying Restrictions

Subrecipient certifies that, to the best of its knowledge and belief:

No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any
cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions; and

It will require that the language of this paragraph L be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

M. Provisions Required by Law Deemed Inserted.

Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the applicable of either party the contract shall forthwith be physically amended to make such insertion or correction.

IN WITNESS WHEREOF, the parties hereto have executed this contract.

APPENDIX A

A. DESCRIPTION OF PROJECT

This project allows for growth in the current senior program of approximately 1,200 people. Specifically, this CDBG grant will be used for acquisition of an existing facility and does not allow for rehab or construction.

B. GOALS, OBJECTIVES AND TASKS

2. Objective: Acquisition of a senior center

C. BUDGET

| CDBG grant income | $200,000 |

D. ASSIGNMENT OF PROCEEDS AND GRANT OF FIRST LIEN BY “SUBRECIPIENT” TO THE CITY OF CONWAY FROM POSSIBLE FUTURE SALES

Grantee, SUBRECIPIENT, hereby assigns to CITY OF CONWAY, FAULKNER COUNTY, STATE OF ARKANSAS (“City”) any and all proceeds from future sale or alienation, as herein described, of the property and any improvements described in Exhibit “A” attached hereto and made a part hereof (“the Premises”). The terms and conditions of said assignment are set forth herein and the Undersigned, Grantee of the City’s Community Development Block Grant Program, understands, and acknowledges that:

1. The City of Conway has received a Block Grant from the United States Department of Housing and Urban Development under Title I of the Housing and Community Development Act of 1974, as amended, providing for the implementation of a Community Development Program.

2. Total development cost of the project is $2,000,000.00

3. The City of Conway has utilized a portion of its Block Grant to enable Grantee to locate and purchase property with the location to be listed in an addendum to this agreement, more particularly described in Exhibit A. The total Block Grant funding for the project is $200,000.00

4. The purposes for which Block Grant moneys may be expended are limited by federal statutes and regulations, local policies allowable within the framework of such federal statutes and regulations, and an Operating Agreement entered into between the City of Conway as Implementor of the Community Development Block Grant Program and each recipient of Block Grant funds within the City of Conway, including Grantee.
5. The Block Grant funds available to and/or allocated by the City constitute a valuable community resource. In the event Block Grant funds previously allocated for a particular purpose are not or cannot be utilized for such purpose, it is necessary, proper and in the public interest for such funds to revert to the City of Conway as Implementer of the Community Development Block Grant Program so that such funds may be reallocated for another purpose.

6. In the event CDBG funds are used in whole or in part to purchase or construct, acquire, or for other eligible activities, no funds will be released until the entire project is determined by the City of Conway to be feasible and otherwise conforms to all federal regulations.

7. As a condition of receiving funds for the purchase of property, rehabilitation, or construction of housing or community service facility, the City of Conway will have a lien against the property for a minimum of 10 years. Said lien shall be exercised and enforced if the property is no longer used for its intended purpose during the effective dates of said lien. The lien will be prorated over the number of years it is to be held and in effect. For example if the lien is for ten years and the property has been used for its intended purpose for only six years, the city shall be reimbursed for 40% of the initial grant for the remaining period of time. Grantee agrees to execute any and all documents and agreements necessary for the City of Conway to perfect its lien as agreed herein. Grantee acknowledges that in the event the property is not used for its intended purposes during the term of the lien and if reimbursement is not made as set out above, the City of Conway may exercise and enforce its lien and the premises may be sold, with the proceeds of such a sale to be used to satisfy the lien.

E. PAYMENT PLAN

Grant funds will be made available on a reimbursement basis. In the event that the organization does not have sufficient funds for an eligible expense, the City of Conway may release such funds in order to pay the cost of the eligible expenditure. Receipts, invoices, and other documentation and certifications that expenditures are eligible under contract will accompany all expenditures or reimbursement requests. Without prior written agreement by City of Conway, all subrecipients’ funds not expended by the end of the contract period will be reallocated by the City of Conway.

The City of Conway limits its obligations to receipt of federal funds. No general funds of the City of Conway shall be expended to facilitate the project described herein.

F. REPORTING

Subrecipients will submit quarterly progress reports indicating units of service and expenditures to the Director of Community Development. Quarterly reports are to be submitted on (or the next working day following) April 15th, July 15th, October 15th and January 15th.
THEREFORE, in consideration of the Block Grant funds made available to Subrecipient and the public purposes for which the Community Development Block Grant program is intended, Subrecipient, for itself and its successors in interest and assigns, hereby agrees as follows:

1. In the event that Grantee ceases for any reason, voluntary or involuntary, to use the Premises for purposes eligible as of this date under paragraphs C and D above, Grantee or its successor in interest shall pay to the City, as Implementer of the Community Development Block Grant Program, the fair market value of the Premises as of the time of such cessation. The City shall have a lien for such sums. Said payment shall be made in the same manner as set out in paragraph (D) (7) above.

2. In the event Grantee’s ownership of the Premises is terminated by a foreclosure sale, judicial foreclosure, or deed in lieu of foreclosure, the City’s interest at fair market value shall be paid from foreclosure proceeds, to the extent available, to the City as Implementer of the Community Development Block Grant Program. While not required to do so, the City shall have the right to intervene in any such action and have such proceeds paid directly to it.

3. Either party may have this Assignment recorded in the Records of the Circuit Clerk such recording to constitute a lien on the Premises, for the percentage as set forth herein.

4. This Agreement shall be terminated upon payment in full of the debt, which is defined as the prorated share of the based on the proportion of original grant, fair market value of the Premises. This Agreement shall have no force or effect if terminated by operation of law or by foreclosure, as limited by paragraph 4 above.

By execution of this Assignment, Grantee on behalf of itself and its successors in interest accepts and agrees to be bound by the covenants contained herein.

Executed by Grantee this _______ day of _______________, 20___.

in the amount of $75,000 for the Stage 1B Airport Paving and $25,000 for the on-site
Airport Roads projects.

This work is needed to confirm the quality and conformance to the plans as required by the
FAA. The cost is 90 percent funded by FAA funds & 10 percent by State and city funds. The
contract is attached.

Please advise if you have any questions.

Thank you for your consideration.

