This route will connect with Tucker Creek Trail and will run through Shady Valley, Smoking Oaks, across Salem Rd. through Gatlin Park and over to Hendrix College. Mr. Hall recommended removing the decorative fence at $70.00 per foot) from the bid and find a more inexpensive pedestrian barrier. Alderman Jones motioned to hold this in committee. Alderwoman Smith seconded the motion. There was no discussion. The motion passed 7-0.

7. Consideration of right of way acquisitions along Old Military Road – McNutt Road at Donnell Ridge.

Ronnie Hall, City Engineer, explained in an effort to arrive at an equitable value for the Harland Development Co. property we requested that Ronald Bragg of Little Rock to prepare and review the appraisals for these properties. Mr. Hall stated Mr. Bragg gave equal value to our two appraisals on parcel #1 (north side ridge 2.673 acres) and leaned more toward Affiliated appraisals for parcel #2 (south side ridge 3.068 acres). Mr. Hall explained how the appraisals amounts were determined and stated Mr. Hart has agreed to a price of $35,000.00 per acre for parcel #1 and $40,000.00 for parcel #2 and feels this is the best we can do without condemnation. Old Business

1. Discussion regarding the structure located at 912 Front Street.

Lynn Hicks, Asst. Director Planning & Development, again explained the city has taken action to condemn the building which does give the Dryer’s 30 days to step back in and repair the building, or demolish the building. Mr. Hicks stated the Dryer’s were granted a 2 week extension to select a demolition contractor; prior to this the city had advertised for bids, based upon the structural engineers wall bracing plan; we received 3 bids ranging from $43,000.00 - $108,000.00. Mr. Hicks explained upon receiving these bids he forwarded them onto the Dryers who in turn contacted contractors and also Mr. Paullus. The Dryers asked Mr. Paullus if there was a more economical means of bracing the wall in order for the building to be demolished immediately. Mr. Hicks stated it’s his
understanding that Mr. Paullus had designed wall bracing for an intermediate period of time to allow for demolition or repair, but there is an alternative means if one wishes to pursue demolition immediately. Mr. Hicks explained that Mr. Paullus asked if it would be okay for him to work with the Dryers; Mr. Hicks told the Dryers that would be up to council and the Mayor. Mr. Hicks stated he believes that the Dryers have requested additional time in an effort to come up with an alternative bracing method at a lesser expense. After some discussion Mayor Townsell suggested giving the Dryers more time and re-visit this issue at the next council meeting (Sept. 2, 2011). Alderwoman Smith motioned to give the Dryers more time and re-visit the issue at the next council meeting. Alderman Jones seconded the motion. There was no further discussion. The motion passed 7-0.
