WHEREAS, it is desirable that the City of Conway enter into an Agreement to Issue Bonds for such purpose;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF Conway, ARKANSAS, that:

1. The Mayor and the City Clerk of the City of Conway, Arkansas, be authorized to enter into an Agreement to Issue Bonds in substantially the form and substance as follows:

AGREEMENT TO ISSUE BONDS

THIS AGREEMENT is made as of August 15, 1989, by and between the City of Conway, Arkansas, a municipal corporation under the laws of the State of Arkansas (the "City"), and Archem Incorporated, an Arkansas corporation ("Archem"), for the purpose of carrying out the purposes set forth in Act No. 9 of the First Extraordinary Session of the General Assembly of the State of Arkansas for the year 1960, as amended (the "Act").

W I T N E S S E T H:

WHEREAS, the City is authorized by the Act to own, acquire, construct, equip, operate, maintain, sell, lease, or contract concerning or otherwise deal in or dispose of any land, buildings, or facilities of any and every nature whatsoever that can be used in securing or developing industry within or near the City; and

WHEREAS, the City has determined that such purposes may be served by cooperation with Archem for the acquisition, construction and equipping of an expansion to Archem's industrial facility within the City for use in the manufacture, production, processing, distribution and sale of chemicals or other industrial and commercial purposes of Archem as may be profitable to it (the "Project"); and

WHEREAS, the City and Archem desire to cooperate in the acquisition, construction and equipping of the Project and to have the costs of acquiring, constructing, and equipping the Project financed from the proceeds of revenue bonds of the City (the "Bonds") to be issued pursuant to the Act in an aggregate principal amount now estimated not to exceed \$500,000 (excluding any bonds issued to refund the Bonds); and

WHEREAS, the City and Archem contemplate that the Project will be leased to Archem, with an option to purchase, and the rental payments therefor together with other moneys available shall be sufficient to pay debt service on the Bonds and all related costs;

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration under the mutual benefits, covenants, and agreements herein expressed, the City and Archem agree as follows:

1. Proceedings. All proceedings in connection with the issuance of the Bonds shall be consistent with the requirements of the Act, including notice to all state agencies, and the publication of notice as required by the Act. All references contained herein to the issuance of the Bonds shall be subject to compliance with the formalities of the Act when the facts required to do so are determined.

2. Acquisition. The City and Archem will cooperate in causing to be commenced and continued the required acquisition, construction and equipping of the Project, and Archem may provide, or cause to be provided, the necessary interim financing to permit such acquisition, construction and equipping of the Project to commence pending the issuance of interim and/or permanent bonds. Not later than the time of issuance of the Bonds for any portion of the Project, Archem will convey and transfer or cause to be conveyed and transferred to the City, for an amount approximately equal to that then expended by Archem for the Project or portions thereof which are financed by the Bonds then issued (including at Archem's option any costs of interim financing), the Project or portions thereof to be then financed. There shall also be conveyed to the City any easements and rights-of-way necessary to permit operation of the Project or such portion.

3. Lease. The City shall enter into a lease, or leases, under which Archem will lease, with an option to purchase, from the City, such Project or portions thereof and will agree to make rental payments sufficient to pay the principal of and premium, if any, and interest on the Bonds, together with all charges of any Trustee and/or any Paying Agent for the Bonds.

4. Sale of Bonds, Security. The City will take such steps as are necessary to issue, sell, and deliver, pursuant to the terms of the Act, the Bonds for the purposes of financing the costs of the Project, in each case only upon receipt of the written designation by Archem of the purchaser(s) or underwriter(s) thereof, such Bonds to be in such principal amount, to mature in such amount and times, to bear interest at such rate or rates, to be payable on such dates, and to have such optional and mandatory redemption features and prices as are determined by the City and approved in writing by Archem. The City further agrees that it will enter into the lease and, if required, an indenture of trust with a bank or trust company, qualified to exercise trust powers where necessary, for the purpose of providing rental payments sufficient, with other amounts available from Archem or directly or indirectly from the proceeds of the Bonds, to pay the principal of and premium, if any, and interest on the Bonds as they become due together with the charges of any Trustee and/or any Paying Agent for the Bonds, and pledging and/or otherwise securing the payment of such rental payments for the benefit of the holder(s) of the Bonds. The lease, the indenture, other related documents, and the Bonds shall contain such terms and conditions as are agreed upon by the City and Archem. The City will cooperate in consummating the transaction so contemplated and in attempting to realize the desire of the parties hereto that the interest on all Bonds be exempt from Federal income taxation.

5. Bonds to be Special Obligations. The City shall have no financial responsibility with respect to the Project, the Bonds, or the costs associated with either, and the Bonds shall be special obligations of the City and shall never constitute a general obligation, indebtedness, or pledge of the credit of the City within the meaning of any constitutional or statutory provision and shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any other revenues or other funds of the City except those (including unexpended Bond proceeds) derived from or in connection with the sale or lease of the Project as provided for herein.

6. Conditions of Issuance. The Bonds may be issued either at one time or in several series and/or issues from time to time, in such aggregate principal amount or amounts as Archem shall request in writing; provided, however, that all conditions of the Act shall have been met.

7. Costs to be Financed. The costs of the Project may include any costs permissible under the Act, including but not limited to reasonable and necessary costs, expenses, and fees incurred by the City in connection with the issuance of the Bonds or in connection with the Project, such as out-of-pocket expenses incurred by any employee of the City; fees and out-of-pocket expenses of Rose Law Firm, a Professional Association, bond counsel, and any trustee; fees and expenses in connection with the underwriting or placement of the Bonds; recording costs; rating agency's fees, if any, and printing costs. The City will upon request provide or cause to be provided any data or information which may be reasonably required to verify any of the costs, expenses, and fees enumerated above.

8. Termination. In the event that the Bonds shall not be sold within three years from the date hereof, this Agreement shall automatically terminate unless the parties hereto shall agree in writing to its extension for a further period of time specified in such writing. Archem may unilaterally terminate this Agreement without liability to the City (except for any amounts due and owing by Archem to the City arising out of the transactions occurring on or before the time of such termination, which shall be promptly paid by Archem to the City) by giving notice by ordinary mail, postage prepaid, to the City specifying therein the date of termination which may be the date of the notice.

9. Protection to the City. Archem shall pay all of the City's costs and expenses reasonably and necessarily incurred in connection with this Agreement or any other related document or instrument. Archem will at all times indemnify and hold harmless the City against any and all losses, costs, damages, expenses, and liabilities of whatsoever nature directly or indirectly resulting from, arising out of, or related to matters in connection with this Agreement.

2. This Resolution shall be in full force and effect from and after its adoption.

ADOPTED this 15<sup>th</sup> day of August, 1989.