I. INTRODUCTION

This program serves as a guide for the quality management of the construction phase of the airport improvements outlined in the Contract Documents for Airport Improvement Program Project 3-05-0089-006-2013. The project includes construction of the Access Road for the new Airport. The project will be bid as two separate schedules to allow the Sponsor to award construction of either an ACHM pavement section or a P-501 PCC pavement section. Schedule 1 includes approximately 14,700 square yards of 3.5" thick ACHM pavement over approximately 18,300 square yards of AHTD Class 7 Aggregate Base Course with approximately 9,900 cubic yards of Unclassified Excavation, 18,700 cubic yards of Embankment in Place and 7,500 cubic yards of Unsuitable Excavation. Schedule 2 includes approximately 17,200 square yards of 8" thick Portland Cement Concrete Pavement over approximately 18,300 square yards of 8" thick Soil-Cement Base Course with approximately 10,300 cubic yards of Unclassified Excavation, 19,000 cubic yards of Embankment in Place, and 7,500 cubic yards of Unsuitable Excavation. The Sponsor will conduct quality assurance operations via engineering supervision, construction observation, and materials testing in accordance with FAA Advisory Circular 150/5370-12 "Quality Control of Construction". The Contractor will provide quality control operations. The Sponsor is the City of Conway, the Engineer is Garver, the QA Testing Firm is Thomas & Associates, and the Contractor is [ ].

The Engineer will provide construction observation and engineering supervision while the QA Testing Firm will conduct materials testing for acceptance and quality assurance. The Engineering supervision and construction observation qualifications are included in Appendix A. The Sponsor’s contracts with the QA Testing Firm are included in Appendices B. The technical specifications containing construction materials that require quality control testing include:

SS-160 Asphalt Surface and Binder Course (Schedule 1)
SS-161 Aggregate Base Course (Schedule 1)
P-152 Excavation and Embankment (Schedules 1 & 2)
P-301 Soil-Cement Base Course (Schedule 2)
P-501 Portland Cement Concrete Pavement (Schedule 2)
P-610 Structural Portland Cement Concrete (Schedules 1 & 2)

III. CONSTRUCTION OBSERVATION

The Engineer will provide the required construction observation for the construction phase of the project with engineering supervision and field personnel that are qualified to observe the work described in the Contract Documents. Qualifications of the engineering supervision and construction observation personnel are included in Appendix A.

The Engineer’s Construction Observer, Project Engineer or Project Manager shall be on the project site at least at beginning of these following critical operations:

1. Excavation and Embankment.
2. Installation of Reinforced Concrete Pipe and Drainage Structures.
3. Construction of Aggregate Base Course or Soil-Cement Base Course.
4. Construction of ACHM Surface Course and ACHM Base Course or Portland Cement Concrete Pavement.

Construction observers shall be fully qualified to make interpretations, decisions, and field computations and have knowledge of the testing requirements and procedures contained in the specifications. The construction observer shall have the authority to reject unsatisfactory workmanship and materials that are not in conformance with the specifications. The construction observer’s primary duties are as follows:

1. Checks activities to ensure compliance with the plans and specifications. Informs the contractor of any work that is in noncompliance.
2. Ensure that all testing required by the specification is performed. All commercially produced products, such as pipe and reinforcing steel, that are used on the project will be accompanied by numerical test results or a certification from the manufacturer that the material meets the applicable standards.
3. Visits the testing laboratory to determine if it has the equipment and qualified personnel necessary to conduct the tests required by the specifications.
4. Ensures that tests are performed at the frequency stated in the specifications. Determines when and where tests will be taken and witnesses tests. If not indicated in the specifications, a sufficient number of tests are performed to verify that the construction is acceptable.

5. Reviews test reports and certifications for conformance with the specifications. Each test report for material in-place, at a minimum, will contain the following:
   a. Test performed and date.
   b. Applicable standard or project specification.
   c. Test location.
   d. Test result.
   e. Action taken on failing tests.
   f. Lot size and location and adjusted contract price when statistical acceptance procedures are specified or when provisions allow for reduced payment.

6. Maintains a file of test reports and certifications.

7. Informs the contractor of deficiencies so corrections can be made and retesting performed prior to covering any substandard work with additional material.

8. Documents quantities of materials used on the project by actual measurements and computations in a field notebook or computer printouts retained in a folder. For materials paid for on a weight basis, a summary of the material placed each day will be kept in the field notebook. The notebook and/or computer printouts, supported by the original set of weight tickets, are the basis for payment.

9. Maintains a set of working drawings on the job site that can be used to prepare “as-built” drawings.

10. Reviews payment requests from the contractor.

11. Maintains a diary that contains daily entries made and signed by the resident engineer. Each entry should include the following, plus any additional pertinent data:
   a. Date and weather conditions.
   b. Names of important visitors.
   c. Construction work in progress and location.
   d. Size of contractor’s work force and equipment in use.
   e. Number of hours worked per day for contractor and subcontractor.
   f. The substance of important conversations with the contractor about conduct, progress, changes, test results, interpretations of specifications, or other details.

12. Submits copies of FAA Form 5370-1, Construction Progress and Inspection Report, or equivalent form to the appropriate FAA Airports Division/District/Field Office upon request.
IV. CONSTRUCTION MATERIALS QUALITY ASSURANCE TESTING

Thomas & Associates (herein called the “QA Testing Firm”) will provide the required material testing for the construction phase of the project. The QA Testing Firm will be under contract with the Sponsor and will be responsible for providing the construction materials quality assurance testing in accordance with the technical specifications and this Construction Management Plan. The QA Testing Firm will coordinate directly with the Resident Engineer/Observer. Qualifications and accreditations of the QA Testing Firm and its personnel are included in Appendix B.

The QA Testing Firm will perform the tests described on the following “Construction Material Quality Assurance Tests” table. They will report the test results to the Resident Observer as soon as available using the Construction Materials Test Results forms at Appendix C. Typically, results shall be provided to the Resident Observer verbally within one hour and electronically within one working day.

The Resident Engineer/Observer will initiate appropriate action for all failing tests. The QA Testing Firm may submit other standard report forms for the Engineer’s approval. The proposed form shall include all required information. Additionally, the QA Testing Firm shall provide a monthly summary of all material testing completed and clearly indicate which tests are retests of previously failed, quality assurance tests. The QA Testing Firm shall be responsible for distinguishing in their billing the quality assurance testing required due to previously failed tests.

