Adjournment
Background

On December 15, 2014, Mayor Tab Townsell penned a letter addressed to several leaders in our community and invited them and their respective organizations to partner with the city to arrange/conduct a Growth Summit for the City of Conway. A copy of the letter is attached to this proposal. For introductory purposes brief references to this letter will be highlighted to introduce this proposed project.

In the correspondence Mayor Townsell thoroughly articulated a need to address two issues in particular. The first issue identified was the sustained drop in single-family home construction in recent years. The second issue was the initiation of construction for the Baker-Wills Parkway (formerly the Western Loop). This loop is partially located in land not currently annexed into the city. Additionally the construction of the loop will create pockets of land that are part of utility systems controlled by outside utility managers not affiliated with Conway Corporation.

These two issues contain a number of very complex interactions, interpretations, and potential actions that must be determined before a solution can be crafted. Some of the solutions may require a change in public policy that has sustained Conway for many years.

Data elements used to present the Mayor’s arguments suggest some of the longstanding trends Conway has enjoyed might be changing, such as the following:

- Single-family home construction had been declining for several years.
- The city is funding project construction on property not currently contained in the city limits (Baker-Wills Loop).
- Conway population growth is flat, possibly diminishing.
- The lack of growth is negatively impacting the revenue for the city.

A direct quote from the Mayor’s letter states

“Something has changed in Conway. We better understand and come to agreement as to what has happened and how we are going to deal with it in short order as we move forward. This analysis should include not just the factors facing traditional growth on the outer rim of the city but those factors refraining growth and redevelopment on the interior of the city as well.”

The letter did not generate a partnership as was originally intended; however, it has served as a catalyst for informal discussions about the changing trends in our community. The challenge has not diminished during the past sixteen months and additional key data elements have been identified for monitoring.

With a pending change in city leadership occurring this calendar year, it appears to be an appropriate time to identify the key elements of data that measure our performance and growth. This proposal is being submitted to the Conway City Council for their review and consideration. (Mayor’s original letter is attached)
Overview

A Steering Committee will be appointed and directed by the City Council to define a “Healthy Conway.”

The Steering Committee will terminate after the formal study is submitted and accepted by the Conway City Council.

The Steering Committee’s challenge will be to identify the key elements of information that contribute to creating and maintaining a “Healthy Conway.”

The Steering Committee will study the following areas to determine if trends are apparent and to identify specific strengths and possible challenges that might be anticipated. These areas are:

- Economy
- Educational programs
- Public Services
- Housing
- Infrastructure
- Employment
- Utilities
- Revenue

Project Approach

Stakeholder Input - The Steering Committee will conduct a series of meetings with the members of the Conway City Council, the officers and board of the Conway Corporation, the officers and directors for the Conway Area Chamber of Commerce and the officers and board members of the Conway Development Corporation. These meetings will serve to gather input from the principal policy makers for this community. The commission will seek to identify the concerns, the interest, and the key elements of information these leaders consider most efficient and effective in measuring a “Healthy Conway.”

Collection of Data - The Steering Committee will collect and review data already available in these areas of interest. This data will be analyzed and ordered for collective presentation.

Collection of Public Input - The Steering Committee will utilize Internet surveys where appropriate and when needed to obtain input from the general public.

Collect Benchmark Data - The Steering Committee will collect benchmark data from communities deemed to be appropriate for comparison. Stakeholder input will be considered when these benchmark communities are selected.
Written Report to the City - The Steering Committee will prepare, submit, and make available to the public a formal report of their findings. Copies of the report will be available in limited printed quantity and available electronically for downloading.

Steering Committee Members

This commission will consist of individuals who have longstanding experience in community service, experience in public policy making, and experience working with the organizations that directly contribute to the operation of the city.

- Linda Tyler: Former member of the Arkansas House of Representatives, Acxiom, Etc. Consultant
- Ray Simon: Former Superintendent of Conway Schools, former Director of the Arkansas Department of Education, former Deputy Secretary of U.S. Department of Education.
- Artee Williams: Minister of Pleasant Branch Baptist Church, Director of Workforce Arkansas.
- Woody Cummins: Former Member of Conway City Council
- Frank Moix: Former Member of Conway City Council, local businessman for 40 years.

Budget

The Steering Committee will be funded through the Mayor’s Office. All expenditures must be approved prior to expenditure. It is anticipated an intern will be utilized in the typing and production layout of the final document.

