## **ADDENDUM #5**

### **RFP Project 25 Phase 2 Trunked Radio System**

**Notice Date: July 21<sup>th</sup>, 2015 @ 4:00pm**

**City of Conway IT Department**

#### **A. Purpose**

The purpose of Addendum No. 5 is to clarify and provide an alternative to VPI Digital Voice Recorder.

#### **B. Section 2.6.4.4.9 Voice Logging Recorder**

The vendor shall provide a Digital Voice Recorder (DVR) solution from VPI or NICE to support mission critical communications within the City of Conway Emergency Operations Center (CEOC). The proposed DVR shall provide enhanced, recording capabilities for the city's 911, and administrative telephones line, and public safety radio systems. The proposed DVR shall be capable of recording all radio and telephone communications in and out of the city's CEOC. The proposed system shall comply with all the latest applicable P25 standards adopted as TIA and/or ANSI documents at the time of the proposal submission.