The Resident Engineer/Observer will evaluate the test results against to the specified acceptance criteria for the applicable test. The Resident Engineer/Observer will notify the Contractor of the test results, whether the results meet the acceptance criteria, and the appropriate action required by the Contractor. The Resident Engineer/Observer and the QA Testing Firm will maintain records of test results.

The Resident Engineer/Observer will use the “Construction Materials Testing Results Form” in Appendix C to provide a Construction Materials Quality Control Summary to the FAA upon request. The summary will contain a list of all tests performed showing the date, location, pass or fail, results of retests, and whether or not the test is eligible or ineligible under the AIP program. The summary will include a certification that all testing was in accordance with this Construction Management Program.

The Engineer will prepare a summary of materials not passing and the penalty called for by the technical specifications. The Engineer will submit the summary to the FAA upon request and will indicate when and to what extent penalties are imposed.

Should test results or observations indicate noncompliance with the Plans and Specifications, the following communication and follow-up action will be implemented, as applicable:

1. Verbal notification to the Construction Observer and Construction Superintendent.
2. Calibration check on equipment used to determine the noncompliance item, if applicable.
3. Confirmation of noncompliance through retesting and/or follow-up observations.
4. If a solution to the nonconformance issue is not reached in a reasonable time frame, additional
qualified contractor personnel will be contacted to assist in identifying and correcting the problem.

5. If a severe nonconformance problem is detected and a reasonable solution cannot be implemented in a reasonable time frame, the Construction Superintendent will consult with the Project Engineer and the applicable work will be suspended.

6. The work will commence only after the Construction Superintendent and Project Engineer concur that a solution to the problem has been found and successfully implemented.

ENGINEERING SUPERVISION & CONSTRUCTION OBSERVATION QUALIFICATIONS
Blake Roberson, PE  
Project Manager

Blake Roberson is a Project Manager in our Aviation Group with nine years of experience. Blake’s responsibilities include design coordination, plan preparation, specification preparation, client contact, and construction management. Blake has experience working at numerous Arkansas air carrier and general aviation airports. Blake’s airport and site development project experience includes runway extensions, parallel taxiway extensions, pavement overlays, runway safety area improvements, utility installation, hangar construction, pavement rehabilitation, ramp expansion, property acquisition, and parking lots.

Conway Municipal Airport Design – Phase 1, Conway, Arkansas.  
Project Leader responsible for providing management and oversight, including project planning, design, property acquisition support, and coordination to design and oversee construction of a new airport in Conway. The airfield will include a 7,000-foot runway with full instrument approaches, a full-length parallel taxiway, terminal, fuel, and parking facilities.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.  
Project Leader responsible for bidding, design, and construction management.

Conway Municipal Airport Terminal Design and Construction, Conway, Arkansas.  
Project Leader responsible for providing design services for a 6,300-square-foot terminal building to serve the Conway Municipal Airport. Building amenities include a pilots’ lounge, office space for airport management, a line room for airport staff, and a large conference room for use by local industry.

Project Leader responsible for management, design, and oversight to build a new regional airport. Responsibilities include grading and drainage design, preliminary plans and design, and Stage 1 plans. The airport will feature a 5,003-foot runway, a full parallel taxiway, apron tie-down space for nearly 30 aircraft, T-hangars, a terminal area with space for a general aviation terminal building, fueling facilities, space for T-hangar development, associated vehicular parking, and an access road.

Saline County Regional Airport – Stage 2 (Paving and Lighting Design and Construction), Bryant, Arkansas.  
Aviation Engineer responsible for designing the airfield pavement phase for the new airport, which included two stages. The first involved paving half of the airfield with a 2-inch asphalt section. The second stage included lighting, utilities, and paving the entire airfield to 4-inch thickness. The airport features a 5,000-foot runway, tie-down space, fueling facility, T-hangars, private hangars, full parallel taxiway, security fencing, and access road.
**Saline County Regional Airport Parallel Taxiway Construction, Bryant, Arkansas.**  
Project Leader responsible for the construction phase for a parallel taxiway and terminal area fencing project. Responsibilities included coordinating with the commission, grant closeout, site visits, pavement management plan, and construction support and administration.

**Heber Springs Municipal Airport Taxiway and Apron Rehabilitation, Heber Springs, Arkansas.**  
Project Leader responsible for bidding, design, and construction management. This project included applying a rejuvenator seal coat, crack cleaning and sealing, and pavement marking on the parallel taxiway and apron.

**Bill and Hillary Clinton National Airport Runway 18-36 Extension, Little Rock, Arkansas.**  
Project Leader responsible for managing construction for the first stage of a 1,100-foot extension of the general aviation runway located on the west side of the airfield. Responsibilities also included reviewing submittals and coordinating construction activities with the construction observer. Extending the runway included extending two taxiways, relocating the perimeter road, constructing the relocated runway safety area, installing the associated lighting and navigational aids, relocating water and sewer mains, and relocating a city street.

**Monticello Municipal Airport Terminal Area Fencing, Monticello, Arkansas.**  
Project Leader responsible for design, bidding, and construction support services to construct approximately 5,400 linear feet of 7-foot chain link fence in the terminal area with a barbed wire extension, one 20-foot automatic sliding cantilever gate and operator system, three 20-foot manual double-swing gates, and two 4-foot pedestrian gates.

**Woodruff County Runway Sealcoat and Marking, Augusta, Arkansas.**  
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance to seal coat the runway, taxiway, and apron and to remark the runway pavement with non-precision markings.

**Houston Executive Airport Construction Support, Houston, Texas.**  
Aviation Engineer responsible for construction document support to construct a new green-field, privately-owned, public-use airport. Responsibilities included shop drawing review, construction document preparation, and on-site construction observation.
Jordan Culver, PE
Project Manager

Jordan Culver is a Project Manager in our Aviation Group with seven years of experience. Jordan is experienced in managing production teams, handling client relations, coordinating with the FAA and state agencies, and serving as a direct contact for clients and contractors during project construction. Jordan is also a LEED Green Associate and is an ADB Certified Airfield Professional for Airfield Lighting.

Hot Springs Memorial Field Terminal Apron and Taxiways Expansion and Rehabilitation, Hot Springs, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on the first two construction phases of this multi-phase project that included constructing a segment of new taxiway parallel to Runway 13, realigning Taxiway "A" to connect with Taxiway "D," providing a complete parallel taxiway for Runway 5-23, and expanding the terminal apron for more aircraft parking.