Dear Mr. Lacy, Mr. Adkisson, and Mr. Arnold:

I write to ask your organizations to consider partnering with the city to arrange/conduct a Growth Summit for the City of Conway. Setting public policy affecting growth is by nature a political activity of city government. However, policy affecting growth also affects the economy, the Quality of Place of our city, and the Quality of Life of our citizens. As city government determines how the city will grow, how much it will grow, and even if Conway is going to grow, we must recognize that those determinations have widely different impacts on our citizenry. I feel it appropriate to widen the discussion. I ask you to join with the city government in exploring the issues as we try to determine the best path forward.

While Conway has enjoyed tremendous growth over many decades, our city today faces a variety of factors that may force leaders to rethink the assumption that building a quality place to live inevitably will lead to continued growth. Some factors the city is already facing will quickly impact the type of city Conway is to become. I think it is important to challenge the validity of our basic growth assumptions given the facts facing growth in Conway, and then very consciously, deliberately set our policies for the future to grow or not grow as we best determine rather than idly accept the ramifications of policies affecting growth set years ago.

Two issues are driving my concern. First, Conway has experienced and continues to experience a sustained drop in single family home construction. Conway's growth has defined the city for decades. It has created prosperity, wealth, jobs, business opportunities, rising home values, sustained the construction related industries and even helped insure rising retail sales. The
sustained drop in home building activity threatens both the basic business model that has driven the community and the revenue model upon which the retail market is built. A strong case can be made that population growth is the major determinant of retail sales and, therefore, sales tax growth. Faced with a sustained drop in the activity that accompanies growth, we must ask "Is Conway finished growing?" "Why aren't we growing?" "Do we want to grow?" "What can we do to start growing again?"

Secondly, after decades of planning, construction has started on the Baker-Wills Parkway (formerly the Western Loop.) The first phase of this major, multi-year project will include a new Interstate 40 interchange and the first section of four lane divided roadway to serve as a simpler, cleaner access to and from the interstate for the southern and western parts of the city. The city's cost of this first phase will be $5.7 million with the entire construction undertaken three quarters of a mile south of the current city limits. Let me say that again: with the entire construction undertaken three quarters of a mile south of the current city limits.

Further, this entire area south of the city limits is served by Mayflower Water and Entergy electricity. If Conway is going to control the development, the design, the traffic patterns, the land use patterns, or the aesthetics of any of this area through which the parkway will run, the city will have to annex it. If the city annexes the area, will Conway Corporation continue to serve all of Conway and its ratepayers buy out the other utilities in this area? Or, if Conway annexes the new parkway, will Conway Corporation not serve this area, or future areas like it, and Conway's famous utilities be limited only a portion of Conway? Or will Conway not annex the area and then lose developmental control, lose control of the roadway, its design, its function, its timing and, in essence, the city's current investment in the parkway? By the way, parkway construction is not waiting on our decision.

Regarding the general city growth issue, let me give you two sets of numbers whose implications capture my attention. Single family homes have long been the litmus test of healthy growth in Conway. While Conway has also been a strong market for multi-family residential with its three growing colleges, apartments have not defined Conway's growth like single family homes. For most of twenty-five years Conway issued on average over 400 single family building permits each year until the collapse of the national housing market in 2008. The chart below shows the annual numbers of single family building permits issued in Conway since 2003.

Looking at the years starting in 2008 and continuing into this year something HAS affected the issuance of single family building permits. The years 2008 through 2013 have seen a drop of over 54% in the average annual number of single family building permits from the previous four years - 2004 through 2007. (2003 was left out as an anomaly.) That is a drop in the annual average from 427 permits per year to 197 permits per year. While the start of this period coincides with the collapse of the housing market nationally, Conway has not seen the beginnings of a recovery that other even more overbuilt places have started to see. Indeed, through November of 2014 only 108 single family building permits have been issued in Conway versus 131 permits last year.
Even more fundamental to the growth question is the precipitous fall in the number of filed & platted new single family lots each year. In the five years from 2003 to 2007 the city averaged platting 412 filed single family house lots a year. The six years from 2008 through 2013 has seen the city file on average only 102 single family homes lots a year. This alone represents over a 75% sustained drop in lot plating activity. Instead of seeing a recovery, in Conway, housing is going the other direction. If all cities were experiencing similar sustained drops in home building activity it would send one message, however, in Northwest Arkansas, where over building and over platting were famous, building activity has started coming back and even began accelerating in 2013.

