Residential Guide to Yard Waste

The Department of Sanitation provides weekly curbside collection of yard waste to city of Conway residents. Yard waste is collected on your designated trash pick up day. If residents have excess yard waste, they may bring it to the landfill with a Conway Corp. bill and matching ID.

Guidelines for Yard Waste in Conway:

- No more than ten, 30-gallon biodegradable brown paper bags (32-gallon max) for leaves, twigs and/or grass.
- Do not place yard waste in your green trash or blue recycle cart. Yard waste is banned from landfills.
- No plastic bags of any kind will be accepted.
- Filled bags/containers must not exceed 50 lbs.
- Brush piles may be stacked up to (a maximum of) 10'L x 10'W x 3'H.
- No animal waste of any kind will be accepted.

Contracted Work Not Accepted

Brush & limbs generated as a result of work performed by professional tree trimmers/cutters will not be collected at the curb. Conway ordinance (O-77-12) requires that all professional tree trimming/cutting businesses haul away any yard waste they generate.

DEPARTMENT OF SANITATION
CITY OF CONWAY, ARKANSAS

FACT:

The EPA estimates that 75% of the American waste stream is recyclable, but we only recycle about 30% of it.