Hot Springs Memorial Field Runway 13-31 Rehabilitation, Hot Springs, Arkansas
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on this multi-phase project that included narrowing Hot Springs’ crosswind runway from 150 feet to 100 feet, completely removing and replacing pavement structure at two high traffic volume intersections, shifting the crown to the revised centerline, and constructing a bituminous overlay for the length of the runway.

Rogers Municipal Airport Parallel Taxiway “A” Construction, Rogers, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on the final three construction phases of this multi-phase project that included constructing a new parallel taxiway on the airfield’s east side. The project included removing the old parallel taxiway that did not meet the runway to parallel taxiway separation requirements. The project included complex phasing and multiple night and weekend closures of the runway to allow construction inside of the runway safety area.

Jimmie Austin Seminole Regional Airport Taxiway, Apron, and Access Road, Seminole, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on this project that included constructing taxiway and apron north of the terminal and existing airport development. The new taxiway and apron will provide airfield access to future hangars and airport development proposed on the airport layout drawing.

Wilburton Municipal Airport Runway 17-35 Lighting, Wilburton, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant administration on this project that included installing new LED-type medium intensity runway lights on Runway 17-35 as well as airport lighting control vault equipment. Prior to the project, the airfield was an unlit airfield without an electrical vault.
Randy Evans
Construction Observer

Randy Evans is a Construction Observer with more than 20 years of experience. Randy’s responsibilities include ensuring that the contractor and subcontractors are working in accordance with plans and specifications, that survey work has proper controls for accurate placement of structures and grades, and that on-site materials are properly stored and inventoried. Randy also maintains daily weather, contractor’s forces, and work completed and contract time used records; reviews the results of project site testing; monitors work schedules; and alerts the design staff to potential problems in construction and scheduling conflicts.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for the relocation of Lollie Road and earthwork construction.

Conway Municipal Airport Design – Phase 3, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing fill and embankment placement, QA testing, and checking contractor’s paperwork.

Conway Municipal Airport Design – Phase 4, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing embankment placement, fence placement, ditch and concrete paving, soil cement stabilization, and earthwork.

Tulsa International Airport Runway 18L-36R – Construction Observation, Tulsa, Oklahoma.
Construction Observer responsible for providing construction phase services. Responsibilities included observing concrete placement and paving.

Conway Bike Trail along Tucker Creek, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for this 12-foot-wide asphalt pathway that includes bridge crossings and parking lot tie-ins and extends 2.5 miles through the city.

North Salem Road Extension, Conway, Arkansas.
Construction Observer responsible for providing construction phase services to extend 0.6 miles of roadway on new alignment, including curb and gutter, sidewalk, wheelchair ramps, and intersection improvements at both ends. The roadway connected Meadowlake Drive to U.S. Highway 64. The project was constructed in cooperation with Arkansas Highway and Transportation Department for the new I-40 interchange project in northern Conway.

Harkrider Street Roundabouts and Pedestrian Improvements, Conway, Arkansas.
Construction Observer responsible for providing construction phase services to construct two two-lane roundabouts and a pedestrian underpass for Hendrix College students. This project was a joint effort between Arkansas Highway and Transportation Department, City of Conway, and Hendrix College.
APPENDIX B

QA TESTING FIRM CONTRACT AND QUALIFICATIONS
CONTRACT

THIS AGREEMENT Made this _____ day of ________, 20__, by and between the City of Conway, acting through its duly authorized representatives, party of the first part, hereinafter called the "OWNER", and:

Thomas & Associates, Inc.

party of the second part, hereinafter called "TESTING FIRM".

WITNESSETH:

That for and in consideration of the payment hereinafter mentioned, to be made and performed by the OWNER, the TESTING FIRM hereby agrees with the OWNER to commence and complete the construction materials testing for Schedule 2 for the project "Access Road Construction" at the new Conway Municipal Airport.

The TESTING FIRM, having examined the Technical Specifications and the Construction Materials Quality Control Plan, hereby agrees to furnish all tools, appliances, equipment and specified materials, and perform all necessary labor for "Construction Materials Quality Control Testing" for Schedule 2 for the project "Access Road Construction" at the new Conway Municipal Airport, in strict accordance with the Technical Specifications and the Construction Materials Quality Control Plan at and for the unit prices agreed to herein.

The number of tests shown on the Unit Price Schedule is estimated. The actual number of tests performed will be determined by the Engineer. Some tests may not be performed. The quantity of tests to be paid for will be the actual number of tests performed in accordance with the Technical Specifications and the Construction Materials Quality Control Plan and accepted by the Engineer.

The TESTING FIRM agrees to perform the work in accordance with the Construction Materials Quality Control Plan and all provisions attached hereto and made a part hereof as though copied in full herein, for and at the prices agreed upon herein.

During the performance of this contract, the TESTING FIRM, for itself, its assignees and successors in interest, agrees as follows:

1. The FAA, Airport Owner, Comptroller General of the United States or any of their duly authorized representatives shall have access to any books, documents, papers and records of the TESTING FIRM which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts, and transcription. The TESTING FIRM shall maintain all required records for 3 years after the Airport Owner makes final payment and all other pending matters are closed.

2. Compliance with Regulations. The TESTING FIRM shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred
to as the Regulations), which are herein incorporated by reference and made a part of this contract.

3. **Nondiscrimination.** The TESTING FIRM, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The TESTING FIRM shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

4. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment.** In all solicitations either by competitive bidding or negotiation made by the TESTING FIRM for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the TESTING FIRM of the TESTING FIRM's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

5. **Information and Reports.** The TESTING FIRM shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Airport Owner or the FAA to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a TESTING FIRM is in the exclusive possession of another who fails or refuses to furnish this information, the TESTING FIRM shall so certify to the Engineer, Airport Owner or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information.

6. **Sanctions for Noncompliance.** In the event of the TESTING FIRM's noncompliance with the nondiscrimination provisions of this contract, the Engineer shall impose such contract sanctions as it or the FAA may determine to be appropriate, including, but not limited to:

6.A withholding of payments to the TESTING FIRM under the contract until the TESTING FIRM complies, and/or:

6.B cancellation, termination, or suspension of the contract, in whole or in part.