How does this more broadly affect the entire city? Anecdotally, it appears the population growth spurs retail growth and serves as a guarantor of sales and sales tax in down retail years. Northwest Arkansas has not only experienced estimated population growth and much increased housing starts it has also experienced a sales tax boom in the past two years. In Little Rock and North Little Rock, flat population growth is also accompanied by flat to actually declining retail sales. In Conway, it is amazing how closely “Single Family House Permits” and “Percent Growth in Sales Tax Collections” track each other annually since the early 1990’s. This pattern is still evident today as the growth malaise charted above is accompanied by relatively flat sales tax collections in recent years. While we can’t say with certainty that this drop in building activity is the cause of the listlessness of our economy, we can say in seems to be a leading indicator.

Something has changed in Conway. We better understand and come to agreement as to what has happened and how we are going to deal with it in short order as we move forward. This analysis should include not just the factors facing traditional growth on the outer rim of the city but those factors refraining growth and redevelopment on interior to the city as well.

Regarding the issue of annexing our infrastructure investment in the Baker-Wills Parkway, again we are faced with a decision – a decision that must be addressed quickly or it will be effectively made for us. It starts with a definition of “who we are” and what we show ourselves to be to our citizens and to the on-looking world. It is a question directly to the point of asking what we will look like and what we will act like in an area that can be formally attached to us by annexation or that will be explicitly associated with us regardless.

It is really two decision points rather than one. We must decide if we are going to annex the area or if we are not going to annex the area. We are also going to have to decide, if we annex, whether Conway Corporation is to buy out and build up the utility service in the annexed area, whether the city is to release them from the municipal mandate to provide such service, or whether the city should help them find some middle course. These are not the same decision but one decision begets the other.

Pros and cons for all these issues and for all these decisions can be laid out. There are logical, operational, monetary, aesthetical, traffic flow, cost and revenue considerations - both long term and short term; strategic and tactical - on each side of each decision. These points and their implications should be weighed as a broad community. While one mayor and a majority of five city council members can ultimately make these decisions, I think it is incumbent upon the gravity of these decisions that some effort be made to broaden the conversation, the analysis, the listening, and the thinking before any decisions are made.
Please join the city in pursuing these broad questions in search of answers by which we can better live. While this effort may spawn many recommendations, this task does not require a single recommendation or a single a set of recommendations. The important task is to offer an inclusive forum for the community to gather input, to test thoughts, opinions, facts, analysis and, hopefully, begin to seek common ground.

In this pregnant pause prior to action, let us take responsibility for a more informed awareness of these issues and press each other to develop the right course of action. Let us not pause with indecision only to deliver stillborn to future generations a city unplanned for lack of forethought or for lack of courage.

Sincerely,

Tab Townsell
Mayor

From: Scott Grummer, Planning & Development
Date: 5/10/2016
Re: FTN Engineering and Design Proposal

Mr. Mayor,

FTN & Associates completed the Property Development Plan (Cleanup Plan or PDP) for the Conway Scrap Metal site in March of this year. The Arkansas Department of Environmental Quality (ADEQ) completed their review and released their Property Development Decision Document (PDDD) on April 18, 2016 to the City, which states “The ADEQ believes that the remedy proposed in the PDP and set forth in this PDDD is appropriate, technically feasible, reliable, and cost effective. With respect to risk management decisions made by the ADEQ, this remedy is deemed acceptable, and to be protective of human health and environment.”

The next steps for this Brownfield Project include Engineering & Design of Cleanup, Procurement of a cleanup contractor, cleanup monitoring and close out reporting. FTN & Associates, who is the contracted environmental firm for this project, has provided both a proposal for the Engineering and Design, as well as best cost estimates for the remainder of the project, based on where we are. These include:

1) Engineering & Design Proposal (attached): $18,500 - Seeking City Council Approval

2) Cleanup Work & Monitoring - $256,250 - Estimated

3) Close Out Reporting - $18,000

Based on these estimates, the overall project cost will exceed the $240,000 Brownfield Grant (includes $40,000 City Match) by an estimated $59,900, not including estimated landfill costs. We are seeking approval to move forward with FTN & Assoc. proposal for Engineering & Design of cleanup, and for City Council support for funding the estimated balance of cleanup, which includes back filling, grading and seeding for soil stabilization until redevelopment takes place.

The City Council further finds that the sum of the principal amount of the proposed Promissory Note and the outstanding principal amount of the City's other promissory notes issued under the authority of Amendment 78 do not exceed five percent (5%) of the assessed value of taxable property located within the City as determined by the last tax assessment completed before the issuance of the proposed Promissory Note.

SECTION 2: Under the authority of the Constitution and laws of the State of Arkansas, including particularly Amendment No. 78 and the Act, the issuance of the Promissory Note in the principal amount of up to $1,200,000 is hereby authorized for the purpose of financing a portion of the cost of the Project. The Note shall be dated the date of its issuance and shall bear interest on the outstanding principal amount at a fixed rate of ____% per annum (calculated on the basis of the actual number of days elapsed in a year of 365 days (366 days in a leap year). The Note shall be repaid within five years from the first draw thereunder, and the Note shall commence to bear interest as of such date as contemplated by Arkansas Code Annotated § 14-78-102(4). The Note shall be issued in fully registered form.

SECTION 3: ________________ has been selected by the Mayor, and approved by the City Council, based upon the commitment or proposal for the Loan that the Mayor has determined to have the lowest cost to the City after soliciting proposals or commitments for the Loan and receiving such proposals and commitments on May 23, 2016 from at least three financial institutions having offices in Faulkner County.
SECTION 4: It is expected that the first draw on the borrowings will occur on or about June 1, 2016 and the City will execute the Note immediately prior to such draw. Interest will begin to accrue on only the amount borrowed as of the date of each draw.

SECTION 5: As provided in Amendment No. 78, the debt service payments on the Note shall be charged against and paid from the general revenue of the City within five years, but not later than five (5) years from the date of the first draw on the Note when the obligation commences to bear interest, as contemplated by Arkansas Code Annotated § 14-78-102(4). For the purpose of making the annual debt service, there is hereby, and shall be, appropriated to pay the Note, an amount of general revenue of the City sufficient for such purposes. The City's Director of Finance is hereby authorized and directed to withdraw from the general revenues of the City the amounts at the times necessary to make the annual debt service payments on the Note. The source for such funds may be the pay as you go funding provided by the Quarter Cent Sales and Use Tax dedicated by action of the City Council to major street projects or any other source funded from general revenues of the City.

SECTION 6: The Mayor and City Clerk, for and on the behalf of the City, are hereby authorized and directed to do any and all things necessary to effect the issuance execution, and delivery of the Note, and the performance of all acts of whatever nature necessary to effect and carry out the authority conferred by this Ordinance. The Mayor and City Clerk are hereby further authorized and directed, for and on behalf of the City, and to execute all papers, documents, certificates, and other instruments that may be required for the carrying out of such authority or to evidence the exercise thereof. The City covenants that it shall not take any action or suffer or permit any action to be taken or conditions to exist which causes or may cause the interest payable on the Note to be included in gross income for federal income tax purposes. Without limiting the generality of the foregoing, the City covenants that the proceeds of the Note will not be used directly or indirectly in such manner as to cause the Note to be treated as “arbitrage bonds” within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended (the “Code”). The City covenants that it will submit to the Secretary of the Treasury of the United States, not later than the 15th day of the second calendar month after the close of the calendar quarter in which the Note is issued, a statement as required by Section 149(e) of the Code. The City represents that it has not used or permitted the use of, and covenants that it will not use or permit the use of the proceeds of the Note, in such manner as to cause the Note to be “private activity bonds” within the meaning of Section 141 of the Code. The City covenants that it will take no action which would cause the Note to be “federally guaranteed” within the meaning of Section 149(b) of the Code. Nothing in this Article shall prohibit investments in bonds issued by the United States Treasury.

SECTION 7: In the event any title, section, paragraph, item, sentence, clause, phrase, or word of this Ordinance is declared or adjudged to the be invalid or unconstitutional, such declaration or adjudication shall not be affect the remaining portions of this Ordinance, which shall remain in full force and effect as if the portion so declared or adjudged invalid or unconstitutional was not originally a part of this Ordinance.

SECTION 8: All ordinances or resolutions of the City in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 9: Funds provided through the issuance of the Note are hereby appropriated and budgetary authority is provided for the Project in an amount up to $1,200,000.

SECTION 10: Funds provided shall be appropriated from the Parks and Rec A&P – Loan Proceeds account (252.000.4370) into the Parks and Rec A&P Land Acquisition account (252.140.5901) as money is borrowed and received for the Project in an amount of up to $1,200,000.

SECTION 11: This ordinance is necessary for the protection of the public peace, health and safety and that in order to avoid project delays to this Project, it is essential to the ability of the City to efficiently
conduct business and have the necessary funds to pay for this Project and therefore, an emergency is hereby declared to exist, and this ordinance shall be in full force and effect from and after its passage and approval.

Re
Vibratory Compactor Lease

Comments:

Given the amount of roadway construction our crew has undertaken; it makes financial sense to lease a vibratory compactor rather than renting one. Three quotes have been obtained for a 36-month lease, and are summarized below.