7. **Incorporation of Provisions.** The TESTING FIRM shall include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The TESTING FIRM shall take such action with respect to any subcontract or procurement as the Engineer, Airport Owner or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event TESTING FIRM becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the TESTING FIRM may request the Engineer to enter into such litigation to protect the interests of the Engineer,
and in addition, the TESTING FIRM may request the Airport Owner to enter into such litigation to protect the interests of the Owner and, in addition, the TESTING FIRM may request the United States to enter into such litigation to protect the interests of the United States.

8. **Disadvantaged Business Enterprise Policy.** It is the policy of the Department of Transportation (DOT) that disadvantaged business enterprises as defined in 49 CFR Part 23 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 23 apply to this agreement.

9. **DBE Obligation.** The TESTING FIRM agrees to ensure that minority business enterprises as defined in 49 CFR Part 23 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, all TESTING FIRMs shall take all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. TESTING FIRM shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

The OWNER agrees to pay, and the TESTING FIRM agrees to accept, as full and final compensation for all work done under this agreement, the price agreed upon herein, said payments to be made in lawful money of the United States at the time and in the manner set forth in the Specifications.

For the consideration above expressed, the TESTING FIRM agrees to perform the work in a timely matter during the construction of the project.

I. INTRODUCTION

This program serves as a guide for the quality management of the construction phase of the airport improvements outlined in the Contract Documents for Airport Improvement Program Project 3-05-0089-006-2013. The project includes construction of the Access Road for the new Airport. The project will be bid as two separate schedules to allow the Sponsor to award construction of either an ACHM pavement section or a P-501 PCC pavement section. Schedule 1 includes approximately 14,700 square yards of 3.5" thick ACHM pavement over approximately 18,300 square yards of AHTD Class 7 Aggregate Base Course with approximately 9,900 cubic yards of Unclassified Excavation, 18,700 cubic yards of Embankment in Place and 7,500 cubic yards of Unsuitable Excavation. Schedule 2 includes approximately 17,200 square yards of 8" thick Portland Cement Concrete Pavement over approximately 18,300 square yards of 8" thick Soil-Cement Base Course with approximately 10,300 cubic yards of Unclassified Excavation, 19,000 cubic yards of Embankment in Place, and 7,500 cubic yards of Unsuitable Excavation. The Sponsor will conduct quality assurance operations via engineering supervision, construction observation, and materials testing in accordance with FAA Advisory Circular 150/5370-12 "Quality Control of Construction". The Contractor will provide quality control operations. The Sponsor is the City of Conway, the Engineer is Garver, the QA Testing Firm is Thomas & Associates, and the Contractor is Weaver-Bailey Contractors, Inc.

The Engineer will provide construction observation and engineering supervision while the QA Testing Firm will conduct materials testing for acceptance and quality assurance. The Engineering supervision and construction observation qualifications are included in Appendix A. The Sponsor’s contracts with the QA Testing Firm are included in Appendices B. The technical specifications containing construction materials that require quality control testing include:

- P-152 Excavation and Embankment
- P-301 Soil-Cement Base Course
- P-501 Portland Cement Concrete Pavement

III. CONSTRUCTION OBSERVATION

The Engineer will provide the required construction observation for the construction phase of the project with engineering supervision and field personnel that are qualified to observe the work described in the Contract Documents. Qualifications of the engineering supervision and construction observation personnel are included in Appendix A.

The Engineer’s Construction Observer, Project Engineer or Project Manager shall be on the project site at least at beginning of these following critical operations:

1. Excavation and Embankment.
2. Trenching and installation of airfield lighting equipment and circuits. In general, a representative of the Engineer will be on-site for the duration of the installation of the airfield lighting equipment and circuits.
3. Construction of Soil-Cement Base Course.

Construction observers shall be fully qualified to make interpretations, decisions, and field computations and have knowledge of the testing requirements and procedures contained in the specifications. The construction observer shall have the authority to reject unsatisfactory workmanship and materials that are not in conformance with the specifications. The construction observer’s primary duties are as follows:

1. Checks activities to ensure compliance with the plans and specifications. Informs the contractor of any work that is in noncompliance.
2. Ensure that all testing required by the specification is performed. All commercially produced products, such as pipe and reinforcing steel, that are used on the project will be accompanied by numerical test results or a certification from the manufacturer that the material meets the applicable standards.
3. Visits the testing laboratory to determine if it has the equipment and qualified personnel necessary
to conduct the tests required by the specifications.

4. Ensures that tests are performed at the frequency stated in the specifications. Determines when and where tests will be taken and witnesses tests. If not indicated in the specifications, a sufficient number of tests are performed to verify that the construction is acceptable.

5. Reviews test reports and certifications for conformance with the specifications. Each test report for material in-place, at a minimum, will contain the following:
   a. Test performed and date.
   b. Applicable standard or project specification.
   c. Test location.
   d. Test result.
   e. Action taken on failing tests.
   f. Lot size and location and adjusted contract price when statistical acceptance procedures are specified or when provisions allow for reduced payment.

6. Maintains a file of test reports and certifications.

7. Informs the contractor of deficiencies so corrections can be made and retesting performed prior to covering any substandard work with additional material.

8. Documents quantities of materials used on the project by actual measurements and computations in a field notebook or computer printouts retained in a folder. For materials paid for on a weight basis, a summary of the material placed each day will be kept in the field notebook. The notebook and/or computer printouts, supported by the original set of weight tickets, are the basis for payment.

9. Maintains a set of working drawings on the job site that can be used to prepare "as-built" drawings.

10. Reviews payment requests from the contractor.

11. Maintains a diary that contains daily entries made and signed by the resident engineer. Each entry should include the following, plus any additional pertinent data:
    a. Date and weather conditions.
    b. Names of important visitors.
    c. Construction work in progress and location.
    d. Size of contractor's work force and equipment in use.
    e. Number of hours worked per day for contractor and subcontractor.
    f. The substance of important conversations with the contractor about conduct, progress, changes, test results, interpretations of specifications, or other details.

12. Submits copies of FAA Form 5370-1, Construction Progress and Inspection Report, or equivalent form to the appropriate FAA Airports Division/District/Field Office upon request.