Scott Equipment, with financing provided by TCF Equipment Finance has provided the most favorable terms with a monthly payment of $2,207.26. For reference, this price is approximately half of the monthly rental price.

I recommend approval of the TCF Equipment Finance contract.

GOVERNMENTAL LEASE-PURCHASE AGREEMENT NO. 001-0691981-300 DATED AS OF February 5, 2016 (TAX-EXEMPT)

TERMS AND CONDITIONS

Please read this Governmental Lease-Purchase Agreement No. 001-0691981-300 (including all attachments and schedules hereto, and any related escrow agreement, “Lease”) carefully and feel free to ask us any questions you may have about it. Words “YOU” and “YOUR” refer to the “Lessee,” and the words “WE,” “US” and “OUR” refer to the “Lessor,” its successors and assigns.

1. LEASE: We agree to lease to YOU and YOU agree to lease from US, the equipment listed on Attachment 2: “Equipment Description,” including all replacement parts, repairs, additions and accessories (“Equipment”) on the terms and conditions of this Lease and on any attached schedule.

2. TERM: This Lease is effective on the earlier of the date on which WE disburse funds to the vendor of the Equipment or the date on which WE deposit funds for the purchase of the Equipment with an escrow agent (the “Commencement Date”), which date YOU hereby authorize US to fill in on the executed Lease Payment Schedule following OUR receipt from YOU of the executed Acceptance Certificate in the form set forth as Attachment 3 hereto, and continues thereafter for an Initial Term ("Initial Term") ending at the end of YOUR budget year in effect on the Commencement Date and may be continued by YOU for additional one-year renewal terms ("Renewal Terms"), coinciding with YOUR budget year, up to the total number of months indicated above as the Maximum Lease Term; provided, however, that at the end of the Initial Term and at the end of each Renewal Term until the Maximum Lease Term has been completed, YOU will be deemed to have continued this Lease for the next Renewal Term unless YOU have terminated this Lease pursuant to Section 5 or Section 17. Lease Payments will be due as set forth on Attachment 1 until the balance of the Lease Payments and any additional Lease Payments or expenses chargeable to YOU under this Lease are paid in full. As set forth in the Lease Payment Schedule, a portion of each Lease Payment is paid as, and represents payment of, interest. YOUR obligation to pay Lease Payments and YOUR other Lease obligations are absolute and unconditional and are not subject to cancellation, reduction, setoff or counterclaim except as provided in Section 5. THIS LEASE IS NON-CANCELABLE, EXCEPT AS PROVIDED IN SECTION 5.

3. LATE CHARGES. If a Lease Payment is not made on the date when due, YOU will pay US a late charge at the rate of 10% per annum or the maximum amount permitted by law, whichever is less, from the due date.

4. CONTINUATION OF LEASE TERM. YOU currently intend, subject to Section 5, to continue this Lease, and to pay Lease Payments hereunder, through the Maximum Lease Term. YOU reasonably believe that legally available funds in an amount sufficient to make all Lease Payments during the Maximum Lease Term can be obtained. YOUR responsible financial officer will do all things lawfully within his or her power to obtain and maintain funds from which Lease Payments may be made, including making provision for Lease Payments to the extent necessary in each proposed annual budget submitted for approval in accordance with YOUR applicable procedures and to exhaust all available reviews and appeals if that portion of the budget is not approved. Notwithstanding the foregoing, the decision whether to budget or appropriate funds and to extend this Lease for any Renewal Term is solely within the discretion of YOUR governing body.

5. NONAPPROPRIATION. YOU are obligated only to pay such Lease Payments under this Lease as may lawfully be made from funds budgeted and appropriated for that purpose during YOUR then current budget year. If YOU fail to appropriate or otherwise make available funds to pay the Lease Payments required to be paid in the next occurring Renewal Term, this Lease will be deemed terminated at the end of the then current Initial Term or Renewal Term. YOU agree to deliver written notice to US of such termination at least 90 days prior to the end of the then current Initial Term or Renewal Term, but failure to give such notice will not extend the term of this Lease beyond the then current Initial Term or Renewal Term. If this Lease is terminated in accordance with this Section, YOU agree, at YOUR cost and expense, to peaceably deliver the Equipment to US at the location or locations specified by US.

6. WARRANTIES. WE are leasing the Equipment to YOU “AS-IS” and WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. To the extent such warranties are transferable, WE transfer to YOU, without recourse, for the term of this Lease all warranties, if any, made by the manufacturer. YOU also acknowledge that no one is authorized to waive or change any term, provision or condition of this Lease except in writing and signed by the parties hereto, and, except for the manufacturer warranties, make any representation or warranty about this Lease or the equipment. WE will not be liable for special, resulting or consequential damages or loss of profit occasioned by any breach of warranty or representation or resulting from the use or performance of the equipment. YOUR OBLIGATION TO PAY IN FULL ANY AMOUNT DUE UNDER THE LEASE WILL NOT BE AFFECTED BY ANY DISPUTE, CLAIM, COUNTERCLAIM, DEFENSE OR OTHER RIGHT WHICH YOU MAY HAVE OR ASSERT AGAINST THE SUPPLIER OR THE EQUIPMENT MANUFACTURER.

7. DELIVERY AND ACCEPTANCE. YOU are responsible, at YOUR own cost, to arrange for the delivery and installation of the equipment (unless those costs are included in the costs of the equipment to US). WHEN THE EQUIPMENT HAS BEEN DELIVERED AND INSTALLED, YOU WILL IMMEDIATELY SIGN AND DELIVER TO US A SEPARATE ACCEPTANCE CERTIFICATE IN THE FORM SET FORTH AS ATTACHMENT 3 hereto. WE MAY, AT OUR DISCRETION, CONFIRM BY TELEPHONE THAT YOU have ACCEPTED the equipment, and THAT TELEPHONE VERIFICATION OF YOUR ACCEPTANCE OF THE EQUIPMENT WILL HAVE THE SAME EFFECT AS A SIGNED ACCEPTANCE CERTIFICATE.

OPINION OF COUNSEL

Lessee: City of Conway

Re: Governmental Lease-Purchase Agreement No. 001-0691981-300, dated as of February 5, 2016, by and between City of Conway and TCF Equipment Finance, a division of TCF National Bank.

Ladies and Gentlemen:

I have acted as counsel to Lessee with respect to the Governmental Lease-Purchase Agreement described above and the related escrow agreement, if any (the "Lease") and various related matters, and in this capacity have reviewed a duplicate original or certified copy of the Lease and all exhibits and attachments thereto. Based upon the examination of these and such other documents as I deem relevant, it is my opinion that:

1. Lessee is a public corporation and political subdivision of the State of Arkansas (the "State") within the meaning of Section 103 of the Internal Revenue Code of 1986, as amended, is duly organized, existing and operating under the Constitution and laws of the State, and has a substantial amount of the following sovereign powers: (a) the power to tax, (b) the power of eminent domain, and (c) police power. The full, true and correct legal name of Lessee is ________________________________.

2. Lessee is authorized and has power under State law to enter into the Lease and lease the equipment with an option to purchase, and to carry out its obligations thereunder and the transactions contemplated thereby.

3. The Lease and the other documents described above have been duly authorized, approved, executed and delivered by and on behalf of Lessee, and the Lease is a valid and binding contract of Lessee enforceable in accordance with its terms, except to the extent limited by State and Federal laws affecting remedies and by bankruptcy, reorganization or other laws of general application relating to or affecting the enforcement of creditors' rights. No further approval, consent or withholding of objection is required from any federal, state or local governmental authority with respect to the entering into or performance by the Lessee of the Lease and the transaction contemplated thereby.

4. Lessee has no authority (statutory or otherwise) to terminate the Lease prior to the end of its term for any reason other than pursuant to the terms of Section 5 of the Lease.

5. The authorization, approval and execution of the Lease and all other proceedings of Lessee relating to the transactions contemplated thereby have been performed in accordance with all open meeting laws, public bidding laws and all other applicable State and Federal laws.

6. The execution of the Lease and the appropriation of moneys to pay the payments coming due under the Lease do not result in the violation of any constitutional, statutory or other limitation relating to the manner, form or amount of indebtedness which may be incurred by Lessee.

7. There is no litigation, action, suit, or proceeding pending or before any court, administrative agency, arbitrator or governmental body that challenges the organization or existence of Lessee; the authority of the Lessee or its officers; the proper authorization, approval and execution of the Lease and the other documents described above; the
appropriation of monies to make Lease Payments under the Lease for the current fiscal year, or the ability of Lessee otherwise to perform its obligations under the Lease and the transactions contemplated thereby.

8. The equipment leased pursuant to the Lease constitutes personal property and when subject to use by Lessee will not be or become fixtures under applicable law.