IV. CONSTRUCTION MATERIALS QUALITY ASSURANCE TESTING

Thomas & Associates (herein called the "QA Testing Firm") will provide the required material testing for the construction phase of the project. The QA Testing Firm will be under contract with the Sponsor and will be responsible for providing the construction materials quality assurance testing in accordance with the technical specifications and this Construction Management Plan. The QA Testing Firm will coordinate
directly with the Resident Engineer/Observer. Qualifications and accreditations of the QA Testing Firm and its personnel are included in Appendix B.

The QA Testing Firm will perform the tests described on the following “Construction Material Quality Assurance Tests” table. They will report the test results to the Resident Observer as soon as available using the Construction Materials Test Results forms at Appendix C. Typically, results shall be provided to the Resident Observer verbally within one hour and electronically within one working day.

The Resident Engineer/Observer will initiate appropriate action for all failing tests. The QA Testing Firm may submit other standard report forms for the Engineer’s approval. The proposed form shall include all required information. Additionally, the QA Testing Firm shall provide a monthly summary of all material testing completed and clearly indicate which tests are retests of previously failed, quality assurance tests. The QA Testing Firm shall be responsible for distinguishing in their billing the quality assurance testing required due to previously failed tests.

The Resident Engineer/Observer will evaluate the test results against to the specified acceptance criteria for the applicable test. The Resident Engineer/Observer will notify the Contractor of the test results, whether the results meet the acceptance criteria, and the appropriate action required by the Contractor. The Resident Engineer/Observer and the QA Testing Firm will maintain records of test results.

The Resident Engineer/Observer will use the "Construction Materials Testing Results Form" in Appendix C to provide a Construction Materials Quality Control Summary to the FAA upon request. The summary will contain a list of all tests performed showing the date, location, pass or fail, results of retests, and whether or not the test is eligible or ineligible under the AIP program. The summary will include a certification that all testing was in accordance with this Construction Management Program.

The Engineer will prepare a summary of materials not passing and the penalty called for by the technical specifications. The Engineer will submit the summary to the FAA upon request and will indicate when and to what extent penalties are imposed.

Should test results or observations indicate noncompliance with the Plans and Specifications, the following communication and follow-up action will be implemented, as applicable:

1. Verbal notification to the Construction Observer and Construction Superintendent.
2. Calibration check on equipment used to determine the noncompliance item, if applicable.
3. Confirmation of noncompliance through retesting and/or follow-up observations.
4. If a solution to the nonconformance issue is not reached in a reasonable time frame, additional qualified contractor personnel will be contacted to assist in identifying and correcting the problem.
5. If a severe nonconformance problem is detected and a reasonable solution cannot be implemented in a reasonable time frame, the Construction Superintendent will consult with the Project Engineer and the applicable work will be suspended.
6. The work will commence only after the Construction Superintendent and Project Engineer concur that a solution to the problem has been found and successfully implemented.

APPENDIX A

ENGINEERING SUPERVISION & CONSTRUCTION
OBSERVATION QUALIFICATIONS
Blake Roberson, PE
Project Manager

Blake Roberson is a Project Manager in our Aviation Group with nine years of experience. Blake’s responsibilities include design coordination, plan preparation, specification preparation, client contact, and construction management. Blake has experience working at numerous Arkansas air carrier and general aviation airports. Blake’s airport and site development project experience includes runway extensions, parallel taxiway extensions, pavement overlays, runway safety area improvements, utility installation, hangar construction, pavement rehabilitation, ramp expansion, property acquisition, and parking lots.

Conway Municipal Airport Design – Phase 1, Conway, Arkansas.
Project Leader responsible for providing management and oversight, including project planning, design, property acquisition support, and coordination to design and oversee construction of a new airport in Conway. The airfield will include a 7,000-foot runway with full instrument approaches, a full-length parallel taxiway, terminal, fuel, and parking facilities.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.
Project Leader responsible for bidding, design, and construction management.

Conway Municipal Airport Terminal Design and Construction, Conway, Arkansas.
Project Leader responsible for providing design services for a 6,300-square-foot terminal building to serve the Conway Municipal Airport. Building amenities include a pilots’ lounge, office space for airport management, a line room for airport staff, and a large conference room for use by local industry.

Project Leader responsible for management, design, and oversight to build a new regional airport. Responsibilities include grading and drainage design, preliminary plans and design, and Stage 1 plans. The airport will feature a 5,003-foot runway, a full parallel taxiway, apron tie-down space for nearly 30 aircraft, T-hangars, a terminal area with space for a general aviation terminal building, fueling facilities, space for T-hanger development, associated vehicular parking, and an access road.

Saline County Regional Airport – Stage 2 (Paving and Lighting Design and Construction), Bryant, Arkansas.
Aviation Engineer responsible for designing the airfield pavement phase for the new airport, which included two stages. The first involved paving half of the airfield with a 2-inch asphalt section. The second stage included lighting, utilities, and paving the entire airfield to 4-inch thickness. The airport features a 5,000-foot runway, tie-down space, fueling facility, T-hangars, private hangars, full parallel taxiway, security fencing, and access road.
Saline County Regional Airport Parallel Taxiway Construction, Bryant, Arkansas.
Project Leader responsible for the construction phase for a parallel taxiway and terminal area fencing project. Responsibilities included coordinating with the commission, grant closeout, site visits, pavement management plan, and construction support and administration.

Heber Springs Municipal Airport Taxiway and Apron Rehabilitation, Heber Springs, Arkansas.
Project Leader responsible for bidding, design, and construction management. This project included applying a rejuvenator seal coat, crack cleaning and sealing, and pavement marking on the parallel taxiway and apron.

Bill and Hillary Clinton National Airport Runway 18-36 Extension, Little Rock, Arkansas.
Project Leader responsible for managing construction for the first stage of a 1,100-foot extension of the general aviation runway located on the west side of the airfield. Responsibilities also included reviewing submittals and coordinating construction activities with the construction observer. Extending the runway included extending two taxiways, relocating the perimeter road, constructing the relocated runway safety area, installing the associated lighting and navigational aids, relocating water and sewer mains, and relocating a city street.

Monticello Municipal Airport Terminal Area Fencing, Monticello, Arkansas.
Project Leader responsible for design, bidding, and construction support services to construct approximately 5,400 linear feet of 7-foot chain link fence in the terminal area with a barbed wire extension, one 20-foot automatic sliding cantilever gate and operator system, three 20-foot manual double-swing gates, and two 4-foot pedestrian gates.