9. The leasing of the equipment pursuant to the Lease is exempt from all sales, use and documentary stamp taxes against either Lessor or Lessee during the term of the Lease, and such equipment will be exempt from all state and local personal property or other ad valorem taxes.

This opinion of counsel may be relied upon by TCF Equipment Finance, a division of TCF National Bank and its successors and assigns.

Very truly yours,

CONDITIONS

1. ACCEPTANCE AND REJECTION: The City of Conway reserves the right to reject any or all bids, to accept bids in whole or in part (unless otherwise indicated by bidder), to waive any informalities in bids received, to accept bids on materials or equipment with variations from specifications where efficiency of operation will not be impaired, and to award bids to best serve the interest of the City of Conway.

2. PRICES: Unless otherwise stated in the Bid Invitation, the following will apply: (1) unit prices shall be bid, (2) prices should be stated in units of quantity specified (feet, each, lbs., etc.), (3) prices must be F.O.B. destination specified in bid, (4) prices must be firm and not subject to escalation, (5) bid must be firm for acceptance for 30 days from bid opening date. In case of error in extension, unit prices shall govern. Discounts from bid price will not be considered in making awards.

3. BID BONDS AND PERFORMANCE BONDS: If required, a Bid Bond in the form of a cashier's check, certified check, or surety bond issued by a surety company, in an amount stated in the Bid Invitation, must accompany bid. Personal and company checks are not acceptable as Bid Bonds. Failure to submit a Bid Bond as required will cause a bid to be rejected. The Bid Bond will be forfeited as liquidated damages if the successful bidder fails to provide a required Performance Bond within the period stipulated by CITY OF CONWAY or fails to honor their bid. Cashier's checks and certified checks submitted as Bid Bonds will be returned to unsuccessful bidders; surety bonds will be retained. The successful bidder will be required to furnish a Performance Bond in an amount stated in the Bid Invitation and in the form of a cashier's check, certified check, or surety bond issued by a surety company, unless otherwise stated in the Bid Invitation, as a guarantee of delivery of goods/services in accordance with the specifications and within the time established in the Bid. Personal and company checks are not acceptable as Performance Bonds. In some cases, a cashier's check or certified check submitted, as a Bid Bond will be held as the Performance Bond of the successful bidder. Cashier's checks or certified checks submitted as Performance Bonds will be refunded shortly after payment has been made to the successful bidder for completion of all terms of the bid; surety bonds will be retained. Surety bonds must be issued by a surety company authorized to do business in Arkansas, and must be signed by a Resident Local Agent licensed by the Arkansas State Insurance Commissioner to represent that surety company. Resident Agent's Power-of-Attorney must accompany the surety bond. Certain bids involving labor will require Performance Bonds in the form of surety bonds only (no checks of any kind allowed). In such cases, the company issuing the surety bond must comply with all stipulations herein and must be named in the U.S. Treasury listing of companies holding Certificates of Authority as acceptable sureties on Federal Bonds and as acceptable reinsuring companies. Any excess between the face amount of the bond and the underwriting limitation of the bonding company shall be protected by reinsurance provided by an acceptable reinsurance company.

4. TAXES: The CITY OF CONWAY is not exempt from Arkansas Sales and Use Taxes, or local option city/City of Conway sales taxes, when applicable, and bidders are responsible to the State Revenue Department for such taxes. These taxes should not be included in bid prices, but where required by law, will be paid by the CITY OF CONWAY as an addition thereto, and should be added to the billing to the CITY OF CONWAY. The CITY OF CONWAY is exempt from Federal Excise Taxes on all commodities except motor fuels; and excise taxes should not be included in bid prices except for motor fuels. Where applicable, tax exemption certificates will be furnished by the CITY OF CONWAY.

5. "ALL OR NONE" BIDS: Bidders who wish to bid "All or None" on two or more items shall so stipulate on the face of bid sheet; otherwise, bid may be awarded on an individual item basis.

6. SPECIFICATIONS: Complete specifications should be attached for any substitution or alternate offered, or where amplification is necessary. Bidder's name must be placed on all attachments to the bid.

7. EXCEPTIONS TO SPECIFICATIONS: Any exceptions to the bid specifications must be stated in the bid. Any exceptions to manufacturer's published literature must be stated in the bid, or it will be assumed that bidder is bidding exactly as stated in the literature.

8. BRAND NAME REFERENCES: All brand name references in bid specifications refer to that commodity or its equivalent, unless otherwise stated in Bid Invitation. Bidder should state brand or trade name of item being bid, if such name exists.