Woodruff County Runway Sealcoat and Marking, Augusta, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance to seal coat the runway, taxiway, and apron and to remark the runway pavement with non-precision markings.

Houston Executive Airport Construction Support, Houston, Texas.
Aviation Engineer responsible for construction document support to construct a new green-field, privately-owned, public-use airport. Responsibilities included shop drawing review, construction document preparation, and on-site construction observation.
Jordan Culver, PE
Project Manager

Jordan Culver is a Project Manager in our Aviation Group with seven years of experience. Jordan is experienced in managing production teams, handling client relations, coordinating with the FAA and state agencies, and serving as a direct contact for clients and contractors during project construction. Jordan is also a LEED Green Associate and is an ADB Certified Airfield Professional for Airfield Lighting.

Hot Springs Memorial Field Terminal Apron and Taxiways Expansion and Rehabilitation, Hot Springs, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on the first two construction phases of this multi-phase project that included constructing a segment of new taxiway parallel to Runway 13, realigning Taxiway "A" to connect with Taxiway "D," providing a complete parallel taxiway for Runway 5-23, and expanding the terminal apron for more aircraft parking.

Hot Springs Memorial Field Runway 13-31 Rehabilitation, Hot Springs, Arkansas
Aviation Engineer responsible for plans and specifications, construction management and observation, and grant assistance on this multi-phase project that included narrowing Hot Springs' crosswind runway from 150 feet to 100 feet, completely removing and replacing pavement structure at two high traffic volume intersections, shifting the crown to the revised centerline, and constructing a bituminous overlay for the length of the runway.

Rogers Municipal Airport Parallel Taxiway “A” Construction, Rogers, Arkansas.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on the final three construction phases of this multi-phase project that included constructing a new parallel taxiway on the airfield’s east side. The project included removing the old parallel taxiway that did not meet the runway to parallel taxiway separation requirements. The project included complex phasing and multiple night and weekend closures of the runway to allow construction inside of the runway safety area.

Jimmie Austin Seminole Regional Airport Taxiway, Apron, and Access Road, Seminole, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant assistance on this project that included constructing taxiway and apron north of the terminal and existing airport development. The new taxiway and apron will provide airfield access to future hangars and airport development proposed on the airport layout drawing.

Wilburton Municipal Airport Runway 17-35 Lighting, Wilburton, Oklahoma.
Aviation Engineer responsible for plans and specifications, construction management, and grant administration on this project that included installing new LED-type medium intensity runway lights on Runway 17-35 as well as airport lighting control vault equipment. Prior to the project, the airfield was an unlit airfield without an electrical vault.
Randy Evans
Construction Observer

Randy Evans is a Construction Observer with more than 20 years of experience. Randy’s responsibilities include ensuring that the contractor and subcontractors are working in accordance with plans and specifications, that survey work has proper controls for accurate placement of structures and grades, and that on-site materials are properly stored and inventoried. Randy also maintains daily weather, contractor’s forces, and work completed and contract time used records; reviews the results of project site testing; monitors work schedules; and alerts the design staff to potential problems in construction and scheduling conflicts.

Conway Municipal Airport Design – Phase 2, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for the relocation of Lollie Road and earth work construction.

Conway Municipal Airport Design – Phase 3, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing fill and embankment placement, QA testing, and checking contractor’s paperwork.

Conway Municipal Airport Design – Phase 4, Conway, Arkansas.
Construction Observer responsible for providing construction phase services. Responsibilities included observing embankment placement, fence placement, ditch and concrete paving, soil cement stabilization, and earthwork.

Tulsa International Airport Runway 18L-36R – Construction Observation, Tulsa, Oklahoma.
Construction Observer responsible for providing construction phase services. Responsibilities included observing concrete placement and paving.

Conway Bike Trail along Tucker Creek, Conway, Arkansas.
Construction Observer responsible for providing construction phase services for this 12-foot-wide asphalt pathway that includes bridge crossings and parking lot tie-ins and extends 2.5 miles through the city.

North Salem Road Extension, Conway, Arkansas.

APPENDIX B

QA TESTING FIRM CONTRACT AND QUALIFICATIONS
CONTRACT

THIS AGREEMENT Made this _____ day of ______, 20__, by and between the City of Conway, acting through its duly authorized representatives, party of the first part, hereinafter called the "OWNER", and:

Thomas & Associates, Inc.

party of the second part, hereinafter called "TESTING FIRM".

WITNESSETH:

That for and in consideration of the payment hereinafter mentioned, to be made and performed by the OWNER, the TESTING FIRM hereby agrees with the OWNER to commence and complete the construction materials testing for Schedule 2 for the project “Stage 2B – Paving and Lighting” at the new Conway Municipal Airport.

The TESTING FIRM, having examined the Technical Specifications and the Construction Materials Quality Control Plan, hereby agrees to furnish all tools, appliances, equipment and specified materials, and perform all necessary labor for "Construction Materials Quality Control Testing" for Schedule 2 for the project “Stage 2B – Paving and Lighting” at the new Conway Municipal Airport, in strict accordance with the Technical Specifications and the Construction Materials Quality Control Plan at and for the unit prices agreed to herein.

The number of tests shown on the Unit Price Schedule is estimated. The actual number of tests performed will be determined by the Engineer. Some tests may not be performed. The quantity of tests to be paid for will be the actual number of tests performed in accordance with the Technical Specifications and the Construction Materials Quality Control Plan and accepted by the Engineer.

The TESTING FIRM agrees to perform the work in accordance with the Construction Materials Quality Control Plan and all provisions attached hereto and made a part hereof as though copied in full herein, for and at the prices agreed upon herein.

During the performance of this contract, the TESTING FIRM, for itself, its assignees and successors in interest, agrees as follows:

1. The FAA, Airport Owner, Comptroller General of the United States or any of their duly authorized representatives shall have access to any books, documents, papers and records of the TESTING FIRM which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts, and transcription. The TESTING FIRM shall maintain all required records for 3 years after the Airport Owner makes final payment and all other pending matters are closed.

2. Compliance with Regulations. The TESTING FIRM shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred
to as the Regulations), which are herein incorporated by reference and made a part of this contract.

3. **Nondiscrimination.** The TESTING FIRM, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The TESTING FIRM shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

4. **Solicitations for Subcontracts, Including Procurements of Materials and Equipment.** In all solicitations either by competitive bidding or negotiation made by the TESTING FIRM for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the TESTING FIRM of the TESTING FIRM’s obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

5. **Information and Reports.** The TESTING FIRM shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Airport Owner or the FAA to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a TESTING FIRM is in the exclusive possession of another who fails or refuses to furnish this information, the TESTING FIRM shall so certify to the Engineer, Airport Owner or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information.

6. **Sanctions for Noncompliance.** In the event of the TESTING FIRM’s noncompliance with the nondiscrimination provisions of this contract, the Engineer shall impose such contract sanctions as it or the FAA may determine to be appropriate, including, but not limited to:

6.A withholding of payments to the TESTING FIRM under the contract until the TESTING FIRM complies, and/or:

6.B cancellation, termination, or suspension of the contract, in whole or in part.

7. **Incorporation of Provisions.** The TESTING FIRM shall include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The TESTING FIRM shall take such action with respect to any subcontract or procurement as the Engineer, Airport Owner or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event TESTING FIRM becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the TESTING FIRM may request the Engineer to enter into such litigation to protect the interests of the Engineer,
and in addition, the TESTING FIRM may request the Airport Owner to enter into such litigation to protect the interests of the Owner and, in addition, the TESTING FIRM may request the United States to enter into such litigation to protect the interests of the United States.

8. **Disadvantaged Business Enterprise Policy.** It is the policy of the Department of Transportation (DOT) that disadvantaged business enterprises as defined in 49 CFR Part 23 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 23 apply to this agreement.

9. **DBE Obligation.** The TESTING FIRM agrees to ensure that minority business enterprises as defined in 49 CFR Part 23 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, all TESTING FIRMs shall take all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. TESTING FIRM shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

The OWNER agrees to pay, and the TESTING FIRM agrees to accept, as full and final compensation for all work done under this agreement, the price agreed upon herein, said payments to be made in lawful money of the United States at the time and in the manner set forth in the Specifications.

For the consideration above expressed, the TESTING FIRM agrees to perform the work in a timely matter during the construction of the project.

Conway, AR 72032

Dear Council Members:

Chris Thornton and George Grimes (The Homes of Stonebrook Cove LLC) request for a rezoning from R-1 to PUD for property located at 101 Hubbard Road with the legal description:

The East ½ of the South 1/5 of the SW ¼ of Section 11, Township 5 North, Range 14 West, containing 4 acres, more or less.

was reviewed by the Planning Commission at their regular meeting on September 16, 2013. The Planning Commission voted 8 – 0 to forward this request to the City Council with a recommendation for approval subject to the following PUD conditions.

1. Rezoning to PUD is conditional upon HUD approval for a 55+ community development.
2. PUD shall be generally developed as shown on submitted building rendering and site plan. Minor variations from submitted plan shall be allowed for technical reasons.
3. Platting shall be required. Any additional right-of-way, sidewalks, etc., as required by the Subdivision Ordinance shall be dedicated and constructed.
4. Setbacks. Building setbacks must be established and shown on the plat. These setbacks shall correspond with necessary utility easements.
5. Structures shall utilize Hardi-board or similar cement board material.
6. Privacy fencing facing Carl Stuart Street shall be a 6 to 8 foot wooden privacy fence with brick columns approximately 21 feet on center. Wrought iron style fencing may be utilized as “accent” fencing along front and side corner lots at neighborhood entrances.
7. PUD land use shall be limited to a maximum of 26 single family residential dwellings and typical accessory buildings.
8. A property owners association shall be formed in order to provide maintenance for common property including private streets, gates, fencing, and other common properties.
9. Twenty percent (20%) green space shall be provided through private yards and other permeable spaces throughout the development.
10. Exterior construction is prohibited from 8:00pm to 7:00am.
11. If required by the City Engineer, on-site drainage improvements shall be provided. Likewise, off-site drainage improvements may be utilized in lieu of, or in combination with, on-site detention per City Engineer’s approval.

Sincerely,

Jon Arms, Chair
Planning Commission

Council Members
Conway, AR 72032

Dear Council Members:

MFB Investments, LLC request to amend the Northeast Old Conway Area Specific Plan to allow transitional housing of ex-prisoners for property that is addressed as 413-415, 409-411, 405-407, 397-399, 393-395 Shannon Circle; 408-410, 412-414, 416-418 Shannon Circle; 1228-1230, 1236-1238, 1240-1242 Jersey Street; and 1239-1241, 1235-1237, 1231-1233, 1227-1229, 1223-1225 Jersey Street with the legal description

Lots A, B, C, E, and F of Block 6 Replat of Browns Subdivision;
Lots 15, 16, and 17 of Block 7 of Browns Subdivision;
Lots 1 and 18 of Block 6 of Browns Subdivision, Lot A Block 7 Replat of Browns Subdivision;
Lots 2, 3, 4, 5, and 6 of Block 8 of Browns Subdivision

was reviewed by the Planning Commission at their regular meeting on September 16, 2013. The initial Planning Commission vote was 5 – 3 to forward this request to the City Council with a recommendation for approval subject to the following conditions. The motion would have failed at that point but the Chairman decided to add his vote to the "ayes" making the final vote 6 -3. Commissioners voting against the motion were Lee Washington, Marilyn Armstrong, and Jeff Allender. This is a classic example of "ask for forgiveness rather than ask for permission," stated one commissioner.

1. Transitional housing services may only be operated by MFB Investments, LLC; 100 Gamble Road; Little Rock, AR; 72211. Any transfer of ownership will require City Council approval through an amendment to the Northeast Old Conway Area Specific Plan.
2. Said MFB Investments shall be allowed to offer prisoner transitional housing to Class C and less felony offenders. Violent offenders and sex offenders may not be offered housing.
3. A six-foot wooden privacy fence must be constructed and maintained along the rear (west property line) of the lots along Ingram Street.
4. Medical, psychological, and drug rehabilitation support services may not be offered on site.
5. No more than four persons may occupy any one dwelling unit.
6. A 5-foot wide concrete sidewalk shall be constructed for access from Jersey Street to Ingram Street.
7. The definition for Transitional Housing shall be added to the definitions section of the Northeast Old Conway Area Specific Plan:

   **Transitional Housing** – A facility for the housing of persons on probation, parole, or early release from correctional institutions, or other persons found guilty of criminal offenses.