9. FREIGHT: All freight charges should be included in bid price. Any change in common carrier rates authorized by the Interstate Commerce Commission will be adjusted if such change occurs after the bid opening date. Receipted common carrier bills that reflect ICC authorized rate changes must be furnished.

10. SAMPLES AND LITERATURE: Samples or technical literature must be provided within 14 days of CITY OF CONWAY request unless CITY OF CONWAY extends time. Failure to provide samples or literature within this period may cause bid to be rejected. When required, samples of items must be furnished free of charge, prior to or after the opening of bids, and, if not destroyed, will be returned upon request at the bidder's expense. Each individual sample must be labeled with bidder's name and item number. Request for return of samples must be made within 10 days following submission of sample. Samples from successful bidders will be retained for comparison with items actually furnished.

11. GUARANTY: Unless otherwise indicated in Bid Invitation, it is understood and agreed that any item offered or shipped on this bid shall be new, manufactured, latest model and design, and in first class condition; and that all containers shall be new, suitable for storage or shipment and in compliance with all applicable laws relating to construction, packaging, labeling and registration.

12. BACKDORDERS OR DELAY IN DELIVERY: Backorders or failure to deliver within the time required may constitute default. Vendor must give written notice to the CITY OF CONWAY, as soon as possible, of the reason for any delay and the expected delivery date. The CITY OF CONWAY has the right to extend delivery if reasons appear valid. If reason or delivery date is not acceptable, vendor is in default.

13. DEFAULT: All commodities furnished will be subject to inspection and acceptance by CITY OF CONWAY after delivery. Default in promised delivery or failure to meet specifications authorizes the CITY OF CONWAY to cancel award or any portion of same, to reasonably purchase commodities or services elsewhere and to charge full increase, if any, in cost and handling to defaulting vendor. Applicable bonds may be forfeited.

14. ETHICS: "It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a State contract upon an agreement of understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business." From: Bryan Patrick

To: Mayor and City Council

Mr. William Atkins has visited with the Planning Office concerning the operation of a temporary “inflatable” water park at the northwest corner of Dave Ward Drive and Country Club Road (just south of New Life Church). The property is zoned O-1 General Office. The land use for a water park is allowed by right. The zoning ordinance classifies this business as a “Commercial Recreational Facility” which is allowed in O-1. There is no issue with the basic land use. The zoning ordinance further classifies a temporary water park in the same category as a “carnival or similar temporary commercial enterprise”. A “temporary commercial enterprise” will require the City Council’s permit approval.

Suggested points to consider:
- Permit is limited to William Atkins, Arkansas Inflatable Waterpark, LLC and is approved for a period of ?
- A drawing or sketch of the temporary water park layout. The drawing should show the number and location of the inflatables, the parking area, toilets, ingress/egress, etc.
- Hours of operation (these will need to correspond with church services and their peak mes)
- Number of operational days
- Number of employees
- Proof of insurance
- Number of required parking spaces and locations
- Parking surface - gravel or grass?
- Toilet service - number of toilets necessary?
- Access from Country Club and possible access from the north/south church driveway across Paladino property. (This would depend on access agreement between Paladinos and New Life Church) Dave Ward Drive access should be prohibited.
- Food? Will food and drink vending be provided? (If so, a prepared food license will be required from the City Clerk)

If Council approves the permit, a building permit will be required to inspect power hookups and other general safety requirements.

Re: General Contractor Services for the Completion of the Conway Event Center

Dear Mayor:

The city recently advertised for Request for Qualifications for General Contractor Services for the completion of the Conway Event Center.

We sent out seven (7) packets to contractors who had requested information on the project. We received four (4) showing interest in the Event Center.

The pre-selection and selection committee which consisted of Jack Bell, Derek Cox, Aaron Knight, and myself reviewed the submittals and picked three (3) to interview.

Interviews were conducted on May 10th 2016 at Rik Sowell’s office with Joanna Nabholz assisting with the interview process on behalf of the architect firm. The construction companies chosen to be interviewed were Salter Construction, Corco Construction and Nabholz Construction.

We were very fortunate to have these outstanding construction companies interested in the Event Center and all have completed successful projects with the city in the last few years.

After visiting with each of the companies of interest it is the consensus of the committee that Salter Construction be awarded the contract for the completion of the Event Center.

Salter Construction was the construction company that built the existing Expo, Pavilion and shell of the Event Center. Their knowledge of the existing structure and history of the construction process will be very beneficial to the completion of the Event Center.

We request that the council award the General Contractor Services to Salter Construction.

Sincerely,

Steve Ibbotson
